Reynolds To Retire From Senate After Present Term Ends

Senator Robert R. Reynolds announced Monday that he would not seek re-election to the United States senate in 1944, but emphasized that he was not quitting public life.

This leaves the field open. Former Governor Clyde Hoye and Marvin Ritch, of Charlotte, have announced that they will seek the Democratic nomination and it is possible that Cam Morrison, who is not seeking re-election as a Representative, may run. Reynolds defeated Morrison in 1932 by a large majority.

Reynolds has been one of the outstanding isolationists in Congress and he is chairman of the military affairs committee.

Fewer Items Of Farm Machinery To Be Rationed In 1944, Wilson Says

A new farm machinery distribution program which provides for actual rationing of considerably fewer items than in 1943 and sets up a much more flexible system for distributing the greater amounts of machinery to be available in 1944 has been announced by the War Food Administration, according to T. J. Wilson, chairman of the County USDA War board.

Reflecting the prospects for increased machinery production in 1944, the new program provides for distribution control over only 46 types of farm machinery, of which only 31 actually are on the list of rationed items, Mr. Wilson said. Tight production and distribution factors made it necessary to

Will Pick Up Paper On Every Street In Town. Details Are Given

A Waste Paper campaign will be conducted in Brevard this Sunday afternoon from 2 until 6 o'clock and every person in the town is urged to co-operate.

The city-wide collection drive is being sponsored by the Brevard Junior Chamber of Commerce.

Members of this organization will go over every street in town in trucks and pick up waste paper from every home that will co-operate.

The public is asked to co-operate by:

Collecting up all old newspapers, magazines and boxes in their homes, folding them out flat, tying them up in 12-inch bundles and placing them on the front porch or out on the side of the street.

The Jaycees have secured the service station building located here on the corner of West Main and England street and the waste paper will be stored there. Later it will be hauled to distribution centers.

This drive is being sponsored at the urgent request of the War Production Board and the county salvage committee.

"The waste paper shortage is one of the most serious that is confronting the government today in the way of salvage material," James B. Vogler and Howard Wyatt point out.

"On account of reduction in the wood pulp industry and the shortage of labor, many mills have been compelled to step up their use of waste paper. A few mills have had to close down because of lack of sufficient waste paper."

"The Jaycees are glad to render this patriotic service and we will appreciate the co-operation of every person in Brevard in making this campaign a success," Curtis Kelley, president of the Jaycees stated.

Complete plans for the drive were made at a meeting here Tuesday night.

THREE KILLED IN A WRECK SUNDAY NIGHT IN COUNTY

One Of Worst Highway Tragedies In Years. Burials Held On Tuesday

Funeral services were held Tuesday for the two McCall children and Mrs. Nelson Carines who were killed instantly last Sunday night in one of the worst highway tragedies the county has ever experienced.

Services for Jeraline and D. R. McCall, young son and daughter of Mr. and Mrs. Dallas McCall, of the Little River section, were held at Shoals Creek Baptist church Tuesday morning by Rev. J. B. Kilpatrick and last rites for Mrs. Carines, age 35, were conducted Tuesday afternoon at the Boylston Baptist church by Rev. Carl Blythe and Rev. Walter McClure.

Three other persons were injured in the accident, but they are improving satisfactorily and another one escaped injury.

Technical charges of manslaughter will be lodged against Dallas McCall and J. C. Burgess and a hearing will be held here Saturday morning, Patrolman H. M. Morrow stated.

The accident occurred about 7 o'clock Sunday night about 10 miles from Brevard in the Boylston section when the Ford coupe in which 7 persons were riding struck a truck, belonging to J. C. Burgess, that was parked on the side of the highway, officers reported. The car belonged to Dallas McCall and he was driving.

Patrolman Morrow and Sheriff Hayes said that their investigation disclosed that the McCall car struck the flat bed of the truck and that a plank was torn loose by the impact and went through the windshield of the coupe, striking Mrs. Carines in the throat and head. The coupe turned over and the McCall children were killed instantly.

SPECIAL TO THE TIMES. AN ADVANCED NORTH AFRICAN AIR BASE—Limping along in a badly shot up Flying Fortress 20 miles behind the group which would have given it protection, Sgt. Gerald E. Tate was forced to abandon his tail guns, which had been shot out. Rushing to one of the waist guns, he waited until the attacking enemy fighter had approached within 600 yards, at which time he opened fire and had the thrill of seeing the plane turn over on its back and crash into the sea in flames.

Sgt. Tate has just completed 50 combat missions in this theatre. His first enemy raid was made over the Kasserine Pass during the Tunisian campaign on Feb. 23, the day he received his aerial gunner's —Turn To Page Six

Schools Have Done Good Job. Prize Winners To Be Announced Soon

When all reports from block leaders, schools and home demonstration clubs are turned in, the Transylvania county United War Fund drive will be over the top, Jerry Jerome and C. M. Douglas estimated yesterday afternoon.

"Reports that we have on hand now show that we have nearly reached our goal of \$10,800, and by the time the other reports are received we are confident we'll pass the quota," they declared.

In conversation yesterday over the telephone with Chairman J. S. Sliversteen, who is still in the Post Graduate hospital in New York City, Mr. Sliversteen said he was delighted to hear the good news.

The co-chairmen of the drive said the schools have done a good job and that announcement of the prize winners will be made next week.

The following schools have reported: Brevard high school, \$111.11; Brevard elementary, \$397.50; Little River, \$35.55; Rosman high, \$75.96; Rosman elementary, \$89.03; Pisgah Forest, \$150.23; Balsam Grove, \$2.60. —Turn To Page Seven

GOAL FOR COUNTY IS 1,500 CORDS BY DECEMBER 11

Slogan For Campaign Is "Cord For Every Boy In Service" From County

DETAILS ARE GIVEN

Cut-a-Cord of Pulpwood for Every Local Boy in Service.

This is the slogan and goal of a new national drive announced this week by Walter M. Dear, chairman of the Newspaper Pulpwood Committee, as a climax to the Victory Pulpwood Campaign which this newspaper has been supporting.

The new drive begins on Armistice Day, today, and runs until December 11, when Newspaper Pulpwood Committee hopes to see the threatened 2,500,000-cord pulpwood shortage for 1943 averted.

This county has approximately 1500 boys in the Army, Navy, Marines, or Coast Guard. That means our goal of extra cords of pulpwood to be cut between November 11 and December 11 is 1500 cords.

More than 1200 local pulpwood committees organized as a part of the newspaper Victory Pulpwood Campaign are expected to enlist in the new drive, which will cover pulpwood producing areas in 47 states of the Northeast, South, Appalachian and Lake states.

"The Victory Pulpwood Campaign has aroused the country to the realization that pulpwood is a necessary and vital raw material for war. Without its varied manu-

Rat Killing Drive In County And In Town Ended Wed.

A successful town and county rat killing campaign was concluded here yesterday afternoon.

In the town, bait was placed either inside or around every home and business establishment and in the county 300 farmers participated. C. M. Douglas had charge in Brevard and J. A. Glazener in the county. The campaign was sponsored by the farm agent's office and the chamber of commerce here.

A report from the Glenn Cannon farm stated that 300 rats had been killed there. On one farm in the Penrose community, 75 rats were reported dead.

In Brevard it is estimated that thousands of rats are either dead or have gone out into the open fields seeking air and will die.
