Singer Walks Again

STRICKEN with infantile paralysis two years ago, Marjorie Lawrence, Metropolitan Opera star, takes her first step unaided at Miami Beach. While incapacitated, she sang difficult operatic roles from a wheelchair. (International)

GLANCING BACK AT BREVARD

Taken from the files of The Sylvan Valley News, beginning 1895.

(From the file of Nov. 1906)

Miss Norma Glazener and Ed Brooks gave a birthday party at Miss Glazener's home Saturday night. All report a nice time.

Doc West was a welcome visitor here Wednesday. From all indications, we believe some of our girls will be going "West" soon.

C. B. Glazener returned last week from Knoxville, where he purchased an immense stock of goods.

A. M. White, bookkeeper for the Toxaway Tanning company, was appointed to act as boss a few days last week in Lonnie Batson's absence.

Edmund Woodbridge, who has been connected with the tropical fruit shipping business in Central America for several years, is visiting his mother and friends in Brevard.

L. G. Siniard has returned from the hospital where he went some weeks ago for the third surgical operation. He says that he is free from pain and is in the enjoyment of his usual good health.

A. L. Hardin, our efficient county surveyor, has finally disconnected himself and family from his old home near Brevard and has become a citizen of Brevard. He has bought the land formerly owned by P. B. English.

T. B. Cray has bought the lot on Main street recently owned by Dunn's Rock Masonic lodge, and proposes to build thereon a double front building at once. He plans a rock basement under one of the

stores, and expects to begin excavating as soon as it quits snowing.

There is to be a pie social at the Rosman Presbyterian church tomorrow night. The girls are to furnish the pies and the boys pay for them. The price is to be one-fourth cent per pound for the weight of the girl who furnishes them. It is also expected that Miss Emma Sample will be present and help make the occasion enjoyable. The proceeds will be used for buying a stove and building a flue for the school room.

Miss Arra Lankford has accepted a position in Hendersonville and will leave soon for that city.

The sidewalk from the News office to Main street will be changed during the muddy season—around by the depot in order to get a passable way.

With a coal famine almost in sight and a shortage in the wood supply, the snow storm Wednesday scared our people worse than the election returns of last week. Two tons of coal ordered last July for September shipment hasn't showed up yet. The miners says it's on account of a shortage in cars. Next year we will order in the spring.

The street roller which Mr. Bromfield ordered for rolling his macadam road to the depot has arrived. It weighs 8,000 pounds and there is little doubt that the street will be "packed" after its work is done.

When your doctor asks where you prefer to have your prescription filled, say: VARNER'S, because: Filled only by registered pharmacist, as written and at reasonable prices. (Advt.) ttc

What's What And Who's Who

1. What penalty begins Feb. 1 for property owners? 2. How many firms or individuals sponsored the full-page advertisement featuring the 4th War Loan drive? 3. Why is Rev. Ralph Freeman coming to Brevard this Sunday? 4. Of what organization was Mrs. R. W. Everett elected president? 5. What size jars did Cash & Carry advertise of Duke's Mayonnaise? 6. Why did Mrs. Chris Fisher spend the most of the day cooking supper? 7. Why did S. F. Allison go to Tampa, Fla? 8. What sale for the remainder of this month did Plummer's, Belk's and Schulman's advertise—something that's ordinarily rationed but an OPA release for this period? 9. What corporation sponsored the full-page Infantile Pa-

alysis drive advertisement? 10. What has happened to the old U. D. C. library and what is it now called?

A Winter Shortcake

There's no need for passing up that all-time family favorite, the shortcake, just because the strawberry season is not yet on. There are in every market plenty of apples and cranberries, which combine to make a delectable shortcake, one as colorful and as good to eat as any of your summertime varieties. Here's how to make the apple and cranberry sauce for the shortcake: Boil together for 3 minutes one-half cup sugar and one-half cup water. Add 1 cup diced apples and cook about 5 minutes, then add 1 cup washed cranberries and a stick of cinnamon and cook until the cranberries pop, about 5 minutes. Serve this sauce with double-decker biscuit type shortcake, made light, flaky and tender according to your customary recipe. The shortcake may be topped with the sauce and whipped cream, or with a hard sauce of the brown sugar variety.

Today Is Yesterday

Do you know what is meant by Date Line that you see on your war map or map of the world? If not, you'll find that it is an arbitrary line drawn on a map from north to south, starting at the North Pole and traveling to the South Pole, with two deviations, one of which is around the Aleutian Islands to give them the same day as the United States. As the date changes on crossing this line, it may be said to divide today from tomorrow and yesterday. Amusing consequences sometimes result, as a radio message from the Philippines, for instance, arrives in America a day before it is sent, according to the calendar.

Paulette Finds A Way

Mrs. W. G. Pipkin: "Paulette, it doesn't do any good to tell you anything, you don't pay any attention to it anyway. It just goes in one ear and out the other." Paulette: (Seven years old) "Well, grandmother, I'll put my hand over one ear."

Lespedeza Tests Give Varied Data

Preliminary studies indicate that Kobe and Korean lespedeza yield approximately the same amount of forage under the same grazing conditions, reports Dr. R. L. Lovvorn, in charge of forage crop investigations at the State College Experiment Station.

Tests revealed that when planted together, the total yield was approximately the same as either alone, but Kobe contributed only one-third of the combined yields. Common and Tennessee 76 made much less growth.

The yield of a mixture of Kobe with either common or Tennessee 76 was intermediate between the two. On the other hand, where Korean and common were seeded together, the result was decidedly different. The combined yield was equal to the yield from a pure stand of Korean, but was made up of 90 percent Korean and 10 percent common.

"These results would raise some question as to the advisability of seeding common or Tennessee 76 with either Korean or Kobe," Lovvorn says.

He suggests that growers purchase their supplies of lespedeza seed for planting this season as early as possible because there are shortages in certain areas and seed are hard to get.

Humility enforces where neither virtue, nor strength, nor reason can prevail.—Quoties.

PENALTY On 1943 TAXES BEGINS

FEBRUARY 1, 1944

Save money by coming in at once and settling for your last year's taxes. The law requires the addition of a penalty on all taxes not collected prior to February 1st—both real and personal.

T. E. REID

Tax Collector, Transylvania County
And Town Of Brevard.

Let's BUST 'EM Wide Open

IT'S IN THE AIR. You can feel it, every time the Axis is struck. This is the climax year, the year of decision.

In history, 1944 will be the big year of the war—every stroke for victory counts more now. That's why it's vitally important for every American to beat his post, doing his part right now.

You, personally, have an important job in winning the war—buying War Bonds. It's not glamorous—no, not even a sacrifice, really, because you are only lending your money, to be returned with

interest. But it is essential to complete victory.

Your part in this year of decision is at least one extra \$100 Bond, above your regular Bond buying. That is your minimum individual quota. But don't stop there. Remember wars are won only by all-out effort. So buy \$200, \$300, \$500 worth—buy more than you can afford. And buy your Bonds where you work—at the plant or at the office.

Your country is counting on you—let's make the year of decision OUR year!

This sticker in your window means you have bought 4th War Loan securities.
