

Town And Farm In Wartime

Rationing Dates

GASOLINE—In 17 East Coast states A-8 coupons are good through February 8, and A-9 coupons become good February 9 and remain good through May 8. In states outside the East Coast area A-10 coupons are good through March 21.

Tire inspection—For A coupon holders, deadline is March 31. For B and C coupon holders, deadline is February 28.

Sugar—Stamp No. 30 in Book Four is good for five pounds through March 31. Stamp No. 40 in Book Four is good for five pounds of canning sugar through February 28, 1945.

SHOES—Stamp No. 18 in Book One is good for one pair Stamp No. 1 on the airplane sheet in Book Three is good for one pair.

FUEL OIL—Period 2 coupons are good through February 7 in all areas except the South. Period 3 coupons, now valid in the Middle West, East, Far West and South remain good through March 13 in the Middle West, East and Far West, and through February 21 in the South. Periods 4 and 5 coupons, now valid in the South, remain good through September 30.

MEATS, FATS—Brown stamp V and W good through February 26.

PROCESSED FOODS—Green

If You Suffer 'PERIODIC' FEMALE PAIN

With Its Weak, Cranky, Nervous Feelings
If at such times you, like so many women and girls suffer from cramps, headaches, backache, nervous tired feelings, are a bit blue—due to functional monthly disturbances—Start at once—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous not only to help relieve monthly pain but also accompanying tired, weak, nervous feelings of this nature. This is because of its soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance against such symptoms. Follow label directions.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

stamps G, H and J in Book 4 are good through February 20. Green stamps K, and M are good through March 20.
INCOME TAX—Deadline for filing returns, March 15. Earlier filing is desirable.

TO DETERMINE TAX YOU OWE

As soon as wage earners get their wage tax receipts from employers they should make out their annual income and victory tax returns to determine how much if any tax they must pay by March 15, the deadline for filing, the Treasury department announces. Some wage earners will owe a substantial amount, many will owe a small figure, and others will get refunds.

SETS MAXIMUM VEGETABLE PRICES

To prevent sharp increases in fresh vegetable prices, the Office of Price Administration has announced maximum prices for carrots, spinach, peas, snap beans, eggplant, peppers and cucumbers. The action effective at the country shipper level, January 31, will become effective 15 days later at wholesale markets. Exact retail prices in each community will be announced by the regional and district OPA offices.

CANNING SUGAR NOW AVAILABLE

Housewives may now get five pounds of canning sugar by using stamp No. 40 in War Ration Book Four. OPA has announced, and additional canning sugar later will be available on application to local boards. Stamp No. 40 will be good 13 months, through February 28, 1945.

FARM SUPPORT PRICE PROGRAM

Average prices to egg producers ranging from a low of about 40 cents a dozen in late fall or early winter are planned by the War Food administration in its price support program for carlot graded eggs for 1944. WFA announced its proposal for support prices on other farm products, subject to congressional action.

MAY TIGHTEN FARM DEFERMENTS

North Carolina Milk Producers—Look to the Future

PRODUCE GRADE A—Increase Your Incomes

| GRADE A Producer | Daily Output | Selling Price (per gal.) | Daily Income | Yearly Income |
|----------------------------------|--------------|--------------------------|--------------|---------------------------|
| → 10 Gal. | 34c | \$3.40 | \$1,241 | |
| UNGRADED Producer | → 10 Gal. | 24c | \$2.40 | \$876 |
| Extra Income from GRADE A \$1.00 | | | | \$365 Extra Yearly Income |

"Make North Carolina a Leading Dairy State"

Grade "A" milk sells for 10 cents a gallon more than ungraded milk. If a farmer's production is 10 gallons a day, this gives him an extra income of \$1 a day, or \$365 a year. "The need is for 2,800 North Carolina farmers to change over from ungraded to grade "A" milk production," says John A. Arey, Extension dairy specialist at State College. He suggests that before a farmer makes the change over, he take the matter up with the processing plant to which he has been delivering his milk.

their agricultural activity, the 1,700,000 registrants engaged in agriculture may be asked to increase sharply their production goals, according to Commander Patrick H. Winston, assistant executive, Selective Service system. Approximately one million of these men are non-fathers.

TO RELOCATE PHYSICIANS, DENTISTS

Any municipality, county, or other local subdivision of government suffering from an acute shortage of physicians or dentists may now apply to the Surgeon General or the district health officer of the U. S. Public Health service or through the state health officer requesting the relocation of a physician or dentist. The Public Health service agrees to pay moving costs and to pay the relocated doctor \$250 a month for the first three months. The doctor agrees to practice in the community for not less than one year, and the community agrees to contribute one-fourth of the government's cost to the Public Health service.

HELP FOR TRUCK OWNERS

Owners of farm trucks and

other truck operators are requested by the Office of Defense Transportation to cooperate in a reporting system which the ODT has established to help truck and bus operators with their tire-procurement problems. Any operator eligible for tires but unable to obtain a tire certificate from his local rationing board because of exhausted quotas or other reasons, is asked to report that fact to his ODT district office, stating the reason given by the board for the denial of the certificate. This information will enable the ODT to determine the kind of action to be taken, if assistance is warranted.

RATION-FREE RUBBER FOOTWEAR

OPA will permit some ration-free sales of rubber footwear by retailers and jobbers who have excess and slow-moving stocks that might otherwise be wasted through deterioration. Retailers and jobbers desiring permission for such sales must apply in writing to OPA district offices. A minimum of 15 days will be required between filing of application and granting of "non-rationed" stickers, which identify the released footwear.

ROUND-UP

U. S. civilians will get 63 per cent of the vitamin A allocation in 1944, WFA says, as the army gets most of its vitamins through a balanced diet. . . . Burn any packing material that comes with gifts from soldiers abroad to avoid insect pests and plant diseases, advises the Department of Agriculture. The department also advises that started chicks, three or four weeks old, have a better chance of survival for the poultry beginner than newly hatched chicks have. . . . With the largest winter cabbage crop in history, WFA has asked the kraut industry to make 80,000 more tons of kraut. . . . Total U. S. war casualties as announced up to January 25 were 142,289—including 32,662 dead, 47,123 wounded, 32,699 missing and 29,805 prisoners of war. . . . In general, ration cost of meats is higher and of canned vegetables lower during February. . . . WFA has ordered packers to set aside at least 80 per cent of all canner and cutter beef for the U. S. armed forces. . . . Prices of fresh tongue range from four to five cents less per pound under recent OPA regulation than under the previous regulation. . . . Farmers and other bulk users of gasoline may replace losses from their storage facilities resulting from fire, theft, accident or other extraordinary circumstances, under a new OPA procedure. . . . WFA will soon release approximately 4,000 cases or 120,000 pounds of dry pea or soya soup powder from government reserves to civilian consumers. . . . The Farm Freezer Industry Advisory committee has recommended to WPB that 25,000 farm freezers, combining cold storage and freezing elements, be made and distributed in 1944.

The Army Quartermaster Corps reports that it has been able to purchase less than 20 per cent of its requirements in poultry during the past year. Certain set-aside orders were issued at the beginning of the year to provide for military hospitals and other war services.

When your doctor asks where you prefer to have your prescription filled, say: VARNER'S, because: Filled only by registered pharmacist, as written and at reasonable prices. (Advt.) tfc

NEW PHYSICAL EDUCATION SCHEDULE

The physical education program has been somewhat changed during the past week. The tenth and eleventh grade girls have been combined and report to Mrs. Lawrence.

A new study hall has also been added during the last period with Miss Dillard in charge. This study hall is for students who are behind in their classwork and those who do not participate in recreational activities.

The eighth grade students have three classroom health lessons, the ninth grade students have two lessons and the junior and senior boys drill four times a week. Chapel in the auditorium is held on Thursday.

CHAPEL PROGRAM GIVEN BY JUNIOR BOYS

By June Lee
Mrs. Lawrence's junior boys presented an interesting program last Thursday at the regular assembly period.

A short play, "Joy Boys' Minstrel," was given by Harold Owen, Burlin McCall and Paul McCall. Cecil Owen discussed "A Food and Feed Program." Harold Bryson gave an interesting talk on Victory gardening.

Following the program, Mr. Tilson discussed the importance of purchasing war bonds. The remainder of the period was spent in singing.

PARTY FOR FORMER R. H. S. STUDENTS

By Mae Rigdon
A party was given at the home of Madrie Galloway Thursday night, Jan. 27, in honor of Charles Lee Moore, of the U. S. navy, Bainbridge Md. and Allen Whitmire, of the army air corps in Indiana, both former students of Rosman high school. Games were played and refresh-

ments of chicken salad sandwiches, potato chips, cookies and lemonade were served. Approximately 35 students and invited guests attended.

SENSE AND NONSENSE

By Jean Hall

It's "murder" they say, and oh woe is poor me when those "revenge seeking" so-and so's of R. H. S. get their dander up at the perfectly harmless (???) little items I innocently (?) printed about them. Oh, well, what's a broken neck, anyway, so here goes—and just listen!

News of the moment!!! The fleet's in or anyway Charles Lee, that dashing ex-senior sailor. Eyes to the right, girls, what are you waiting for? Oh, oh, I see. Helen G. has "No Trespassing" signs on him for the duration—at that!

Oh, these parties, they furnish the juiciest gossip to write (confidentially, here's where my neck gets broken.) Everyone has that "morning after the night before" look. Sounds mighty suspicious, doesn't it? Bob L. and Ruth G. looked mighty happy the next morning . . . even if a bit sleepy.

Wanted: A ton of dynamite by that tall (period) dark (???) handsome boy am I spreading it on thick(?) redhead to blow to bits a driver in an old A model. Does "my public" catch on to this item.

"Oh, what a beautiful night" (if it wasn't foggy) was Doris P.'s motto at the party Thursday night. Could her escort have had anything to do with it?

"Bing Sinatra" (T. R. Chastain) has Miss Dillard walking around in a trance since he started crooning hit songs in English IV. She does the strangest things—such as sending him to detention hall for his "handiwork" and dishing out home work.

That guy Shakespeare wasn't just kidding when he said the course of true love never runs smooth, eh, Madrie? Even if the "wolf pack" does think otherwise. The navy technique always comes through with flying colors.

Oh, what an exciting week for the seniors (girls, I mean). Those ex-seniors in the navy and air corps strolling around, distracting our attention (?) from our books, should be an alibi for all those

E's. Anyone who could concentrate with that excitement going on has a million dollar willpower. Would you believe me if I told you about the new romance? None other than Wayne H. and June Lee.

Here's where I make my exit because that murderous looking gang is stalking up!

THERE'S SAFETY IN GOOD REPAIR . . .

Heels so straight, you won't risk turning your ankle; tips so solid stubbing your toe's less painful; soles so firm you won't skid or be easily hurt stepping on rough surfaces. That's the kind of shoe insurance good repair can give! Be sure of it here.
