Only One-Fourth Of War Bond Quota Is Reached

URGENT APPEAL IS ISSUED BY BOND CHAIRMAN

Rally Held Last Night At Lake Toxaway. Another Rally On Friday.

FIGURES ARE RELEASED

After having gotten off to a good start, the fifth war loan drive in Transylvania county has slowed down and to date only \$122,799 worth of bonds have been sold, Chairman Ed McMahan announced yesterday.

The county's quota is \$406,000 and the campaign is scheduled to end on Saturday, July 8, he pointed out.

"We still have a long way to go and only a short time in which to do it," McMahan declared. "All workers are urgently requested to complete their contacts as soon as possible and every individual must buy extra bonds if we are to go over the top as we have always done."

Chairman McMahan said that E bond sales now total around \$65,000, which is less than half of the county's assigned goal.

To check up and make plans for the last week of the campaign, a meeting of all workers will be held here in the courthouse tonight at 8:30 o'clock.

A rally was held last night at Lake Toxaway and it is estimated that over \$20,000 were sold at that time. Another rally will be held at Little River school Friday night with Lewis Hamlin and Mrs. Alex Kizer as speakers.

At Balsam Grove last Saturday night \$6,650 in bonds were sold and \$12,000 worth at the Enon rally, McMahan reported. A large crowd attended the bond premier here at the Clemson theatre Tuesday night.

Sales from the issuing agencies were reported yesterday as follows: Brevard Federal Savings

District Health Officer Issues Formal Statement Clearing Up Rumors

There are no cases of infantile paralysis in Brevard or in any of the other resort towns in Western North Carolina, according to a statement issued today by Dr. C. N. Sisk, district health officer.

"Contrary to reports that have been carried by several papers in the south, there are no polio cases within a hundred miles of Brevard, which is a mecca for boy and girl summer camps," Dr. Sisk stated.

It is true that other sections of North Carolina are now experiencing epidemics of infantile paralysis, but not Brevard and this section, he said.

Directors of the eight summer camps in Transylvania county have notified parents living in the areas affected by polio not to send their children to camp this season, and other efforts are being made to prevent the spread of this dreaded disease into this resort region.

Mrs. Clyde McDonald has recovered from an illness at her home the past week.

Mr. Parris, who will manage the store, will have associated with him his brother, Donald J. Parris, who is now in business in Canton. The former has been connected with the Ecusta Paper corporation for the past 18 months.

The building is now being made ready for the new firm. Richard W. Parris announces that while many kinds of hardware due to war restrictions are hard to get, they will endeavor from the outset to stock paints, stoves, farming implements, both large and small, precision tools, kitchen utensils, plumbing fittings and other items.

Mr. Parris said that he and his brother had decided to enter business here only after mature consideration, and that both are convinced that the future of Brevard is exceedingly bright.

Swimming Pool Here Very Popular Place

The Brevard municipal swimming pool, which opened recently, is one of the most popular spots in the county.

The pool is open every morning from 10 until 12 and from 1 to 6 in the afternoon.

Miss Mamie Lyday, who teaches at Pisgah Forest, is manager of the pool and the guards are Jimmy Newbury and John Michael.

The water is changed frequently in the pool and given regular treatment.

Appeal Made For More Scrap Paper

The generosity of the Ecusta Paper corporation has made it possible for Boy Scout officials in Brevard to make an appeal in this issue for citizens to place their waste paper in front porches Sunday afternoons so that it may be picked up by a truck. Collections in recent weeks have been far below expectations, they say, although the need for waste paper continues acute. The appeal has been made for all citizens to cooperate consistently with the Scouts to the end that every available scrap of paper will be gathered up and made ready to be picked up weekly.
