DRAFT PLANS FOR DEVELOPMENT

Commerce Directors Adopt Enlarged Budget

EXPECT PLEDGES TO REACH \$6,000, CANVASS STILL ON

Committee Is Appointed To Select Full-Time Director For Body

MEMBERS LISTED

A proposed and expanded budget, calling for an expenditure of nearly \$6,000, was adopted by directors of the Brevard chamber of commerce at a call meeting on Tuesday in the Busy Bee cafe.

Canvassers reported that Brevard and Transylvania business and professional men, industrialists and other interested citizens have pledged more than \$5,000 and a number of pledges are yet to come in.

Following the adoption of the budget, a committee consisting of the president and vice president of the chamber of commerce, John Anderson and Curtis Kelley, and the president and vice president of the merchants association, Everett Mitchell and Crawford Freeman, and John Smith, the immediate past president of the commerce body, was named to investigate applicants for the position of full-time director of the two groups and to make a recommendation to the board next Tuesday night. The state chamber of commerce has already secured a number of prospects for the position.

It was pointed out that a well qualified full-time director can be of great value in the welfare and development of the town and county.

The list of members who have already made pledges to the organization now numbers more than 135, and before the full-time director is employed to begin work on April 3, it is hoped that the membership will exceed 150. Persons interested in becoming a member should contact the secretary.

PISGAH BOWLERS ARE NOW ON TOP

The Pisgah Motor court bowlers knocked the Standard Supply team out of first place Tuesday night by taking three straight games from the league leaders on the Biltmore Plaza alleys.

The Pisgah bowlers have a remarkable string of victories in recent months, winning 19 out of the last 21 matches. For the past few weeks, Pisgah has been tied for second place by the Dr. Pepper bowlers, who lost one game Tuesday night to the Ecusta keggers. Dr. Pepper and Standard Supply are in second position, and Pisgah is on top by a margin of one game.

Bruce Reynolds, with a high set of 633, was the big man in the Pisgah victory, and Bill Bridges was next in line with a high total of 609. Other individual scores were: Tom Conley 561, Chris Rog...

AAA Pasture Program To End April 15, Farmers Get Purchase Orders At Office

The Transylvania County AAA committee has set April 15 as the closing date for the AAA pasture program. After that time the county office will not issue any more purchase orders for spring pasture seedings, Mrs. Julia Westwood, the secretary, reports.

Already 400 farmers of Transylvania have indicated that they will participate in the 1950 agricultural program, according to T. J. Wilson, chairman of the agricultural conservation committee here. The participating farmers have received prior approval of practices totaling \$10,000. This includes commercial practices as well as conservation materials received on purchase orders, he says.

To date 160 farmers have ordered 1,411 tons of ground limestone, and 172 farmers have received purchase orders for 170 tons of 20 per cent superphosphate. Also, 125 farmers have received permanent pasture grasses to seed approximately 450 acres, it is reported.

Mr. Wilson urges farmers who have received prior approval of...

LOCAL RED CROSS GRAY LADIES IN RECREATION AID

Now Participating In Program At Moore General, Oteen Hospitals

Plans are being perfected this week for the Gray Ladies of the Transylvania Red Cross chapter to be represented in the recreation work at Moore General and Oteen hospitals, according to Mrs. William J. Wallis, volunteer services chairman.

A group of the ladies will begin training at the hospital next week under the auspices of the Red Cross now in operation at the veterans hospitals.

Regular dates for aiding in recreation and entertainment at the hospital will be maintained by the local Gray Ladies immediately following the training. Tentative plans call for visiting the hospital on Monday afternoons by the group who will participate in the work.

In addition to the donation of gifts and supplies on a schedule basis to the two hospitals by the local Red Cross chapter through the women's service, the ladies serve as nurse's aids and canteen helpers for the local blood bank. Another service which is being given through the ladies' division is home nursing classes and service.

WORK OF DONALD MOORE PUBLISHED

"In Lazy Spring" Appears In Current Issue Of Etude Magazine

"In Lazy Spring," a selection for piano by Brevard's well-known composer, Donald Lee Moore, appears in the March issue of the Etude, music magazine.

The composition was copyrighted in 1949 by Theodore Presser Co., which publishes many of Mr. Moore's selections, and the British copyright has also been secured.

In the composition, "In Lazy Spring," the composer has used ninth and thirteenth chords to give this dreamy harbinger of spring an atmosphere of lassitude. The work should be played "rubato" to suit the temperament of the performer, according to the magazine.

This is not the first selection of Mr. Moore's to be published in Etude magazine. He has had a number to appear during the last 10 or 12 years.

Officers Capture Two "Moonshine" Stills In County

Two "moonshine" stills were captured by members of the sheriff's department during the past week, it was learned yesterday.

Last Saturday a 75-gallon copper outfit was nabbed on Josh Mountain in the Middle Fork section and some 250 gallons of moonshine were poured out.

With members of his department, Sheriff Bert Freeman led a still in operation on Josh Mountain, two miles above Reynolds, on Tuesday, but when the officers reached the scene in the hilly terrain, its operators had fled. The 35-gallon sheet iron still was destroyed along with 150 gallons of moonshine.
