Oldest Of Three Has Arrived. Second Is En Route. Details Given

By STAFF WRITER

It's a long way from Karponise, Greece, to Brevard, but by mid-summer three residents of that ancient country will have made the journey and will be making their home here in beautiful Western North Carolina.

All three are half-brothers of Pete Bikas, genial owner of Gal-lowsay's cafe in Brevard.

Recently, the oldest of the group joined Mr. Bikas and is now associated with him in his restaurant business. He is Aristomenis, or Emanuel Bikas. Prior to sailing to these United States in May, Emanuel was a clerk in a hardware store in Karponise, Greece, after serving for many years in the Grecian army.

Later this month another brother, Dioneesios, or Dennis, Bikas, will arrive here. At the present time he is en route to New York. His home is in Athens, Greece, where he was a street car conductor.

A third brother will leave Athens, Greece, the end of July with his wife and baby, bound for Brevard and a new life here in America.

Pete is bringing his three half-brothers to Brevard under the Displaced Persons program, which permits 10,000 Grecians to come to America in 1950-51. Under this program the DP's must have a home and a job in the United States before they are permitted to leave Greece. Expenses amount to about \$250 each, plus incidentals, and they are not permitted to bring any money or possessions out of the country.

INTEREST NOW MOUNTING IN PROPOSED ROAD

Tennessee Officials To Meet Route, Right-Of-Ways Are Garnered

TELEGRAMS SENT

Local interest in the construction of the Pigeon River highway has been intensified this week with the announcement of two forward steps in securing its construction.

The proposed route of this highway to Newport, Tenn., from Waynesville, to Cove Creek, Mount Sterling and Colby, would connect with highway 276 which runs through the Pisgah National Forest into Brevard and down to Greenville, S. C.

Haywood county citizens, who have been exerting considerable pressure on highway officials, announced this week that right-of-way agreements have been secured for 19 of the 20 mile route, and all donated to the state of North Carolina. The right-of-way for the remaining mile will be signed within the next few days.

Dr. Henry W. Jordan, chairman of the State Highway and Public Works commission, said Tuesday that Tennessee highway officials had agreed to cooperate in this road construction by meeting the Pigeon River highway at the Tennessee line.

Brevard chamber of commerce directors have passed a resolution endorsing this proposed route because of the added tourist and other traffic which would be routed through Brevard. It is also pointed out that this would be a more direct line of travel on the North-South and would also by-pass congested areas.
