HEROISM MEDAL IS AWARDED TO GIBBS IN KOREA

Action Of Penrose Man Prevented Loss Of Life, Citation Reads

WITH THE THIRD INF. DIV. IN KOREA—Master Sergeant Hugh L. Gibbs, of Penrose, has been awarded the Soldier's Medal for heroism.

Sergeant Gibbs, the husband of Mrs. Florence Gibbs, of route 1, Penrose, serves with battery "B" of the 10th Field Artillery Battalion, 3d division.

The medal, awarded for heroism not involving actual conflict with an enemy, was presented to the Transylvania county serviceman when his outstanding heroism prevented possible loss of life and equipment.

The citation states that traffic on the main supply route southeast of Seoul, Korea, became badly jammed when an ammunition trailer caught fire May 28, 1951. Although most of the occupants of the vehicles in the convoy immediately sought cover, Sergeant Gibbs quickly grabbed a shovel and ran forward.

He courageously removed a round of ammunition which was smoldering in its fiber container. He placed it in a ditch near the side of the road and covered it with dirt. Sergeant Gibbs then returned to his position.

WPNF Program Highlights

Brevard vs. Sand Hill Game This Saturday Night Will Be Broadcast

Realizing that many Transylvanians will be unable to attend the football game between Brevard and Sand Hill on Saturday night in Asheville, WPNF will carry a play-by-play description of the game, beginning with the opening kick-off at 8 o'clock.

Last Friday night the local station, which is Mutual for Western North Carolina, aired the opening game of the season, and numerous favorable comments have been heard this week.

Because of this game, several changes in Saturday night's program log are noted. The Ecusta Jamboree, which is heard each Saturday night from 9 to 10 o'clock, will be divided this week only, into two thirty-minute programs. The first portion will be heard beginning at 7:20, and the second thirty minutes will immediately follow the game. Uninterrupted music for dancing will be heard after the final portion of the jamboree.
