### Brevard Receives Money For Use On Streets

#### REMITTANCE IS MADE UNDER THE POWELL STATUTE

\$11,000 To Be Expended, Starting In The Immediate Future

##### CLUB BID REJECTED

The town of Brevard has received a check for \$10,684.43 to be spent on city streets under the Powell bill and work with this special fund is expected to be started in the immediate future.

Under the Powell bill, the 11.01 miles of city streets not on the state system for maintenance will be improved with the allotment of \$10,684.43.

Funds for the Powell bill disbursement came from a one-half cent per gallon cut of the state's gasoline tax. Money was divided on the basis of population and non-highway mileage within a municipality. Checks were mailed to 388 towns and cities in North Carolina and ranged in size from \$251 for Harrelsville to \$235,235 for Charlotte.

Brevard has expected to receive in excess of \$5,000, and town officials expressed pleasure over receiving a check for \$10,684.43.

##### Other Town News

The Brevard country club was sold at public auction on Monday. The only bid was for \$15,000 and it was made by Frank Carr. At a meeting of the board of aldermen on Tuesday, this bid was rejected and there is some speculation that the club might now be leased to a golf pro.

Bill Erwin has been named to succeed C. F. Misenheimer, resigned, as street superintendent, and has already assumed his duties, N. A. Miller, clerk, reports.

#### ELECTRIC POWER SHUT-OFF SUNDAY

##### Service In Brevard And Upper Transylvania To Be Interrupted

There will be a shut-down of electric service in Brevard and vicinity Sunday afternoon, September 23rd, from 1 to 6 o'clock, J. M. Gaines, the local manager, announces.

The shut-down is for the purpose of effecting a distribution voltage change, however, the delivery voltages received in homes and factories will not be changed.

This shut-down does not apply to Ecusta Paper corporation, nor to the Enon, Little River, Penrose, Crab Creek, or Etowah sections of Transylvania and Henderson counties. It does apply to Rosman and the REA lines west and south of Rosman, as well as to the town of Brevard.

If possible the time of shut-down will be shortened and service may be resumed on some lines earlier than 6 o'clock, Mr. Gaines says. If the weather does not permit working outdoors Sunday afternoon the changeover will be postponed until Sunday afternoon September 30th.

The management of the Co-Ed and Clemson theaters reminds the patrons that there will be no afternoon shows if the power is off, but in case the work is postponed, regular shows will be shown.

#### New Operating Organizations For Both Branches Of Ecusta Paper Corporation Announced

##### Cellophane Director

N. H. COLLISSON, who has been an official at Ecusta Paper corporation, since March, 1950, has assumed the position as director of the new cellophane plant. During World War II he made an outstanding record in governmental work, and in 1948 was appointed by the president as chief of the ECA mission to Germany.

##### Collisson Heads Cellophane Division, Lawrence Dixon Paper Branch

The formation of a new operating organization for the two new divisions of the Ecusta Paper corporation, a subsidiary of Olin Industries, Inc., is announced this week, along with the appointment of executive personnel. The announcement was made jointly by John M. Olin, president of Olin, and John Wesley Hanes, vice president of Olin and president of Ecusta, who will administer the new divisions.

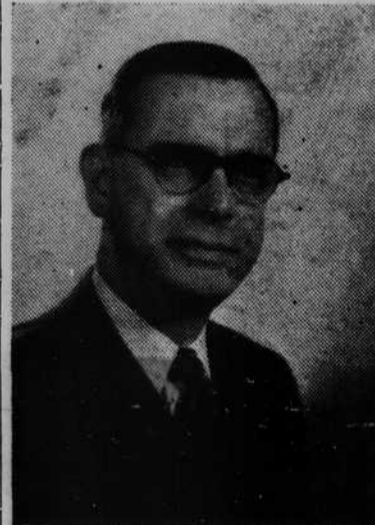

Norman H. Collisson, Ecusta vice president, was appointed general manager of the Olin Cellophane Division.

Prior to coming to Ecusta in March, 1950, Mr. Collisson served as chief of ECA mission to Germany, which was in charge of dismantling German war plants. During World War II he served as an officer in the U. S. navy, and in 1946 was named coal mines administrator of all bituminous mines in the United States.

Lawrence F. Dixon, executive of Ecusta and its affiliates for many years, was appointed general manager of the Ecusta Paper Division.

Mr. Dixon became associated with the late Harry H. Straus, —Turn To Page Seven

##### Gets Promotion

LAWRENCE F. DIXON, who first became associated with the late Harry H. Straus in development of flax in 1935, has been named general manager of the paper division of Ecusta Paper corporation.

##### TO ATTEND CONVENTION

A large number of delegates—clergy and layman—from the Transylvania district, will attend the 14th annual convention of the Western North Carolina Methodist church which opens Sept. 25 in the West Market Street Methodist church in Greensboro.

The annual Brevard college luncheon at the conference will be held next Wednesday, Sept. 26, at 1:00 o'clock.

#### VFW OFFICIAL TO VISIT BREVARD THURSDAY NOON

##### Luncheon Will Be Held In Coffee Shop. Plan Tour Of WNC

Otis N. Brown, state executive director of Veterans of Foreign Wars in North Carolina, will pay his official visit to Brevard Thursday at 1:00 o'clock, when a luncheon will be held in the Coffee Shop.

This week end, Mr. Brown will visit posts in the 17th district and he will be accompanied by R. J. Alderman, commander of the local Lewis Earl Jackson post and also 17th District commander.

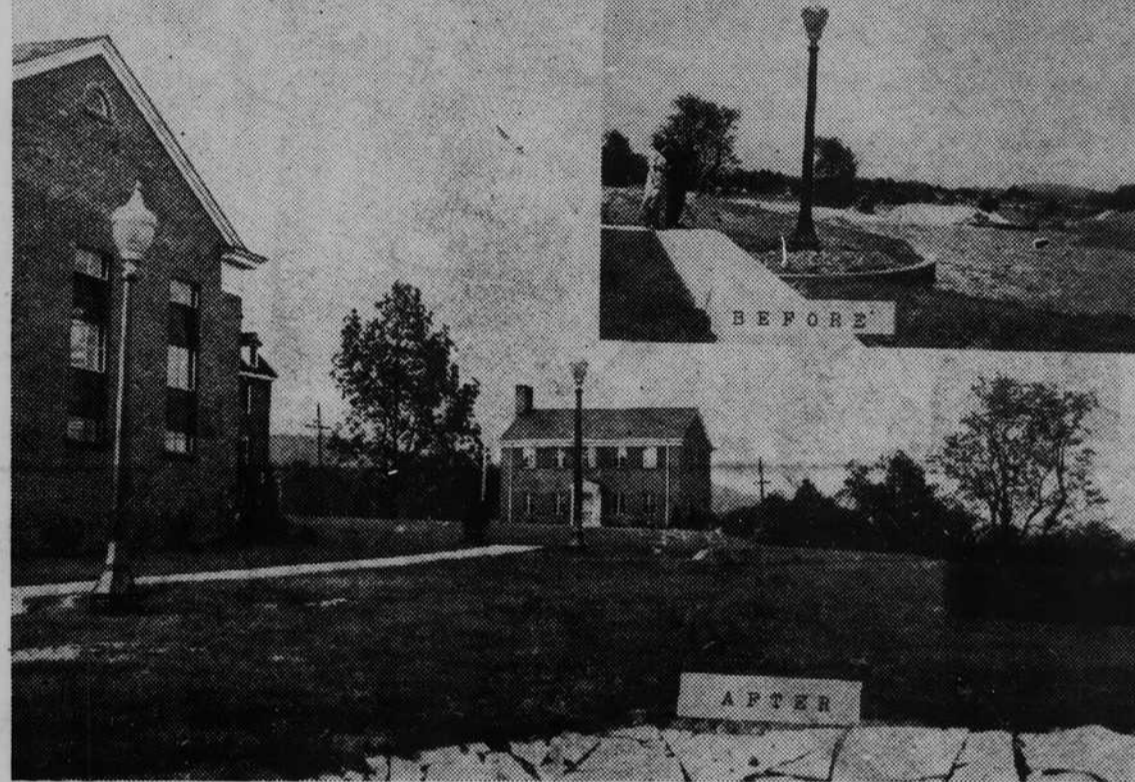

"We hope to stimulate activity in the smaller organization and to stress the purpose and importance of VFW work in the district, state and nation," Alderman declared.

Thursday night the two VFW officials will go to Macon County Memorial Post No. 7339, Franklin where they will be greeted by Commander Woodrow W. Reeves. Brown will be guest speaker at a special meeting beginning at 8.

Friday the schedule calls for a joint meeting of the Canton and Waynesville posts at Canton, the home of State Commander F. Cole Cogburn at 8 p. m.

Climaxing the tour will be a visit to the largest post in the state, Hedrick-Rhodes No. 5206, at Hendersonville Saturday night.

#### Before-After Photos Show Brevard College Campus Improvements

Improvements in the appearance of the Brevard college campus are vividly shown in the photographs above. In the uppermost photo the dismantled GI barracks presented an unsightly scene. While in the photograph directly below the terracing work and the newly constructed tennis courts enhance the campus along French Broad avenue. Last spring President Ehlhardt and Mrs. J. H. Pickelsimer were photographed while terracing work was underway between the library and the infirmary. Mrs. Pickelsimer also provided for a lily pool at the lower end of the campus. The 1951-'52 term opened at Brevard college Wednesday, with enrollment slightly lower than anticipated. (Times Staff Photos)

#### COST OF NEEDED WING IS \$200,000, SEEKING GRANT

Local Share To Be 36.2 Per Cent. Devton Named To Board

##### RAMSEY CHAIRMAN

Due to the acute need for more private rooms at the Transylvania Community hospital, the board of trustees Tuesday night adopted a resolution, requesting the North Carolina Medical Care commission to make a grant to aid in the construction of a \$200,000 addition, which would contain some 15 to 20 private rooms.

When the present building was erected, it was so designed that a wing could be added when needed.

Last Friday H. E. Hamilton, hospital administrator, and Bruce K. Jones, architect of the commission, were here in Brevard and conferred with the hospital board regarding local needs. They were of the opinion that there is a need for the proposed addition, and estimated the cost at \$200,000.

They explained that the commission had received a grant of \$370,000 from the federal government and that there was a chance of the Transylvania Community hospital sharing in it.

Of the \$200,000 needed for the local hospital addition, the officials of the commission said that it would be necessary to raise locally 36.2 per cent or \$72,400, and that the commission would give the balance of \$127,600. It was their suggestion that the local board make application at once.

It is understood that the commission will meet this Friday night and some action on the Transylvania application is expected. Should the commission look with favor on —Turn to Page Twelve
