

Separated Twins A Year Old

Cleveland's Siamese twins—identified only as Nancy and Ellen—pose for the cameramen on their first birthday. It marks the first time in medical history that both Siamese twins survived a year after their operation. The children's mother, who asked that the family's identity be kept secret, said that the twins are normal in every way. The twins, weighing each about 18 pounds, have a brother, Barry, 3. The father of the trio is a music teacher. (International Soundphoto)

Transylvania's Enlarged Hospital Is Modernly Furnished, Equipped

By STAFF WRITER
Words are inadequate to describe the modern fixtures and furniture in the new Harry H. Straus wing of the Transylvania Community hospital, and citizens of the county are urged to tour the expanded institution following the dedication

Serves In Korea

SGT. JAMES C. HOLCOMBE, 20, son of the Rev. and Mrs. Claude Holcombe, of Rosman, Route 1, has been serving with the armed forces in Korea since July last year. Prior to that time he spent a year in Korea. Sgt. Holcombe was trained at Fort Jackson, S. C., and has been in service since May, 1951.

program on Sunday and see for themselves a hospital that compares very favorably with the best in the country.

As a person enters the new waiting room, he is greeted with pleasant surroundings, modernly designed for comfort and ease, and the adjacent reception room and offices are quite a transition from the old ones.

Just down the hall other vast improvements were made in the expansion of the nursery, which now contains 16 new bassinets and an incubator. The hospital staff is most pleased with the obstetrical department, which is now completely separated from the operating suite. Both are completely equipped.

The rooms and the wards are furnished for every convenience and comfort of the patients, and a cheerful atmosphere prevails in the design of every room.

There are furnishings and fixtures in the hospital which are unseen, however they play a most important part in the operation of the institution.

For instance, the boiler room may go unobserved, however, it is equipped with two 30-horsepower, oil-fed boilers, hot water storage tanks and other necessary equipment of the modern-day type.

In case of a power failure, there will be an emergency gasoline powered unit that works automatically and gives service to the operating rooms and certain corridor lights.

Furnishings and fixtures of other parts of the new wing can be found in stories and pictures throughout this issue of The

WITH THE SICK
At The
Transylvania
Community Hospital

The following were patients at Transylvania Community hospital at noon on Wednesday, as reported by the staff:

- Mrs. Jennie Siniard, Brevard.
- Mrs. Hattie Morris, Brevard.

- Miss Betty Gardner, Brevard.
- Mrs. S. M. Macfie, Brevard.
- Mrs. Charles J. Roberts, Brevard, and son born January 20.
- William L. Steppe, Pisgah Forest.
- Mrs. Rube Smith, Brevard.
- Haydn McCall, Brevard.

BLOODMOBILE AT

(Continued From Page One)

follows.
On donation of one pint of blood, the donor will receive a card good for one year covering the blood needs of husband or wife, dependent children and dependent parents, without obligation to replace the blood.

All dire emergencies will be met without any obligation to the patient.

Blood will be provided by the regional center in certain hardship cases.

Would-be donors rejected for medical reasons will receive a card as if their contribution had been accepted.

Employe groups and clubs where 35 per cent of the members give blood over a period of one year will have coverage for all members on a contract basis.

A Gallon Club donor has a lifetime card of protection for himself and his immediate family, including all present Gallon Club members.

A repeat donor may dedicate his second card to someone else.

A patient entering a hospital who does not have a card, in other than critical emergencies, will be asked to get a donor for each pint needed prior to the scheduled operation on a basis of one-for-one replacement in advance. The persons replacing the blood for the patient will receive credit cards and full family protection for one year.

Times.
"Come out and see for yourself what a modernly furnished hospital we now have," John W. Bailey, the administrator, states.

NEW N. C. AUTO LAW NOW IN EFFECT!

The new automobile responsibility law, under which every operator of a motor vehicle may be called upon to pay damages growing out of a wreck in which he was involved, went into effect on January 1st.

The simplest way to meet the requirements of this law is to have adequate and acceptable automobile liability insurance, which this agency is prepared to write on the divided payment plan.

Investigate today! It will be too late after you have had a wreck which might jeopardize your right to drive, your property and your savings.
