GUILD PLAYING

washer, an ice shaver and more recently three large rolling clothes hampers. At the present time the hospital guild is working on mattress covers for the bassinets in the new nursery and plan to buy Venetian blinds for the staff dining room.

With the addition of the new Harry H. Straus wing the guild members have received added inspiration for their work. Beginning in February they will start meeting monthly instead of quarterly. Anyone interested in joining this work is invited to the meetings each second Friday at 3 p. m. in the hospital dining room.

In a radio appeal made last week by Mrs. Finck, men's organizations were invited to assist with any type of work they could contribute to the hospital. Painting and electrical work which would cut down on the hospital budget were mentioned as suggestions for volunteer labor.

Colored Aid

The guild also sponsors a colored group which does needed chores at the hospital each Sunday morning between 8 and 10 a. m. With the addition of added beds for colored people in the new wing, there is much to be done in this project. In addition to Mrs. Finck officers of the hospital guild are, Mrs. J. B. Jones, vice president; Mrs. Harry Kolman, secretary; Mrs. Robert Levy, treasurer; and the following committee chairmen: Mrs. Leete, sewing; Mrs. Jones, finance; Mrs. C. L. Newland, supply; Mrs. A. M. Ream, wards; Mrs. Alex Patterson, membership; Mrs. O. H. Orr, publicity; Mrs. L. D. Martin, grounds; and Mrs. F. S. Best, hospitality.

RELOCATION OF

to the same time. The latter would depend upon a low bid on the first. It was explained that funds to relocate Highway 64 would not be charged to Transylvania or Henderson county, but would come out of a special allotment, which the commissioner already has. He also said that work would be delayed if the right-of-way costs were high and if there was considerable opposition to it.

Serving on the committee with Chairman Hamlin are John A. Ford, Ralph H. Ramsey, J. C. Gaither and John Anderson.

for Sunday morning, are held in the auditorium of Dunham hall at Brevard college.
President Stamey issues a cordial invitation to townspeople to attend the services, and the topics for the remainder of the week are as follows:
Thursday, 10:00 — "Early Christians Who Coined a Word."
Thursday, 7:00 — "In Exchange for Small Talk."
Friday, 10:00 — "Is Christian Witness Necessary Now."
Friday, 7:00 — "The Christ Who is Calling Today."
Sunday, 11:00 — "The Fate of the Future."
President Stamey, while repeating the invitation for townspeople to attend the various services, said that the college was extremely fortunate in having Mr. Corriher to conduct religious emphasis week.

POSSIBLE ERROR

At a cabinet meeting during his presidency, Coolidge once mildly criticized an opinion advanced by one of his secretaries. "Mr. President," stormed the statesman, "do you think me a fool?"
"We-e-ll, no," drawled Cal, but added hastily, "Of course, I could be wrong!"

ARTHROITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

You Can Have Better Wages and Working Conditions IF YOU GO AFTER THEM!
HERE'S HOW:
Every worker knows that a good home and a good living for his family depend upon good pay and a steady job. When you are not getting enough pay, your entire family suffers. If you do not have a steady job, your family is often denied health and happiness.
Every worker knows these things are true, but so far not every worker has learned how to do something about it.
As a worker, you have only one thing to sell — your labor. You are entitled to get the best price for it that you can. There is only one way to get a decent price for your work—get together with your fellow workers and sell your labor together. ORGANIZE! That is cooperation. ORGANIZATION means a better life for you and your family!
Try alone to get better wages and you have to take what is given you. This is because you—one worker—cannot bargain; you can only ask. If you don't like what you get, you are plainly told, "take it or leave it." You have to have a job, so you have to take it.
It is foolish to try to buck the tide alone. It is wise to band together with your fellow workers. It is modern Americanism to form a union that will give you and your entire group a voice in your working conditions.
Your problems and needs are about the same as the fellow working next to you. The union gives you the chance to get together with him, to talk over your problems, and find the best way to deal with them. In your union, you can bargain with your employer for better pay, for getting work loads adjusted, for receiving equal pay for equal work done, with an even break for all. The United Paperworkers can also help you do something about safety and health on your job, about seniority and promotions, and many other problems which you and the others face.
The United Paperworkers know your problems and how to handle them. The United Paperworkers of America, CIO, is the union of thousands of workers in the paper industry. From over 200 plants in the paper industry your fellow Paperworkers say "come on in" to the paper and cellophane workers of Olin-Ecusta.
Join the Union by and for Paperworkers!
