What's a HILL to POWER like this?

You've climbed hills before, we know:

You've come to many a long rise in the road ahead and tramped down on the gas pedal to make the grade.

But did you ever head a ROADMASTER up a hill—a 1954 ROADMASTER?

You seem to sail when you touch off the great V8 power that gives life to this finest of Buicks.

You move ahead and up that long steep

pull in a silken, smooth sweep of almost effortless ease—and the thrill your spirits get from such magnificent ability is a precious thing.

And you realize, of course, that a wealth of advanced high-compression V8 power—(the highest horsepower in all Buick history, in fact)—is the heart of this stirring performance.

But you also realize soon enough that your tremendous satisfaction at the wheel of a ROADMASTER comes from more than great power alone.

It comes from the instant response and absolute smoothness of Twin-Turbine Dynaflo.

It comes from the velvety luxury of your all-coil-spring ride. It comes from the

superb ease of Safety Power Steering. It comes from the comforting feel of ample roadweight—brought to feather-light handling precision by a new geometry in front-end engineering.

And very definitely, it comes from the eye-catching beauty in which you travel—the look-of-tomorrow styling that graces ROADMASTER today—and with the spectacular new panoramic windshield that is fast becoming the mark of true automobile modernity.

We'll be delighted to seat you at the wheel of a new ROADMASTER—so that you can drive it, try it, feel it.

It costs you nothing to do so—and it can open your eyes to the finest buy in fine cars today. Drop in, or call us this week:

CAN YOU SEE • STEER • STOP SAFELY? CHECK YOUR CAR—CHECK ACCIDENTS

BUICK SALES ARE SOARING!

Latest figures for the first quarter of 1954 show Buick now outselling every other car in America except two of the so-called "low-price three." Better look into Buick if you want the beauty and the buy of the year.

ROADMASTER Custom Built by BUICK

Twin-Turbine Dynaflo and Safety Power Steering are standard equipment at no extra cost on every 1954 Buick ROADMASTER. Illustrated is the stunning Riviera "hardtop" model.
