Public Session Slated With Speech On United Fund And Financing

The Pisgah Girl Scout council is having an open meeting for the discussion of finance this Friday morning, 10:30, in the city council room of the Asheville City Hall.

The public is invited to attend the session.

Edward F. Deacon, a member of the executive committee of the Carolina United Red Feather Service, will speak on financing in an Area Girl Scout council.

Over Sixty Percent Of Students Ride In Buses

More than half of the students of Transylvania county, or 2,260 ride to and from school in buses, according to records from the county superintendent's office. The percentage of bus students is 63.8 of the entire enrollment of 3,540.

During the past eight and one-half months no days were lost due to weather and road conditions and not a single major injury occurred. "It has been established definitely that riding a school bus in this county is safer than walking along the highway," Supt. J. B. Jones points out. Drivers are about half adults and half students, and the records for safety in this county are equally as good.

Mr. Jones states that on a statewide basis, however, student drivers have a somewhat better record than adults. Since the monthly wage scale is only \$57.50 it is not

easy to secure competent drivers, he states.

Three new school buses were added this year with a capacity of 60 each, bringing the total to 31.

Young GOP's Will Meet Here Tonight

The Transylvania Young Republican club will have a regular meeting in the court house Thursday (tonight) at 8 o'clock. Dick Davis, president, will preside.

REAL BROTHERHOOD

Then, illustrating the true spirit of brotherhood, there's this story: A man met a boy of 8 who was carrying another boy, 5, on his back. "But how can you carry him?" asked the man, amazed. "He's too heavy, isn't he?" To which the boy of 8 replied: "Oh, he's not too heavy. He's my brother."
