**COUNCIL - MANAGER TYPE GOVERNMENT SUBJECT OF TALK**

**Mrs. Levy Speaks At Lions Meet. Pros And Cons Are Discussed**

Mrs. Robert Levy, of the Brevard League of Women Voters, delivered an interesting and informative address on the pros and cons of the council manager form of government at the last regular meeting of the Brevard Lions club in Gaither's Rhododendron room.

President Cleves Johnson presided over the meeting, and Bruce Brown, the program director, introduced the speaker.

Mrs. Levy said that the League of Women Voters had made an exhaustive survey of the council-manager form of government and had found it to be more efficient and economical.

"A Man Called Peter" shows Saturday, Sunday, Monday and Tuesday at the Co-Ed Theatre.

**Last Rites For H. A. Grey Are Held Tuesday**

Funeral services were conducted for Huston Alexandria Grey, 74, Tuesday afternoon at 2 p. m., in the Pleasant Grove Baptist church near Penrose. Rev. Carl Blythe officiated and burial was in the Piney Grove cemetery.

Mr. Grey died Friday night in Transylvania Community hospital of a heart ailment. He lived in the Little River section of the county and was a farmer and a carpenter.

He is survived by the widow, Mrs. H. A. Grey, five sons, Odell and Velvia, of Penrose; Floyd, of Brevard; Alvin of Detroit, Mich., and O. E., of New Mexico; one daughter, Mrs. Leona Allison, of Detroit, Mich.; 21 grandchildren and three great-grandchildren.

Pallbearers were Joe McCrary, Ed Sitton, George Shuford, Horace Lyday, Adger Capps and Randall Scott.

Osborne - Simpson funeral home was in charge of arrangements.

Prospective 1955 plantings of peanuts alone for all purposes in the state is indicated at 180,000 acres, the same as last year.

**OLIN PROMOTIONS ANNOUNCED TODAY**

**Robert Cole Director Of Advertising. Brief Backgrounds Given**

Olin Mathieson Chemical corporation today announced the promotion of four of its executives.

Robert Cole was named director of advertising. He will be in charge of the advertising of all the corporation's divisions.

Henry H. Hunter was appointed publicity manager.

William F. Leonard was named assistant director of public relations.

C. D. Stample was appointed security officer. He is in charge of plant security, security on government contracts and on classified material.

Mr. Cole joined Olin Industries, Inc., in June, 1953, before it merged with Mathieson Chemical corporation on August 31, 1954, as advertising and sales promotion manager. He was formerly vice president in charge of the New York office of Grant Advertising, Inc., and also supervised its international division.

Mr. Hunter joined Olin in February as product publicity supervisor. He had been with Grant Advertising as assistant public relations director.

Mr. Leonard joined the public relations department at Olin in 1953 to administer the company's community relations programs. He had been assistant to the manager of the employee and plant community relations program at the headquarters of General Electric's transformer division in Pittsfield, Mass.

Mr. Stample joined Mathieson in June, 1953, as manager of security. He was formerly manager of security with the engineering department of E. I. du Pont de Nemours & Company, Inc., and, before that, had ten years' experience with the Federal Bureau of Investigation.

America by 1975 will be a land of more frozen foods for everyday consumption and more comfortable temperatures at work and at home, according to a report by the National Association of Manufacturers.

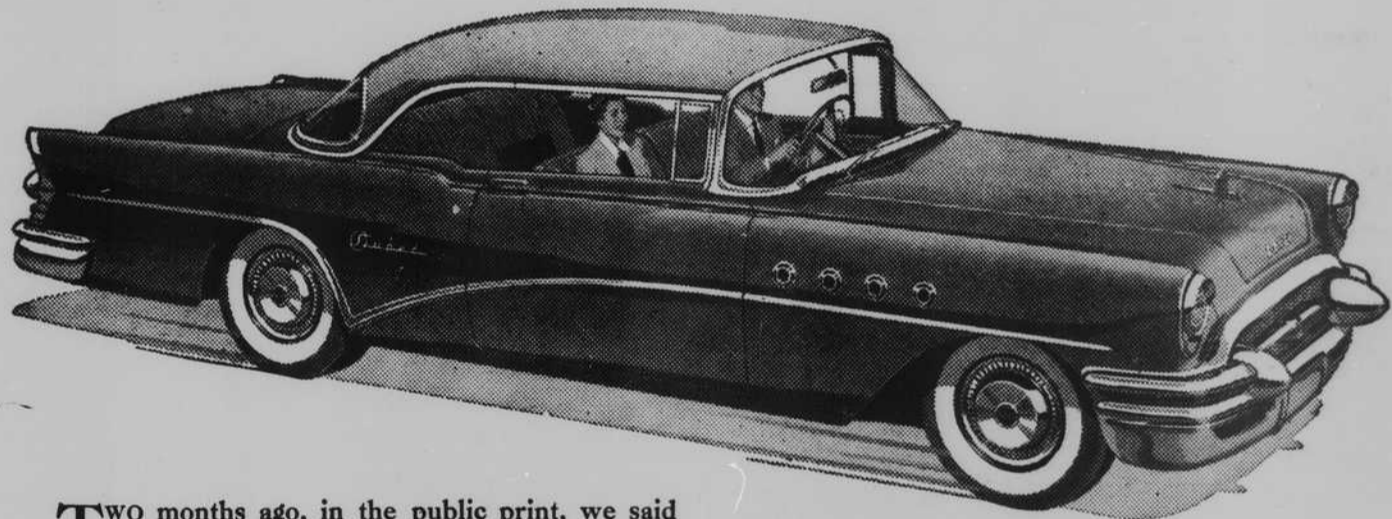

The NAM cites predictions made by W. V. O'Brien, vice president of General Electric company in a speech before the National Federation of Financial Analysts last year.

"... In the next ten years... home freezers installations will triple; ranges and electric water heaters will almost double; clothes dryers will jump almost five times over today's level; and very significantly, room air conditioners will increase 11 times."

Meet your friends at Long's drugs for the coffee break.—adv.

**Sales get BIGGER!**  
**and BIGGER!**  
**and BIGGER!**

*This '55 Buick must have something that folks just won't do without!*

TWO months ago, in the public print, we said that this looks like Buick's biggest year—and we weren't fooling.

But what has happened—and continues to happen—is almost beyond belief.

People buy up these stunning new Buicks practically as fast as we get them from the factory. Buick production—already revised upward several times—keeps forging ahead to new highs every month to meet the mounting demand.

And Buick sales keep soaring higher and higher and higher—outstripping by far the phenomenal success of last year—the success that moved Buick into the "Big Three" of America's best sellers.

What is it about the '55 Buicks that folks by the

hundreds of thousands just won't do without? It's many things.

It's styling that's boldly distinctive and fresh as tomorrow. It's beauty of line and beauty of interior décor. It's a ride that's level, firm and steady. It's a new sweetness of handling. It's great power—walloping new V8 power of record might.

But above all, it's a new kind of performance, from a new kind of automatic transmission that was born of flight thinking.

It's Variable Pitch Dynaflo\*—engineered from the principle of the modern plane's switch-pitch propeller—and what it brings you in the way of pure thrill, mere words can't describe.

Just you drop in on us this very week and try it. That way you can see what a terrific automobile—and a terrific buy—the hottest-selling Buick of all time really is.

\*Dynaflo Drive is standard on Roadmaster, optional as extra cost on other Series.
