Accident Occurred Near Prison Camp On The Rosman Highway

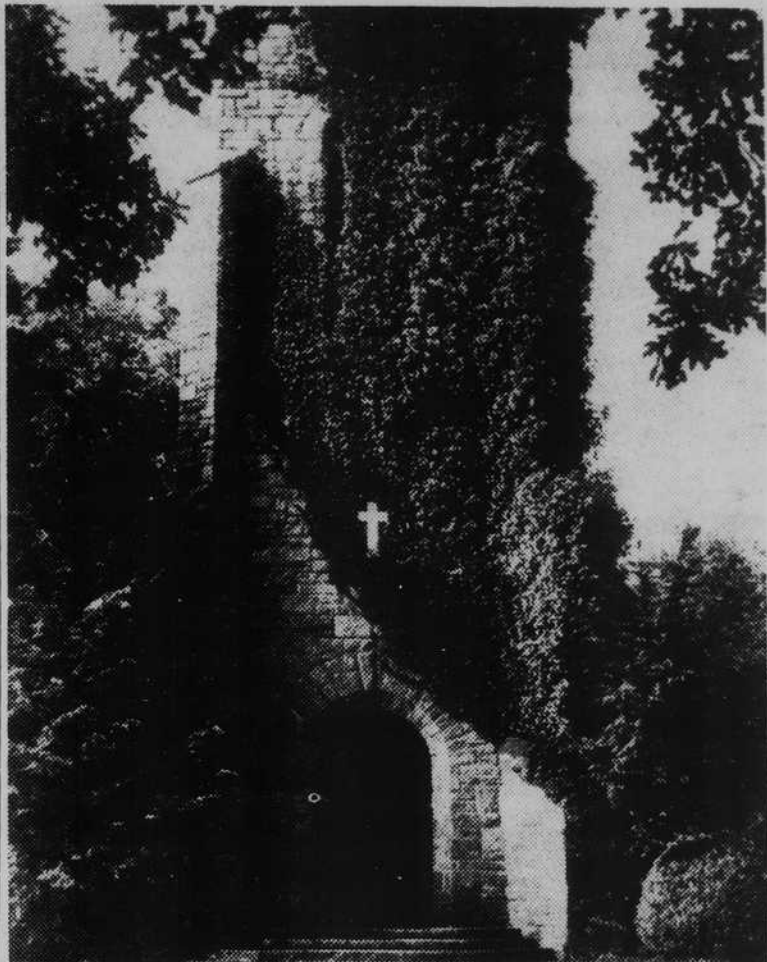

A Rosman resident was critically injured and his 1952 Cadillac was completely demolished in an accident which occurred last Friday around noon near the prison camp on Highway 64.

Carter McCall was treated in the Transylvania Community hospital for serious head and internal injuries sustained in the wreck. His condition yesterday was said to be good.

Arnold Batson, who was also in the car, sustained minor cuts and bruises. According to Highway Patrolman Bill Sawyer, who investigated, excessive speed was listed as the cause for the accident.

The car turned over several times and the Southern Railway train traveling close by stopped to aid in rescuing the injured.

Assisting Patrolman Sawyer in the investigation of the accident were members of the sheriff's department.

AMOUNT SET AT \$647,000, NEED IS SAID GREAT

With Passage Of Measure, Modern Building Program Will Go Forward

LIST IS CARRIED

The Transylvania board of county commissioners has set Saturday, December 8th, as the date for the special school bond election.

It was originally scheduled on Sept. 8th, but was postponed because of the statewide vote on the amendments to the constitution of North Carolina and the ruling of the General Assembly that no other election could be held on that date.

The bond election will be in the amount of \$647,000, and this money, with other funds which the board of education might have on hand, will be used to erect a new and modern high school building here and also to carry forth a complete school building program throughout Transylvania.

Construction is proceeding rapidly now on the T. C. Henderson school at Quebec, and plans for the foundation are being laid for the Silversteen gymnasium at Rosman.

Registration is underway for the bond election, and the regular general election books will be used. They will be open at the polling places again this Saturday from 9:00 a. m., until sunset and also on November 24th. Dec. 1 will be challenge day.

The polling places in the several precincts and the registrars and judges are carried in a special notice on page six, second section.

CHRISTMAS SEALS GO IN THE MAILS

TB Committee Chairman Says 2,700 Letters Are Sent Out Here

More than 2,700 letters containing 1956 Christmas seals were delivered by the post office this week to citizens of Transylvania county.

Along with the seals went the following plea from the 1956 seal sale campaign chairman, Miss Jeanette Austin:

"We cannot be complacent about TB — the number of hospitalized cases in North Carolina has steadily increased since 1951. The children on the Christmas seals illustrate the forward march against tuberculosis to a future in which they must be safe from the ravages of TB because of our increased efforts today."

Those who did not receive letters may obtain seals at Austin's studio or at one of the booths to be set up at the post office and bank at a later date.

The stuffing of the Christmas seal letters took place last Friday evening at the home of the chairman. Twenty-five volunteers stuffed, sealed, sorted and bundled these letters for the various post offices throughout the county in record time of two hours. They were delivered to the post office Tuesday morning by members of the Transylvania county TB committee. The chairman, on behalf of members of the committee, praised the group of volunteers who worked so enthusiastically in the preparation for these letters for

Hunting the first day will be by application, however, the season will be open to all hunters afterwards.

Episcopalians Are Celebrating 100th Anniversary Here With Special Service, Bishop Speaks

First Group Formed At Dunn's Rock. Mrs. McCrary Prepares History

Saint Philip's Episcopal church of Brevard will hold services this Sunday evening, November 18th, to commemorate the 100th anniversary of the establishment of the first Episcopal congregation in the upper French Broad Valley.

In connection with the historical event, an announcement is made today that a history of the Episcopal growth and progress in Transylvania is being written by Mrs. Mary Jane McCrary. She says it will probably be ready for publication early in 1957.

In a brief resume of the history and background of the church, Mrs. McCrary begins by pointing out that the first group was organized out in Dunn's Rock Valley. The church which resulted was called Saint Paul's-in-the-Valley, and the cemetery at this place is still in use by the church.

Until a proper church edifice could be constructed, the congregation met for services in various locations such as carriage sheds of nearby farmers and at camp meeting grounds. They even met at the old Presbyterian church at Davidson River and the Baptist church at Selma. These pioneer people were under the guidance of the Rev. John S. Hanckel and Rt. Rev. Thomas Atkinson.
