

YOUR EYES AREN'T PLAYING tricks on you. That is a car, indicated by the arrow, hanging over the huge icy dam at Cascade lake. The car, reported stolen in Hendersonville last Thursday night, was found Friday morning at the bottom of the dam, a drop of some 300 feet from the highway. It took wrecking crews

from McCrary's Auto service several hours to pull the vehicle back onto the road, and the work was done without damaging the flume from the dam to the Cascade power station. There were no signs of anyone being in the car when it went off the road and to the bottom of the dam. (Times Staff Photo)

Local Bank To Spend Some \$45,000 On Installation Of Drive-In Window

PURCHASE OF BUILDING NEXT DOOR ANNOUNCED

Razing Will Begin, March 1st. Parking Lot Open To Customers

DUCKWORTH QUOTED

Evidencing faith in the future growth of this county, the Transylvania Trust Company is planning an expenditure of \$40,000 to \$45,000 in the installation of a new and modern drive-in window at the local bank.

Ralph J. Duckworth, executive vice president, today announces the purchase of the adjacent Tinsley building, which will be razed to make room for the window and parking lot. The building was purchased from Mrs. Alex Patterson and was formerly occupied by Slack's.

Mr. Duckworth explains that the drive-in window is the progressive trend in banking today and when this service is added at the Transylvania Trust Co., the bank will offer as modern and convenient a service as any similar institution.

Razing of the Tinsley building is expected to begin on March 1st, and it is hoped that work can be completed by June 1st.

It is explained that entrance to the drive-in window will be at the rear of the bank off Caldwell street, and the exit will be onto Main street. A parking lot will be paved adjacent to the window offering space for customers of the bank.

This is the third installation of new facilities at Transylvania Trust Co. in recent years, which enables the bank to offer added services to its customers. The new walk-up window, installed some two years ago, is proving highly satisfactory, as is the night depository. The walk-up window, open Thursday, Friday and Saturday afternoons, gives nine more hours of banking service to customers. Mr. Duckworth reports that

Exams Are Underway At College, New Term Begins

Students at Brevard college are now taking final examinations as the winter semester ends this week, and registration for the spring term begins on January 28th.

New boarding students for the spring term will arrive on the campus on Thursday, and the orientation program will begin Friday morning at 9:00 o'clock.

Dean J. J. Stevenson, Jr., will be in charge of this program, which will be held in the college auditorium. This will be followed by a testing program under the supervision of Dr. B. W. Loomis.

The purpose of the latter program, Dr. Loomis points out, is for guidance and placement.

With an enrollment of more than 400 students, Brevard college is enjoying one of its best years in the history of the institution.

Construction of two dormitories, one for men and another for women, has been completed, and the building of the new campus center building is moving along splendidly in spite of wintry weather, President Robert H. Stamey reports.

J. A. Jones Construction company, of Charlotte, is erecting the new and modern campus center building, which, when completed, will be one of the finest of its type in the Carolinas.

Will Set Up Polio Vaccine Clinics In Schools Of County

The Transylvania Health department announces today that plans are being made to establish clinics throughout the school systems to give polio vaccine to all children.

In the recent survey concerning the vaccination program, it was found that fully 50 per cent of children in the eligible age range of infancy to 19 years had received no vaccine whatsoever.

The Brevard Elementary P-TA, as well as other P-TA's in the county, have recognized the need, and
