**Douglas Says Garnishee Action Started. Some \$25,000 Yet To Be Collected**

With over 93 percent of the current tax levy for 1957 already collected, County Tax Collector C. M. Douglas has started proceedings for garnishment and levy of delinquent accounts, it was announced yesterday.

Of the county levy of \$379,975.00, less than \$25,000 remains to be collected, the tax collector stated, and drastic measures are to be employed to collect from those who will not pay voluntarily, he said.

Law provides that garnishment of wages and levy upon personal property be made during July and August, the tax collector states. Preliminary notices have already been mailed this month.

### OLIN MATHIESON GIVES 8¢ RAISE

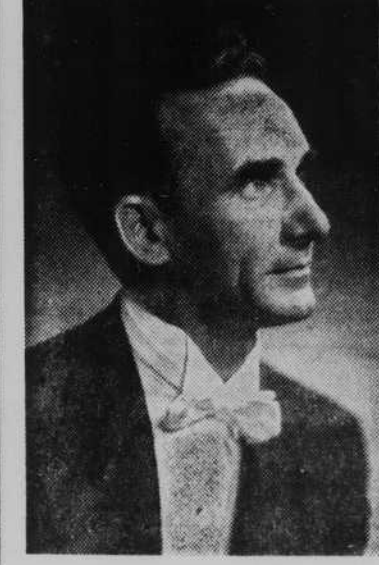

**Herzog And Brownell Make Joint Announcement. Some 2,200 Employed**

An eight cents per hour general wage increase, a part of which is in lieu of a bonus paid in the past, is announced for employees of Olin Mathieson Chemical corporation at Pisgah Forest, effective July 23, 1958.

The announcement was made jointly last Friday by M. L. Herzog, vice president and manager of the film division, and P. C. Brownell, vice president and manager of the Ecusta paper division. The bonus paid at Christmas time in prior years on a discretionary basis is being discontinued, the announcement said, because of the belief that employees would prefer to have the amount of the bonus incorporated as a definite part of their wage or salary rate.

Salaried workers, in most instances, will also receive similar increases in pay.

Olin Mathieson employs approximately 2,200 people at Pisgah Forest in the manufacture of paper and cellophane.
