Cosby Sells Lake Toxaway Property To City Investment

Approximately 8,900 acres owned by D. H. Cosby, Inc., and operated as Cosby Choir camp, has been sold to City Investment corporation, of Richland county, South Carolina, for \$475,000. This area includes the old Toxaway lake site and many scenic waterfalls in the upper end of Transylvania county.

This property was purchased in 1955, by D. H. Cosby, Inc., of Boca Raton, Florida. Mr. Cosby and his associates restored a number of the buildings and improved the property and the first session of an interdenominational summer choir training session was held in 1956.

City Investment corporation lists D. W. Boyd as president and Susan Faire Boyd as vice president. According to instruments recorded in the register of deeds office in the Transylvania county court house, the company will make surveys as to the feasibility of restoring Lake Toxaway.

Lake Toxaway was a leading resort area in the early 1900's and enjoyed a number of successful years of operation until August, 1916, when the dam was washed out.

The years that followed saw many legal battles in the courts over the damages of the resulting flood. Old Toxaway Inn was allowed to run down for lack of repair but the area has attracted many tourists over the years.

In 1948, Toxaway Falls was used as the background for the filming of the motion picture "Tap Roots," and again in 1958, a scene from "Thunder Road" was filmed at the falls.

Swimming Pool Being Readied

Brevard's Franklin Park swimming pool is being readied for the swimming season by the town maintenance men, according to Town Manager Tom Henry.

Patching of the pool bottom, painting of the pool, clean up and moving of the park area are some of the major work details.

Plans are being made to open the pool at noon on Monday, June 6th, after school closes.

The three life guard attendants selected to operate the pool are Page Best, Tommy Hall and Charles Norlander.

"The Brevard Rotary club purchased barbecue grills and picnic tables which they placed in the park last season. The public is invited to use these facilities there; and it is our hope that the town, Rotary club, other civic clubs and interested persons will add to these facilities," Mr. Henry said.
