In the state house race, James C. Gaither, incumbent, who was second high man in the primary on May 30, will run against Jack Potts, local attorney, who ran high man. In that contest the voting was as follows: Potts—1,329; Gaither—1,121; and, Paxton—773.

In the Governor's race, Terry Sanford, high man in the first primary, is being opposed by I. Beverly Lake. Sanford polled some 83,000 votes more than did Lake, but he did not have a clear majority over his three opponents.

If nominated, I promise to wage a diligent campaign in the general election next fall."

Mr. Gaither said he was calling for a second primary at the insistence of so many friends in Brevard and Transylvania.

Both the date of issuance and expiration is carried in the upper right hand of the license card.

George Wilson, the driver's license examiner, is in his office in the court house on Mondays, Tuesdays and Wednesdays.

Program Highlights

WPNF Is Broadcasting Facts Concerning Assets Of County

With the summer season in full swing, Radio Station WPNF has begun a "summer sights" campaign to acquaint visitors with the various scenic wonders of Transylvania, Bill Hancock, program director, announces.

Throughout the summer months, the station will air a series of informative announcements, directed to summer visitors and motoring tourists, extolling local facts and interesting spots to be visited during the summer months, Mr. Hancock concluded.

In this connection, a program of special interest will be presented by the Brevard chamber of commerce on the Civic Hour, Friday morning at 9:30 o'clock.

IN THIS PICTURE the object of attention is a coffee and corn grinder belonging to Judd McCall. It is approximately 100 years old and was loaned for the collection being gathered for the county's centennial program next year.

Mr. McCall lives in the upper part of the county.

The grinder is made of rough cast iron and is mounted on a wood slab. When in use it was probably nailed to a cabin wall.

A century ago coffee was a scarce commodity. It was often unobtainable and consequently was expensive. It was a part of good HOUSE KEEPING ON THE FRONTIER to grind corn with coffee. By this strategy the precious coffee beans were made to last longer.

The flavor of this brew was probably about the same as that brewed today for the hasty coffee breaks in office and shops.

In the southern diet CORN WAS COMMON to previous generations. There was corn with coffee, corn pone, and corn plain.

In the retreat of Lee's Army from Petersburg and Richmond there came a time when famished soldiers snatched corn from the jaws of army mules. (See BOOKS below.)

Miss Paxton has a keen interest in history. Her family is related to the origins of white settlement in this region. One of the FIRST Land Grants in the county (then Burke) was made to Gen. Charles McDowell. He was in the memorable battle against Ferguson at King's Mountain and the grant was part of his soldier's pay. His daughter Sarah was married to William Paxton and they later lived on the McDonald grant. This property (now in Cherryfield) is near Miss Paxton's home, and part

Camp Is Filled To Capacity, Dates Listed

"The 1960 summer festival of music at the Brevard Music Center promises to be the most outstanding in the history of the music camp and festival," Director James Christian Pfohl announces today.

The Transylvania Music camp, which has been filled to capacity for some time, will open on Friday, June 24th, and a two weeks festival will begin on Sunday, August 7th.

A long list of outstanding soloists has been signed to appear on the summer concert program, and another highlight event of the 1960 schedule is the "Federation Weekend," honoring the National Federation of music clubs, which opens on Friday, July 22nd.

"Brevard Music Center" week will open here on Sunday, June 19th, when again this year emphasis will be placed on securing local sponsorship of the Brevard Music Foundation.

The Brevard campaign will be headed by M. Thomas Cousins, professor of music at Brevard College, and Taj F. Hanna, who is connected with the DuPont Silicon plant.

For this campaign, sponsorships will be sold to residents of Transylvania county for \$30 rather than the regular \$50. This will provide for two sponsorship tickets which will be good for the entire camp season, plus the festival concerts.

Brevard Music week was highly successful here last year, and Dr. Pfohl feels that again this season the citizens of the town and community will rally to the support of the Brevard Music center.

"The outlook for the camp and festival is the brightest since the camp was founded 24 years ago, and the beginning of the festival in 1946," Dr. Pfohl says.

He also said that the return of many of last year's fine faculty and brilliant soloists with the addition of many outstanding new artists ensure a program of the highest calibre throughout the summer.

Monday, July 4th, will be a holiday, and that day will be made up on Saturday, July 9th.

Registration will be held on Friday morning, June 10th, from 9:00 to 11:00 o'clock.

The following subjects will be offered: all eighth grade subjects; general science; general math, Algebra I and II, plane geometry, English I, II, III, and IV; U. S. and world history; biology and chemistry.

In addition, typing will be offered to adults and high school students, but no credit will be given.

Jaycees Begin Annual Sale Of Light Bulbs

A light bulb sale is being conducted in Brevard this week by the Jaycees, with a door to door sale Wednesday, Thursday, and Friday nights by the organization.

According to John Ford, Jr., president, a variety of sizes of a nationally known brand of bulbs will be offered during the sale, with proceeds to be used for the various community service projects, conducted annually by the Jaycees.

Again this year, the slogan, "get lit with the Jaycees" is being used, and everyone is urged to stock up with a year's supply of bulbs.
