house is making conscientious effort to maintain the County's property in good order and to protect it as efficiently as possible. It also seemed, however, that major changes in electrical wiring and in plumbing are needed so as to eliminate danger from fire and to bring the building up to ordinary and accepted standards," the report stated.

The prison camp was said to be in good condition; however, the cell block is overcrowded. It is constructed to accommodate 75 prisoners while now it is taking care of 108.

Seven other recommendations of improvement were made, and the staff of the camp was commended on the degree of cleanliness and orderly condition of the grounds of the camp.

The same Grand Jury will serve at the next term of court, and Roy Carter is the foreman.

### IDEAS

To recognize ideas as dangerous—and to face the danger—is the mark of a free man and of a free society. —Charles A. Siepmann.

It is ideas, not vested interests, which are dangerous for good or evil. —John Maynard Keynes

There is no adequate defense, except stupidity, against the impact of a new idea. —Percy Williams Bridgman.

An idea, to be suggestive, must come to the individual with the force of a revelation. —William James.

God gives you His spiritual ideas, and in turn, they give you daily supplies. —Mary Baker Eddy.

Let me exhort everyone to do their utmost to think outside and beyond our present circle of ideas. For every idea gained is a hundred years of slavery remitted. —Richard Jefferies.

## Plea Made For Veterans Of World War I To "Join Up"

By BILL WILLIAMSON, SR.

According to figures recently released by the Veterans Administration, there are two million, seven hundred and twenty-four thousand and twenty-four World War I veterans still living. 21 thousand are living outside the United States and two million, seven hundred and three thousand are living in the United States. One million, two hundred and seventy-six thousand have died since the close of World War I.

North Carolina has 47,000 surviving veterans of World War I, but only 4,200 have seen fit to join the World War I Veterans of the U.S.A., which is only 8.94 per cent. The state of Idaho, with a surviving WW I population of 9,000, has a membership of 1,800 in our World War I organization, which is 20%.

Other states, including Arkansas has 14% plus membership.

Just why the North Carolina veterans do not join their exclusive organization is hard to figure out. The main objective of this organization is a pension of \$100.00 per month for all honorably discharged WW I veterans when they have reached 65 years of age, providing they had 90 days or more service between April 6, 1917 and November 11, 1918 and providing their present income is not over \$3000.00 for married veterans or \$1800.00 for single veterans without dependents.

Such a bill will soon be ready for a vote at either this session of Congress or shortly after Congress convenes in 1961. How can 92% of the veteran population expect a mere 8% to obtain this pension?

It behooves every veteran of World War I, to put his shoulder to the wheel and not only join his organization but also work for this pension. Veterans owe this to themselves, and their dependents. "I have had the privilege of visiting your area during several summers and know that the boys throughout North Carolina will thoroughly enjoy their visitation."

Officials for the tournament will be selected from the members of Western North Carolina Officials association. Members of the Brevard junior chamber of commerce will be in charge of arrangements and entertainment for the visiting teams.

Transylvania county attend and join this barracks. The World War I Veterans U.S.A., is a Congressionally chartered Veterans organization, and this organization has already accomplished much for WW I Veterans and their dependents.

For instance, HR 7965 Out Patient bill, which was signed into law by the president on July 12th, was a bill sponsored by this organization. The AMA fought this bill tooth and nail, the same as it has fought other beneficial legislation dealing with treatment for veterans, but Congress passed the law just the same and the president signed it into law. This enables many veterans to have "Out Patient" treatment at Veterans hospitals who were previously denied same.

ward team is exceptionally strong, and he expects the boys to make a most creditable showing.

Joseph W. Cookson, national executive secretary from Trenton, New Jersey, said that he was looking forward to visiting Brevard. In a letter to Olin Mathieson, he said: "I have had the privilege of visiting your area during several summers and know that the boys throughout North Carolina will thoroughly enjoy their visitation."
