## Coan Expresses Appreciation, Donors Listed

The 1961 budget campaign of Transylvania's United Fund has gone "over the top" President Gil Coan announces today.

Pledges and contributions reached the goal of \$28,351.00, early this week. This figure is slightly under the goal of last year, and Brevard becomes one of the first towns in North Carolina to reach 100 per cent in its new campaign.

"We are indeed happy that our citizens have responded so generously to the health and welfare needs of our community," President Coan declared.

This is the third time in the past five campaigns that Transylvania has reached its goal.

"Through this United giving our funds are spread more equitably to the many worthwhile agencies than it would be possible were we subjected to dozens of separate drives throughout the year," the president continued.

Transylvania was able to reach its goal because of the splendid cooperation of all the industries and business houses of the town and county, coupled with pledges from citizens, J. M. Gaines, the campaign chairman reported to President Coan.

It was pointed out that Transylvania is especially fortunate in having industries like Olin Mathieson Chemical corporation and the Du Pont silicon plant —Turn to Page Ten
