Little Theatre Will Sponsor "Country Carnival" In August

The Brevard Little Theatre will sponsor a "Country Carnival" at the Robin Hood Barn in Sherwood Forest the weekend of August 11th.

Plans for this gala affair are well underway, according to BLT president, Mel Everingham. Among the many features to be included in this weekend of fun and frolic for the entire family are a variety revue in the evening, special amusements for the children, a baby - sitting booth, a food sale, a "white elephant" booth, an art show, a swap and sell booth for rocks and minerals, a "while - you - wait" photo booth for taking comic snapshots and a number of other attractions which will be announced at a later date. During the day the music of a traveling band will add to the gay carnival atmosphere.

The Variety Revue will be the main feature of the "Country Carnival" and will take place in the evening. Included in the program will be song and dance routines, instrumental and vocal musical numbers, imitations, comedy routines and other related types of entertainment.

Anyone interested in auctioning for the Variety Revue is asked to submit a short letter giving name and address, age, telephone number, the name of the act along with a brief description and the approximate performance time. These letters may be placed in the mail slot at Austin Studio or addressed to BLT Variety Revue in care of eanette Austin at Austin Studio.

The "Country Carnival" will be another first for the Brevard Little Theatre which is working on money - making projects on a year-round basis in an effort to establish a permanent site for rehearsals and storage of properties. The first money-making venture other than a play was the recent bake sale headed by Mrs. Jane Johnson, from which more than \$100 was netted.

Mr. Everingham and members of the BLT board are very enthusiastic over the possibilities of the "Country Carnival" and urge everyone to follow the development of plans for this fun and frolic festival as they are announced in the Transylvania Times. Anyone who is interested in helping in any way with the event is urged to contact Mel Everingham or any BLT board member.

Memo to:

City of Brevard State Highway Department

A dangerous traffic condition exists at the intersection of Broad and French Broad Streets.

There have been two serious accidents at this intersection within the past 30 days. There have been others and there will be more.

One difficulty seems to be that motorists coming over the rise at the Methodist Church, another dangerous location, are enjoying the freedom of a four lane highway and do not realize that they are rapidly entering a business district.

Motorists coming down "Jail House Hill" may or may not observe the signs which state they are in a business district in which the speed limit is 20 miles per hour. Just beyond the intersection they read a much larger sign which states that the speed limit is 25 miles per hour. A short distance beyond that sign is another giving 25 miles per hour as the speed limit.

I have been told that studies of the traffic load do not justify the installation of a traffic light at this intersection. This is poor reasoning.

The number of accidents, and their frequency, should be the criterion regardless of how many cars pass through.

It is entirely possible that someone will be killed in an accident at this intersection and part of the blame will be laid to — Turn to Page Four
