

\$53,000 Pledged

Goal Of \$60,000 In College Campaign Believed In Sight

With \$53,000.00 pledged or paid to date, the goal of \$60,000 in the Brevard College Development fund campaign is in sight, according to Bill Keith, chairman of the special committee of the Brevard Chamber of Commerce to direct the campaign, and Gil Coan, solicitation chairman.

"However, this is dependent upon many promises and prospects yet to be contacted," he declared.

Mr. Keith makes a strong plea for persons who are planning to pledge to do so as quickly as they can. C. A. Butterworth, at Brevard College, is the funds treasurer.

"Please mail in your pledge cards today," Mr. Keith continued.

He also urges members of the special committee who are contacting prospective donors to complete their work in the immediate future.

One of the finest contributions received was a pledge of \$15,000.00 this week by the Olin Mathieson Chemical corporation.

It will be paid in three installments, which are dependent upon the financial success of the overall college campaign.

An honor roll of donors as of noon March 19th, broken down into different categories is as follows:

- Business and Professional
- A & P Food Store
- Baxter & McConnell Oil Co.
- Belks Department Store
- Biltmore Dairy Farms
- Brevard Federal Savings & Loan Ass'n.
- Brevard Insurance Agency
- Brevard Jewelers
- Brevard Lumber Co.
- Brevard Motor Lodge
- Citizens Telephone Co.

Public Invited

Dr. Lefler To Speak At Tercentenary Meet Here

Dr. Hugh Lefler, prominent historian and educator of the University of North Carolina, will be the principal speaker at a meeting highlighting the local observance of Tercentenary month in Transylvania.

The event will be held at Brevard College next Monday night in the auditorium of the Campus Center building, beginning at 8:00 o'clock.

Mrs. Ralph Ramsey, who is chairman of the local observance of North Carolina's 300th anniversary, cordially invites the public to attend the meeting.

Dr. Lefler's biography in "Who's Who in the South and Southwest" is quite lengthy, and Mrs. Ramsey says the community is indeed fortunate in having him for a speaker at the meeting. —Turn to Page Five

New Brevard Plant Seeks Applications

The Brevard Manufacturing company, Transylvania's newest industry, is seeking applications for employment.

The company is a division of Ruth of Carolina, of Hendersonville, where local employees will be trained.

According to Ed Wolf, plant manager there, the Brevard Manufacturing company will require sewing machine operators, pressers and inspectors.

Application forms are now available at the Brevard Chamber of Commerce office, located in the library building, adjacent to court house.

They can be picked up in the mornings from 9:30 o'clock until 12:00 noon.

Persons interested in sewing may apply for a two-weeks' training course on the premises of the Ruth Originals corporation at Hendersonville.

The school is under the supervision of the North Carolina Department of Education.

Satisfactory completion of this course or similar training or experience is a prerequisite for employment as a sewing machine operator at the Brevard plant, Mr. Wolf states.

Temporary production facilities are located at the Hendersonville plant.

Upon completion of the proposed plant here at Brevard, all personnel and equipment will be transferred immediately.

Management of the Brevard Manufacturing company will select applicants for training at the sewing school.

Harry Friedman will be the local plant manager.

Program Highlights

Special Lenten Series Being Heard Daily On Radio, WPNF

WPNF program director Fred Reiter states that reaction to the special lenten series, "It Happened Forever," has been quite favorable throughout the community.

The series of dramatic vignettes, each 5 minutes in length, has been prepared by the Department of Radio and Television of the American Lutheran Church.

The broadcasts are featured twice daily at 8:30 a.m. as a part of "Late Riser's Reveille," and again at 6:30 p.m. just prior to the "1240 Club."

In commenting on the programs, Mr. Reiter pointed out that the series is presented in such a manner as to depict the events leading to the death of Christ, without bringing in any —Turn to Page Four

Leonard Wants To Know The Wishes Of Public

Action has been started to abolish the Transylvania General County Court.

The law firm of Ramsey, Hill and Smart, representing Ronald Lee Whitmire, has filed a motion that would dismiss a warrant against him on the following grounds:

1. That the warrant in this case be quashed for that this Court is not legally constituted and has no jurisdiction to hear and determine this matter in that this court was purportedly established under the provisions of Section 7-266, General Statutes of North Carolina, Article 30, Chapter 7, when in fact the provisions of said section and chapter do not apply to Transylvania county, having been repealed by Chapter 1 of the Public Laws of 1931, and the attempted establishment of this court is null and void.

2. That this defendant not be compelled to answer the charge against him in this action.

General County Court Judge Robert T. Gash is to rule on the motion. Should he rule that the court is valid, the case will be appealed to Superior Court, the attorneys for the defendant state.

Representative Bill Leonard told the press this week that he had been asked to introduce a bill to validate the court.

He has issued the following statement:

"After discussing the problem of the validity of our General County Court system with many Transylvania people, I believe that before we act to abolish it or to validate it, we should air this matter out, study it more thoroughly, and find out more clearly what the desires and needs of our people are concerning it. The Bar Association and civic clubs could provide much help by presenting their views to the public. It may be that continuance of the General County Court is not justifiable in view of the desires of our people as well as in view of the court reform program about to begin. If it is justifiable, then the delay caused by this public study will surely be of no harm. As soon as we decide what legislative action should be taken for the best interest of our people, I will be glad to introduce the necessary legislation."

The Weather

Rainfall during the past week totalled only slightly more than one-and-a-quarter inches, with daily high and low temperatures averaging 71 and 36 degrees, respectively.

The high reading for the week was recorded on Monday afternoon when the mercury reached to 82 degrees under bright sunny skies. Low mark for the week came on Friday morning of last week when the mercury dipped to 27 degrees, the only morning when the temperature fell below freezing during the seven-day period.
