Mrs. Adams To Resume First Grade School

A private first grade will be taught by Mrs. Nelson Adams during the school year 1963-64.

This school has been in operation for the past several years but was discontinued during the present year while the Adams family is in New York where Mr. Adams is in graduate school.

The class is operated in the Adams home and is offered primarily for boys and girls who cannot attend the public schools because their 6th birthday comes after October 15th. Mrs. Adams states that they should have attended kindergarten for one or more years and be sufficiently mature for the academic atmosphere of a first grade program.

Persons interested in enrolling their children are asked to contact Mrs. Adams at 527 Riverside Drive, New York 27, New York.

During the past year Mrs. Adams has been teaching in the Riverside Church Nursery. Kindergarten weekday program and has been a graduate student in Teacher's college of Columbia University.

Robert T. Kimzey Plans Retirement On July 1st

By The Editor
After 38 years of devoted service, Robert T. Kimzey, principal of district No. 1 in Transylvania and also principal of Brevard Senior High school, is retiring.

The retirement becomes effective July 1st, 1963.

While he is retiring from the educational field, Mr. Kimzey is looking forward to a busy life on his cattle farm along the French Broad River across from the Greenville highway.

His hobbies, gardening, golfing, hunting, fishing and reading and community activities are also expected to occupy much of his time as they have in the past.

Since becoming principal of Brevard high school in 1935, Mr. Kimzey said he planned to retire at the age of 60.

On March 18th of this year, he reached this age.

With good health and a surplus of energy, Mr. Kimzey decided that he would make his dream come true and devote his time to varied fields.

"School work is still a pleasure and an inspiration to me," he said as he signed his letter of resignation.

REA Grant To Be Used Over 5-Year Period

Brevard's Citizens Telephone company has received REA loan of \$1,393,000. Congressman Roy A. Taylor announced late Tuesday.

According to Charles Pickelsimer, General Manager, the loan will provide service for 2,473 subscribers and for the construction of 314 miles of new lines.

The central office building at Rosman will be expanded and service to existing subscribers will be improved.

This new expansion program will be carried out over a period of five years.

In commenting on the expansion program, Mr. Pickelsimer pointed out the rapid growth of the company.

In February, 1962, when the company converted to a new system and moved into new quarters, there were 700 vacant lines, enough to provide adequate service within Brevard for the next five years it was estimated.

Today, Mr. Pickelsimer stated, there are less than 100 vacant lines, and 1300 new lines have been ordered.

The newly approved loan brings total expenditures for expansion since 1957 to some \$12 million.

Within the five-year period, all telephones will be on and two-party lines, with some five-party lines in the county. All four-party lines will be eliminated, Mr. Pickelsimer said.
