

# 453 Petitioners Ask For Election On ABC Store In Brevard

After receiving petitions with 453 signatures of residents of Brevard, the Town Board of Aldermen adopted a resolution at a special call meeting this week requesting the Representative and Senators for Transylvania to introduce a bill in the legislature calling for an election for the establishment of an ABC store here.

The bill would exclude the sale of beer and wine in any form.

Since the petitions contained approximately 25 per cent of the number for registered voters in the town, the board felt that it had no other alternative than to call for the election.

A large delegation appeared before the board at the called meeting.

The election will not be held earlier than July 9th, 1963.

The bill proposed the profits from the store be distributed as follows:

Not less than 5 per cent or more than 10 for law enforcement, as provided by law

Not more than 5 per cent for educa-

tion as to the effects of the use of alcoholic beverages and for the rehabilitation of alcoholics

The balance:

75 per cent to the General Fund of the Town of Brevard

25 per cent to the County of Transylvania.

In the absence of Mayor B. W. Thomason, Mark Osborne served as mayor pro tem at the meeting, and other aldermen attending were Don Blankinship, Buddy Melton, Anthony Trantham and Dr. John Truesdail.

Others attending in an official capacity were Cecil J. Hill, town attorney; Bill Edens, town manager; and Mrs. Opal Armentrout, clerk.

## Special Week Observed

# Hospitals Described As "Career Center", Many Are Employed Here

Hospitals employ more than a million and a half workers in some 200 different job classifications, John Bailey, administrator of the Transylvania Community Hospital, said today on the observance of National Hospital Week, May 12-18.

The Transylvania Community Hospital itself has 38 employees in 18 job classifications, ranging from accountant to x-ray technician.

Theme of National Hospital Week, held annually during the week of Florence Nightingale's birthday, May 12th, under the sponsorship of the American Hospital Association, is "Today's Hospital — Career Center for America's Youth."

The hospital truly is a career center. It might be likened to a small city, Mr. Bailey said. The hospital requires every level of skill, profession, trade and talent needed in a city, but it also requires the specialized skills of the nurse, therapist, and physician.

# Representative Explains Reasons On Local Bill

May 11, 1963

Mr. John I. Anderson, Editor The Transylvania Times Brevard, N. C.

Dear Mr. Anderson:

The weather in Raleigh is beginning to beat down on us. It's been around 90 for several days now. And, judging by the letter to the editor from Mr. Bob Boyd last week, it might appear that we are trying to make it hot around here, too. I can assure you, though, that I prefer to have the cool cool of the mountains.

I'm not sure that I need to answer Mr. Boyd's letter, but I think our people expect me to say something about it. So, let me first say on what grounds I agree with the many state-

ments Mr. Boyd made.

His first and last statement regarding the five to one vote for our Flood Control Program is undoubtedly true. We certainly showed by our votes a desire for this program. I am glad, however, that he did not try to
