

Olin Will Build 3 New Buildings

Construction of three new buildings for research and sales activities will begin immediately at the Pisgah Forest location of Olin Mathieson Chemical Corporation. This announcement was made today by Phillip C. Brownell, vice president and general manager of Olin's Packaging division.

The purpose of the project is to consolidate management personnel and functions of Olin's Film Operations at a single location. This will permit Film operations to achieve better coordination of all its activities, to increase its research and development activities, and to provide increasing services to cellophane customers who use the wide variety of types of cellophane produced by Olin.

In addition, the project will also provide modern, enlarged facilities for the research and development department of Ecusta Paper operations which is already located at Pisgah Forest.

Film operations and Ecusta Paper operations each has its management headquarters and certain major plant facilities at Pisgah Forest. Dr. J. H. Truesdail is manager of Film operations, and A. J. Loeb is manager of Ecusta Paper operations.

These two operations are part of Olin's Packaging division.

The Film operations research and development activities now located at New Haven, Connecticut and the Film Sales headquarters now located in New York City will move to Pisgah Forest upon completion of the project in the fall of 1964.

Temporarily, however, Film operations sales headquarters will move from New York City on September 3rd to office space in the Parkway Office Building, Asheville, until their new quarters are completed. Field sales offices for cellophane will continue to be located at strategic centers throughout the United States.

A total of approximately 40 families will be involved in the Film operations move when it is completed. Sales department personnel are now moving to Western North Carolina but the research personnel will not move until about a year from now.

Ecusta Paper operations has intensified and expanded its research and development work in connection with thin, fine specialty papers in addition to the ever increasing amount of research work being done in connection with

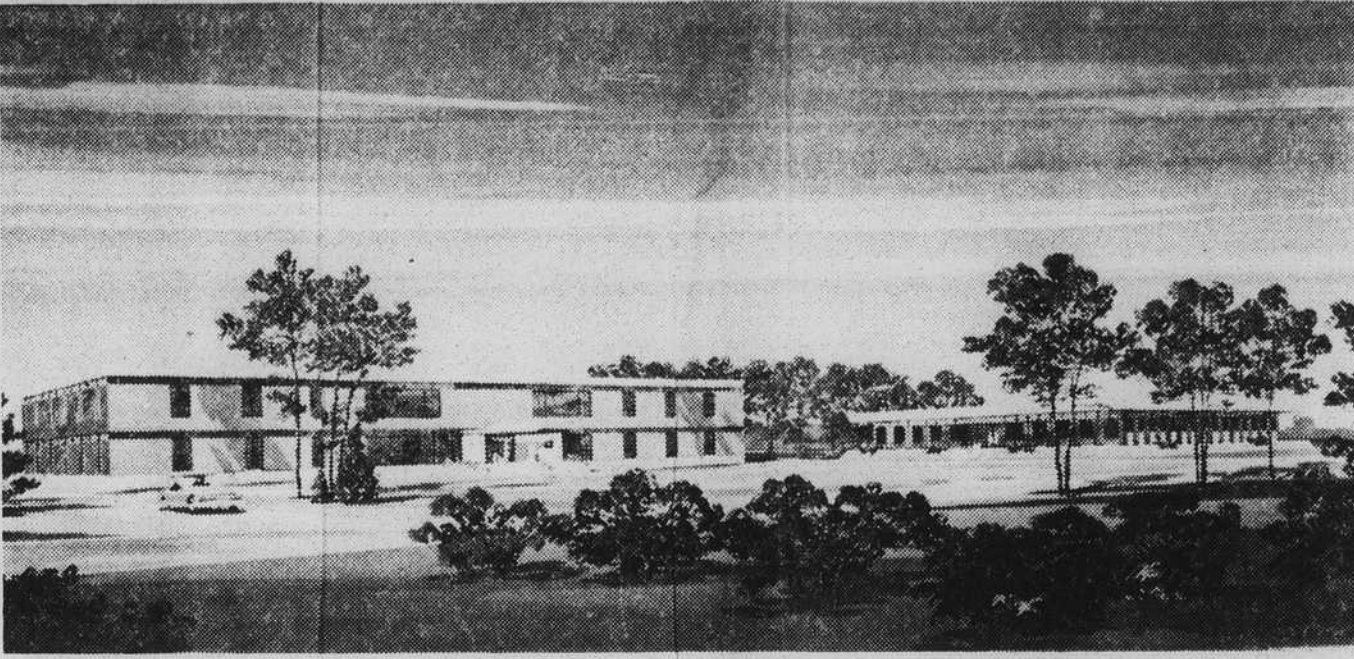

cigarette paper and other cigarette industry products. This expansion program necessitates new facilities to replace

the original research department buildings which were constructed when Ecusta built its plant at Pisgah Forest in

1939.

The new buildings will be located in the area presently used

for parking, adjacent to the Film operations manufacturing plant. New parking facilities will be —Turn to Page Eight

RESEARCH AND DEVELOPMENT departments of Ecusta Paper Operations and Film Operations of Olin Mathieson Chemical Corporation will be housed in a new building at Pisgah Forest. This architect's sketch shows the building at left. The building at right will be the permanent home of the Film Operations general sales department. These

2 buildings will be erected on the present Film Operations parking lot, and parking facilities will be moved to the west side of Vanderbilt Road. Also to be constructed is a film development building adjacent to the film chemical building. Construction is to start immediately.

Suggestion Offered

Governor Opposes "Watered Down Western Representation"

Governor Terry Sanford stated this week that he opposes any "watered down western representation" in the proposal for redistricting the senate.

According to the Governor, there is a move to do just that.

From a Republican representative comes a suggestion that "Transylvania be added to the 1st District. If this is not done I will offer such an amendment from the floor."

He argues that the six most Western counties contain only 69,000 people. "This is 25 per cent below the average, and that is too much. On the other hand, the two senators allotted to Guilford makes them represent 123,000 people each, and this is 35 per cent over the average. Thus you have a spread of 60 per cent and what kind of democracy do you call that." The 1st (most western) district, he argues, should contain Cherokee, Graham, Clay, Swain,

- Wednesday, September 4 — Toastmasters meet at Gaither's at 6:30 p.m. WOW meets at Woodman Hall at 8:00 p.m.

Program Highlights

Mrs. Fletcher Is Winner In WPNF Treasure Hunt Contest

Mrs. Carrol Fletcher, of route 2, Brevard, was the weekly winner in WPNF's final weekly Treasure Hunt contest last week, according to an announcement from station officials today.

In making the announcement, station manager, Al Martin, stated that the final phase of the contest this year, the search for the jackpot treasure, is underway.

"This week's contest will actually run for two weeks," he stated, "with clues given both

To Answer Need

New Apartment Units Being Built In Brevard

Construction is well under way on two new apartment buildings, one on the High School road from Greenville highway, and the other on Turnpike road in Brevard.

The French Broad Apartments on High School road, are being built by C. E. Cochran.

One building, containing 8

two-bedroom units, is nearing completion.

Mr. Cochran plans to have it finished by the 1st of November and plans to build 2 more buildings to eventually hold a total of 24 units.

The Turnpike road apartments are owned by Gil Coan and L. E. Bagwell.

They will be duplex-type apartments, 5 buildings to house 10 units, each with 3 bedrooms and one-and-a-half baths.

The Gold Medallion, all-electric homes, will be built on a "split-foyer" plan, that is one enters the foyer on ground level and walks down to the living room, dining area and kitchen and up to the bedroom area.

Mr. Coan estimates the completion date as around 30 days for 4 of the buildings and 90 days for the last unit.

Both sets of apartments are of modern design and handy to schools, churches and shopping areas in Brevard.

Going Away To School? Let Times Go To

Attention boys and girls who are going off to school and college — and their parents, too.

Let The Transylvania Times go with you. Enjoy reading your home town paper which is, as you know, chock full of information and news about all the doings in the Brevard area.

Parents — The Times won't take the place of letters to your sons and daughters away at school. Not at all. But it will save you the time and trouble of having to write news items in yourself, and if we do say it ourselves, the Times will give far more news than anyone has time to write.

The cost? Very little; only \$2.75 for the entire school term from the time they start until June 1st.

So don't delay, get that school subscription started at once. Mail or bring your remittance and the address to us; we'll do the rest.

The Weather

Daily highs and lows averaged just under 81 and 60 degrees respectively during the past week, with rainfall totaling over one and two-thirds inches.

High mark for the week came on Friday afternoon when the mercury climbed to 86, and the low mark came the next morning when the column fell to 57 degrees.

Almost 80% of the precipitation was recorded during the 24-hour period from 6:00 p.m. on Sunday until the same hour on Monday evening.

Readings for the past week are as follows:

	High	Low	Prec.
Wednesday	80	63	0.24
Thursday	83	58	0.02
Friday	86	59	0.01
Saturday	85	57	0.00
Sunday	82	58	0.04
Monday	74	64	1.32
Tuesday	74	59	0.06

Temperatures through Monday will average near or somewhat above normal highs and lows of 81 and 61. Warmer Thursday and Friday, turning colder over the weekend. Scattered, almost daily, showers or thundershowers will average one-half to three-quarters inches of rain.

Stores, Schools Close

Labor Day Activities Will Climax Good Tourist Season

THE NEW PRINCIPAL of Brevard senior high school, N. A. Miller, and Mrs. C. K. Olson, Brevard's new supervisor of instruction, are shown above discussing plans for the coming year of school. Mr. Miller became principal after the retirement of Robert T. Kimzey and Mrs. Olson left a teaching post in Franklin to fill the position of supervisor. (Times Staff Photo)

Labor Day activities in Brevard and Transylvania county will climax a highly successful 1963 vacation season here.

Monday will be a holiday as stores and town and county offices will be closed. County offices will also close Saturday morning.

All schools in the county will close and the Brevard high school band will travel to Hendersonville that afternoon to participate in the Apple Festival parade.

According to Postmaster C. Y. Patton, Jr., there will be no delivery of either city or rural mail and the general delivery window will be closed.

The meeting of the Town Board of Aldermen has been cancelled for that night. They will meet the following Monday, September 9th. The Transylvania County Board of Commissioners will meet on Tuesday night, September 3rd.

Most merchants will close their stores Monday in observance of the holiday. The banks will also close.
