

Jehovah's Witnesses At Meeting

Jehovah's Witnesses came home stimulated Sunday evening as their semi-annual Bible conference came to a dramatic climax when the featured speaker, Bruce E. Giffin, addressed 959 attentive listeners on the subject, "The Bible Triumphs in a Scientific World."

The delegation, assembled in the North Carolina National Guard Armory in Charlotte, heard Mr. Giffin say:

"Scientific fact does not clash with the Bible. Many persons quickly assert that the findings of proved science nullify the Bible's account of the origin of life among other things. However such basis are found only in unproved theories, hearsay and prejudice. Those grounds are insufficient to condemn the Bible.

"On the other hand, the findings of proved science harmonize completely with the Bible's account of the origin of life and other supposed conflicts. Thus, if you are to reject what the Bible teaches, then, to be consistent, you must also reject the established findings of true science, which expose theories that have no basis whatsoever in scientific fact."

In the concluding address, the witnesses were happy to learn that Saturday's ordinance witnessed the baptism of 13 new ministers.

"The Brevard local ministers in attendance have expressed continued enthusiasm about their Bible teaching program carried on in the Brevard area. Mr. Mays, presiding minister of the local congregation said:

"Feed My Little Sheep", the theme of the seminar has instilled in us greater desire to show neighborly love by conducting Bible lessons free of charge in private homes."

It's Wintry At Cathey's Creek

By MRS. KEN RILEY

CATHEY'S CREEK—There is no doubt but what the calendar was right this year. Because with winter officially beginning last weekend, it began with a snow and ice storm. Several of our folks were unable to make it back to town to finish their Christmas shopping. However much of it is melting now. It was about four inches.

We would like to pause to wish every reader a very happy, prosperous new year.

Your writer and her family attended the wonderful parade at Rosman last Saturday afternoon and would like to congratulate each one connected. It was truly beautiful and especially nice since it was their first one. Gustina Barton arrived home for the holidays from Berea College, Berea, Kentucky. She is the daughter of Mrs. Elizabeth Barton on Ross Road.

Recent guests of Mr. and Mrs. Harry West and son in the Mills River section were Mr. and Mrs. Russell Eubanks. The Eubanks also attended the Christmas program there when the Rev. Darrell Rhodes is pastor.

Christmas day guests at the Alvin Fowler home were Mr. and Mrs. C. D. Roess and son from the Boylston section and Truman Patterson from Little River.

We have been asked to thank the Young Adult Ladies class of First Baptist church in Brevard, of which Mrs. Crawford Freeman is teacher, for their kindness and thoughtfulness of their gifts to a semi-shut-in, Nellie McKinney. She was visited on Sunday by Mrs. Freeman, Miss Mae Freeman and Mrs. John Mireheimer. Her thanks to all who helped to surprise her.

Our sympathy to the family of Will Simpson who died last week at home in the Boylston section. Mr. Simpson was a cousin to your writer.

There were no accidents reported in our part over the Christmas holidays and let's try to do the same for New Year's.

The history of a steel rail is recorded in symbols rolled into its web. Any standard rail can be traced back to the furnace in which it was made, the particular "heat" of steel from which it came and the portion of the ingot from which it was rolled.

When you think of prescriptions, think of VARNER'S, adv.
