

Brevard Rescue Squad Finds Rough Going In Making Dramatic Rescue In Snow

RESCUE SQUAD OFFICERS, Capt. Jimmie Rowe and Jim Beavers, are pictured at the left with David Walker, son of Mr. and Mrs. Tom Walker, as they keep him warm following a sled accident in

Sherwood Forest Monday afternoon. The lad suffered a broken leg, and the squad members had a difficult time bringing him up the icy and snow covered embankment and down the road to an ambu-

lance. An overall scene of the accident can be seen at the right as Ed Sheehan takes a flat stretcher down to Rowe and Beavers. Jim Davis, who also assisted in the rescue, is at the left.

David Walker Is Painfully Injured In Sled Accident, Sherwood Forest

By The Editor

David George Walker, the 11-year-old son of Mr. and Mrs. Tom Walker, of Sherwood Forest, was dramatically rescued by the Brevard Rescue squad Monday afternoon after crashing his sled into a stump and over a 15-foot ice-covered embankment near the sawmill in Sherwood Forest.

His mother and her visitor, Mrs. Charles Pickelsimer, heard his screams and summoned the help of the rescue squad when they saw he could not move his legs.

Capt. Jimmy Rowe and Jim Beavers were on the scene immediately, putting the leg in a splint and keeping the boy as warm as possible until

an ambulance could plow up the icy road.

The scene of the accident was about a mile and a half off US 276, and a large log across the road blocked the last portion of the road.

Other members of the Brevard Rescue squad assisted Rowe and Beavers and approximately an hour after the crash, they had him on a stretcher en route to the local hospital.

All during the ordeal, young Walker was a real trooper, and at times he smiled at the rescue squad members as they joked with him.

He told this editor that he was coming around the curve before the crash making a

"1,000 miles an hour".

Fortunately, he was wearing a football helmet, which probably kept his injuries from being more extensive.

He is a fifth grade student at Straus school.

During the rescue operations, we felt terribly sorry for Mrs. Walker.

While rushing to the accident, she had fallen in a stream and she refused to leave the scene until she was sure her son was going to be all right.

We know her feet were frozen.

David's father, who is employed at Du Pont, arrived just before the squad pulled the boy

up the embankment, and the sons' first request was,

"Daddy, ride in the ambulance with me to the hospital."

Now that David is in the capable hands of the fine staff at the Transylvania hospital, we know he is going to be splendidly.

And I know that he will say a special prayer for the Brevard Rescue squad.

They handled the rescue with skill and understanding, and it's a good feeling to know that we have such a well trained organization in our community, ready to cope with any emergency at any and all times.
