

Brevard Rescue Squad Holds Open House Sunday, Agency Of United Fund

The Transylvania County Rescue squad, Brevard unit, will hold open house this Sunday, May 17th, from 1:00 p. m., to 5:00 p. m., at their new building on Fisher road.

Refreshments, donated by Biltmore, Sealtest and Kalmia dairies, and the Coca-Cola, Royal Crown, Seven-up, Dr. Pepper and Grapette bottling companies, will be served during the open house.

The members of the Rescue Squad point out that this is a fine time to hold their open house, since it coincides with Gov. Terry Sanford's statement proclaiming May 10th - 17th State Rescue Squad week throughout North Carolina.

A cordial invitation is extended to everyone to attend the open house and see the wonderful equipment and facilities that have been made possible by the generous donations and contributions of the people and the governing bodies of Brevard and Transylvania County.

The Brevard Rescue Squad is another benefit Transylvanians receive when they contribute to the United Fund Campaign.

The United Fund annually contributes a large portion of the Rescue Squad's annual income.

This money is used to purchase badly needed life saving equipment and to help bear the costs of rescue missions.

This year the squad has been able to purchase many new items including radios for 5 vehicles, lighting equipment, rope, a block and tackle, ladders and provide utilities for a new squad building.

The squad is composed of approximately 30 members who serve voluntarily without remuneration. In fact, members are expected to purchase their own uniforms and personal safety equipment.

Brevard Rescue Unit functions as a Life Saving and First Aid organization.

In the last year the squad has answered the call of their

Bloodmobile Returns On Thursday

The American Red Cross bloodmobile will be at the Brevard College gymnasium today (Thursday) from 12:00 p. m. to 6:00 p. m.

The Brevard Jaycees, sponsors of the bloodmobile's visit to Brevard, urge all blood donors, as well as those who have never given blood, to make every effort to donate.

There is a shortage of blood in the regional blood bank and it is imperative that the supply be replenished as quickly as possible.

A MODERN PIECE OF EQUIPMENT, a bronchoscope, proved its value just recently at the Transylvania Community Hospital when a quarter was removed from below the throat of a nine-year-old Brevard school girl. In the photo above, Dr. R. L. Stricker is showing Mrs. Inez

Grooms, Mrs. Zue Durant, and Mrs. Frances Dobbins how he worked for more than an hour to remove the object. The bronchoscope has a light and tongs at the end so that objects can be seen and removed.

Silver Tea Friday Highlights '64 Hospital Week Observance

The annual Silver Tea sponsored by the Hospital Auxiliary will be held Friday, May 15, from 2:00 to 4:00 o'clock in the Nurses' Dining room at the Transylvania Community Hospital.

This event is held each year during National Hospital Week. Tours of the hospital will be conducted by members of the hospital staff.

Proceeds from the silver offering will be used for the purchase of equipment for the hospital.

Women of the Lutheran Church are furnishing cookies for the tea, and Mrs. Gerald Grose is in charge of arrangements.

Hospital Week

Since this is National Hospital week, The Times has a number of stories and pictures throughout the issue concerning the observance.

Subscribers are urged to read them with interest.

Transylvania County Accountant Explains Flood Program Funds

Carl E. Bryson, county accountant, makes the following announcement today:

"In order to clarify the facts surrounding the Flood Control Program about which there seems to be some confusion, these are the facts pertaining to the election that was held June 3rd, 1961, authorizing the County Commissioners to levy 3½ cents on the 100 dollar valuation for the maintenance of watershed dams in the French Broad River Valley.

"The information that was put forth by the Chairman of the Flood Control Committee and the Soil Conservation Committee, Transylvania Times, 6-1-61, stated, and quote:

"If we vote 'yes', the Federal Government will build the upstream dams on the headwaters of the North Fork, the East Fork and West Fork of the French Broad River, on Cathey's

Creek, Davidson River and Little River at no expense to the people of Transylvania County, except 35c on the \$1000 tax valuation for the up-keep of the improvements." — Another quote, from the same source, "The Federal Government will pay all the expenses of building the headwater dams, cleaning out the streams below the dams, and cleaning out the bed of the French Broad River.

"It was reasonably obvious that no dams would be built and ready for 'Maintenance' during the fiscal year, July 1, 1961 thru June 30, 1962. However, as a token of good faith, and without levying an extra tax, the Commissioners set aside \$10,000.00 in the General Fund of Transylvania County for the purpose of maintaining those dams, should they be built.

"If the dams were not built, it was understood and agreed upon

Winn-Dixie Is Expanded, Five Other Stores

Construction is well under way on Brevard's largest drive-in shopping center. L. E. Bagwell, the contractor and owner, announces.

Located opposite Brevard college, the shopping center is surrounded by four streets. They are Broad, French Broad, Caldwell and the street by the Brevard Methodist church.

The largest building in the center will be occupied by Winn-Dixie super market.

The building is now under construction, and it will contain 16,000 square feet, which is a 60 per cent increase in size over the present building now occupied by the grocery chain.

According to Mr. Bagwell, it will be the latest design in super markets with most modern fixtures.

The present Winn-Dixie building will be remodeled and will contain Pat's Shoe Mart, a drug store to be owned and operated by Clyde Duvall, and Cassel's 5 & 10 Cent store.

There will also be a small shop

As A Public Service

Local Optometrists Will Give Pre-School Screening

May 28th has been designated as "Pre-school Vision Screening Day" by the North Carolina Optometric Society for Transylvania County.

This program of screening those children who are starting school for the first time was started in 1962.

Each year, as a public service, members of the North Carolina Optometric Society offer their time for this screening which is made available without charge to these children.

"This screening is a comprehensive one which is designed to locate the problem, but no effort is made to diagnose it. Those who fail to meet the screening standards will be referred to the doctor of their choice", according to a statement by Dr. Mordicai Katzin, of Jacksonville, who is the president of the North Carolina Optometric Society.

"The child will be starting into a new experience, that of learning to read, and must have eyes which function well if he is to keep up. Since 80% of what we learn is by vision,
