

Building Boom Continues Throughout Brevard And Transylvania County

TWO OF THE MANY BUILDINGS now under construction in the town and county are pictured above. At the left is the new auditorium going up on the lakefront at the Brevard Music Center, and it is expected that this spacious structure will be ready for use

by festival time in August. At the right is the new Winn-Dixie store, the key building in the town's largest drive-in shopping center, opposite Brevard College. Other important building projects in the area include the expansions at Olin Mathieson Chemical corporation at

Pisgah Forest, the American Thread company at Calvert and the new administration building at Brevard College.

Tuesday, June 23 — Elks meet at 8:00 p. m.

Two Events Slated

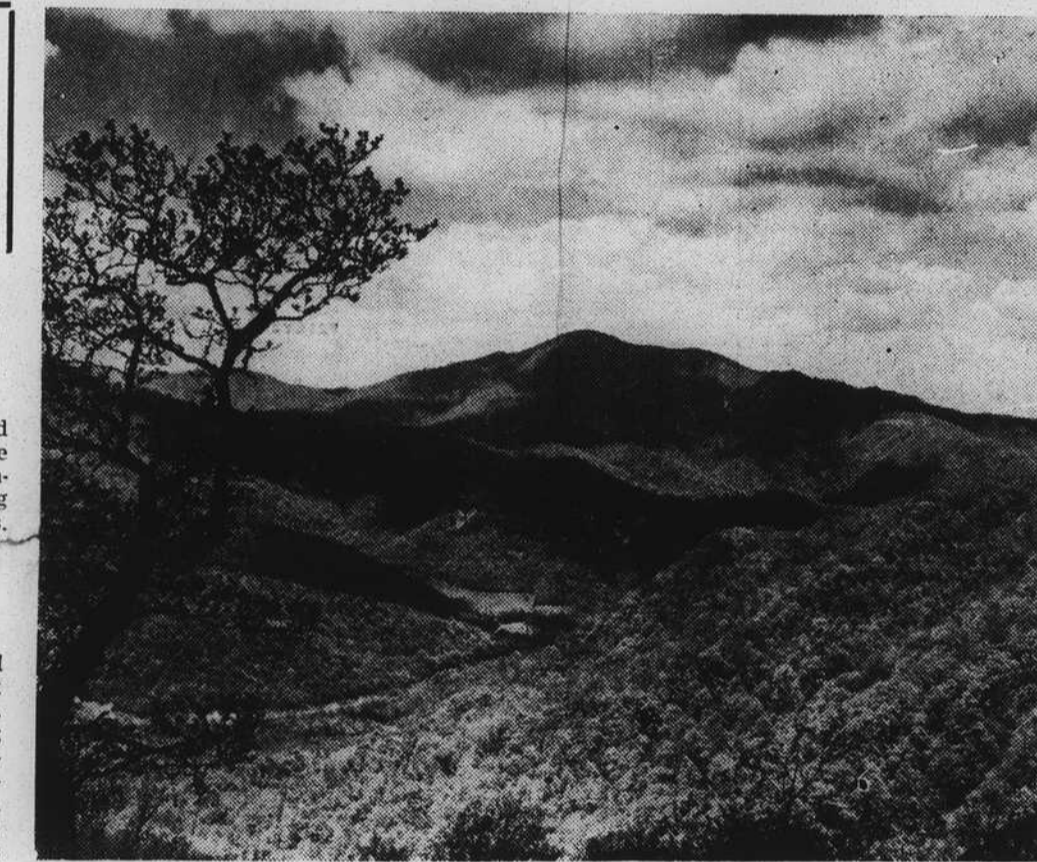

New Rosman Lions Club Receives Charter Saturday

Saturday night will be charter presentation night for the new Lions club at Rosman.

A large delegation of Lions and their wives from Brevard will attend the event at the new Rosman Fire station beginning at 7:00 o'clock.

All district officials are also expected to attend.

Officers of the Rosman Lions

THOUSANDS OF VISITORS are returning to the beautiful Pisgah National Forest, and already the recreational areas are filled to capacity be-

fore each weekend. The 1964 season is expected to be a banner one, Ranger Ted Seely reports.

Spaghetti Supper Friday

The public is invited to a spaghetti supper Friday evening in the Brevard College cafeteria.

The hours will be from 5:00 to 7:00 p. m., and proceeds will be shared by the Kiwanis club with sponsored Boy Scout troop 701, Explorer Post 701 and the Girl Scout troop 82.

The Kiwanians will use their money toward perpetuation of the scholarship fund for a deserving and needy student.

The regular semi-monthly meeting of the Kiwanis club will be held Thursday night at 6:45 in Gaither's Rhododendron room.

Henry C. McDonald, local architect, will talk on some facets of architecture.

By Counseling Program

Local Board Is Seeking To Aid In Employing Rejected Draftees

As a result of the President's Task Force on Manpower Conservation in February, 1964, Local Board No. 89, Transylvania County, as well as other Selective Service Boards in North Carolina, and across the country, has entered into a counseling program in conjunction with the Employment Service Commission, for registrants who have been found not acceptable for service in the Armed Forces, for various reasons.

The Employment Service Commission, through its counseling program, plans to refer:

(1) certain registrants to an educational program for training in vocational or technical courses, or academic subjects leading to vocational or technical training at a later date.

(2) those who are employable but are not full-time employed, into full-time jobs.

(3) those needing better employment, who are fully employed but are capable of better jobs.

The local draft board office is presently in the process of notifying registrants when and where they can be interviewed by a representative of the Employment Service Commission, locally, to set the program in motion.

All registrants concerned should take advantage of this opportunity.

Rhododendron At Peak Along The Blue Ridge

Although the Rhododendron along the Blue Ridge Parkway and atop the Pisgah National Forest was at the height of beauty last weekend, it will still be in full bloom this weekend, Ranger Ted Seely predicts.

Mountain Laurel is also appearing rapidly along the mountain slopes, especially in the Wagon Road to Beech Gap area.

Other flowers appearing in abundance are Blackberry, Bluets, Hawkweed, Daisies, Violets, Groundsels, Pentstemon.

The Weather

Another hot and dry week left Brevard and Transylvania county with little precipitation in the record books for this period.

The average daily high temperature reading for the week was a dusty 89, while the average low was 59. The highest temperature recorded for the week was a sticky 94, recorded Sunday. Low for the week was 55 on Monday.

The trace of rainfall on Saturday and the slightly over one-tenth of an inch which fell on Tuesday did little to settle the dust throughout the area.

Daily readings were as follows:

	High	Low	Prec.
Wednesday	92	60	.00
Thursday	91	56	.00
Friday	85	63	.00
Saturday	88	62	.05
Sunday	94	56	.00
Monday	91	55	.00
Tuesday	83	62	.15

High Temperatures Send Current Need To High Mark

Several days of temperatures hovering near the hundred mark—causing people to turn up their air conditioners—have brought a new production record to Duke Power Co.

The meters in the company's operation office in Charlotte showed an all-time high production peak between 11 a. m. and noon Monday. The company's

facilities produced 3,421,000 KW, raising the last record peak by seven per cent.

The new demand figure is double that of the highest day in 1954, and if the temperature continues at the present levels, G. G. Mattison, Vice President of Production and Transmission, expects to see yet a higher record set in the next few weeks.

Governor On Program

Dr. Pfohl Attends American Symphony League Conference

Dr. James C. Pfohl, founder-director of the Brevard Music Center, is in Detroit for a four-day annual convention of the American Symphony Orchestra League. Approximately 800 delegates from all parts of the North American hemisphere are expected to attend the largest conference for the performing arts in the world.

Dr. Pfohl, long recognized nationally for his efforts at establishing enduring cultural institutions in the South, joins business and cultural leaders from North Carolina in Detroit. He is a past vice president of the American Symphony Orchestra League, and a member of the Governor's special committee on the School for the Performing

College Will Hold Several Conferences

The 1964 tourist season in Brevard and Transylvania county is expected to be a banner one, a survey this week reveals.

Already the famed Pisgah National forest is crowded on weekends with visitors from many adjoining states.

Motel operators and owners of the restaurants and drive-ins in the community report quite an influx in business.

Practically all of the 18 organized summer camps report a capacity number of campers for the season.

The Transylvania Music camp will have its largest enrollment, and concerts are planned throughout the summer season. This is the 28th season, and elaborate plans are being completed for the "best" season.

The American Red Cross has completed a highly successful Aquatic school at beautiful Camp Carolina, and other camps are having pre-camp sessions.

Brevard College is a popular place this summer, as many conferences and meetings of various groups are being held there.

Next week The Transylvania Times is publishing its annual Camping edition, and it will contain features and stories of the various camps of the county, as well as many other interesting articles.

Crackdown Continues

Youths Fined For Misconduct In Pisgah Recreational Areas

Eight youths were arrested this past weekend for violations of state and National Forest laws.

Three from Brevard were fined \$25.00 each and suspended from use of camping areas in Pisgah National Forest for 6 months in separate cases tried before U.S. Commissioner John A. Ford.

In each case the offenders were charged with operating a motor vehicle in a careless and unsafe manner, based on complaints from campers using White Pines Recreation Area.

Five youths from the Asheville area were arrested early Sunday morning by Sheriff's deputies and Forest Service personnel on a charge of public drunkenness. They were reported by campers at Pink Beds Recreation Area who used a citizen-band radio to notify police. The campers complained of youths holding a drinking party, using loud, boisterous, profane language and threatening to kill one another with a knife.

Another radio call over the citizen-band radio, relayed by telephone to the Sheriff's office, reported the youths had left the

Pink Beds and were proceeding toward Brevard on U.S. 276.

Sheriff's deputies and Forest Service personnel were already enroute to the Pink Beds and apprehended the offenders by blocking the forest highway.

A knife, an almost full fifth of whiskey, several cans of beer, and an army type bayonet were

Cook Is President

Rotarians Install New Officers Monday Night

Charles Cook was installed as the new president of the Brevard Rotary club at induction ceremonies last Monday night.

The installation of officers was at Camp Deerwoode, and a ladies' night was held. Rotary members and their wives enjoyed a barbecue dinner.

Other officers installed at this time were: John Smart, secretary; and Ted Miller, treasurer.

Also installed were Eugene Baker, Jack Mitchell and Dr. Marius Wells as members of the board of directors.

Dr. Wells, outgoing president, was presented with a diamond-studded Rotary pin.

Each lady present was presented with a gift.

Mr. Cook is employed with the Brevard Du Pont plant, and he has been an active Rotarian for many years.
