## Almost \$9,000 Taken In Second Hold-Up Of Rosman Branch Of First Union Bank

### All-Out Search Is Continued, No Trace Yet

For the second time in 18 months, the Rosman branch office of First Union National Bank was held up and robbed last Friday afternoon.

Rowell Bosse, who is in charge of the Rosman office, stated that two young men entered the bank several minutes before the 1:00 p.m. closing time last Friday, held him up and escaped with almost \$9,000 in cash.

Mr. Bosse was also on duty on Monday, October 26, 1964, when the Rosman bank was held up by two men who were apprehended some 90 minutes later. Over \$6,000 was taken from the bank on that occasion, but most of it was recovered. The two men are currently serving stiff sentences in a Federal penitentiary for the robbery.

Last Friday's holdup men were described by Mr. Bosse as both in their early to mid-twenties. One had long blonde hair, the other had brownish blonde hair and a small mustache.

Some eye-witnesses stated that a third youth waited in the get-away car while the robbery was taking place and actually drove it during the escape.

Mr. Bosse stated that the long-haired blonde handed him a note that he apparently had just written on the back of a bank deposit slip indicating that "this is a hold-up". He then produced a "long-barreled revolver" and stated "I don't want to have to shoot you."

## Major Work On Highways In County To Begin Immediately

Major highway construction work in Transylvania county is slated to start right away, according to W. Curtis Russ, of Waynesville, highway commissioner of the 14th Division of North Carolina.

Mr. Russ, speaking to a group of Transylvania community leaders at Gaither's Tuesday night, stated that bids to construct a four-lane highway from the Brevard city limits to the Southern Railway bridge on highway 64, and a new highway from the bridge on to Rosman, could have already been let if property rights-of-way had been secured.

"We are ready to move right now," he stated, "but we are meeting with such opposition in securing rights-of-way from the property owners along the route that we now have no idea when we will be able to get started."

"We of the highway commission want you folks to know that the holdup on constructing a new US 64 from Brevard to Rosman does not lie with us," he continued. "We will move just as soon as the good people of Transylvania permit us to."

Mr. Russ then switched the subject to US 276, stating that improvement work will start at once on the stretch of highway from the Brevard city limits to the South Carolina line.

This work, amounting to a cost of almost a quarter million dollars, is scheduled to be completed before December 1st of this year. Work to be done includes complete resurfacing of the road as well as widening and strengthening —Turn to Page Four
