

Heavy Voting Expected Saturday In The Primary Elections In County Precincts

Survey Reveals

8% In Transylvania Are Eligible For "Medicare"

Just what proportion of the over-65 population of Transylvania county will be enrolled in medicare when July 1st (M-Day) arrives is still

an open question.

For those who have not yet signed up, there is still time to get in under the wire. The deadline is May 31st.

Although the final figures will not be known until that date, a close approximation is now possible, thanks to recent government data on the number of older people in each section of the country and on the rate of enrollment.

Next Monday Is Memorial Day

Memorial Day, May 30th, will be observed in Brevard county on Monday as a semi-holiday.

The post office will be closed and there will be no city or rural delivery. The window will also be closed, however there will be special delivery service.

The banks and savings and loan association will be closed.

All county offices in the court house will be closed except the Board of Education office. Town hall will also be closed for the day.

The new data, from the Department of Commerce, shows that there has been a considerable rise in the nation's over-65 population since 1960, when the last census was taken. The total is now over 19 million.

In Transylvania county, some 8.1 percent of the local population are currently in that age bracket. This compares with 7.3 percent in 1960.

Elsewhere in the United States, the average is 9.3 percent. It is 7.1 percent in the State of North Carolina.

All of these men and women will automatically be entitled to the hospitalization part of medicare.

This includes hospital services, nursing-home care and various other benefits. There is no charge for this phase of the program.

What they will not get, unless they apply for it is government-sponsored insurance that will take care of most of their doctor bills. This supplementary protection is available at a cost of \$3 a month.

Usually, only a Democratic primary is held in Transylvania, but this year there is a contest between Winfield Scott Harvey, of Arden, and Joe S. Schenck, of Canton, for nomination on the Republican slate in the Congressional race.

In the Democratic primary, Transylvania voters will choose between Charles R. Crawford and Mrs. Mary Faye Brumby for State Senator in the 33rd Senatorial district.

In the State House of Representative race, Jess A. Galloway opposes Lacy H. Thornburg.

Incumbent F. Marvin McCall has as his opponent Landell R. Whitmire for Clerk of Court.

THIS IS HOLE NO. 11 at the Glen Cannon Golf course, and it is expected to become a Transylvania County landmark in years to come. The new golf course opens Saturday, and local golfers are anxious to play the course and to admire the scenic beauty from

every hole. In the background can be seen the 75-foot splendor of Glen Cannon falls, and the front is guarded by a crystal-clear stream. While the hole is beautiful, it is equally as difficult. (Times Staff Photo)

With A "Bang"

Glen Cannon Country Club To Open Saturday, Play Scheduled

BANG!! With a double-barrelled blast fired by Glen Cannon Country Club President, L. J. Madden, Jr., play will commence on all 18 tees in a shotgun start at 9:00 a.m. on Saturday, May 28th. Another shotgun start is scheduled at 2:00 p.m.

The course appears to be in excellent condition and the Opening Day committee, consisting of Dr. Walter Clayton and Charles Brewer, both directors of the club, is working hard to provide the kind of weather needed for a fine holiday weekend of golf.

The committee has selected W. H. "Bill" Keith for the honor of teeing-off on No. 1 tee. Mr. Keith was instrumental in organizing the club and served as its first president until his recent move to Gastonia. Dr. Clayton, who has spent many hours working and planning as Chairman of the Golf Course Construction Committee, will also play in the foursome starting on No. 1.

Of course, the weather may play an important part this weekend. The Board of Directors has designated Doyce Hunter, greens superintendent, as the one who, at all times, will decide on whether the golf course is playable and whether or not power golf carts may be used. His decision is the "law".

The club recognizes that many things need to be completed before the course will be in championship condition as it is certainly destined to be. Work will continue at full pace as new tees are added.
