Pool. Major repair and improvements will follow. (Times Staff Photo)

Opening In July

Major Repair Work Being Done At Franklin Park Swimming Pool

Children and parents of Brevard already know the swimming pool at Franklin Park will open late this year. The Town Board of Aldermen hope, however, that the late opening will be a worthwhile exchange for the work now in progress.

At a recent meeting, the Board voted unanimously to spend \$11,250 for major repair and improvements to the pool structure. A portion of the work by Town of Brevard forces, namely, the removal of damaged concrete is now complete.

The pool repair will be accomplished by the Gibson Swimming Pool company, of Greenville, South Carolina. Repairs will consist of replacement of all concrete removed by Town forces, and installation of new drains, and application of a granite liner to make the pool leak proof and more safe. Existing jagged edges will be covered.

A new surface skimmer system with filter unit will be installed to improve the quality of the pool water.

Weather permitting, all work is scheduled to be completed in early July.

McLarty Announces

Brevard College Receives Two Grants During The Week

Brevard Junior College will share in a grant made yesterday by the S&H Foundation to the North Carolina Foundation of Church-Related Colleges, Inc. The grant, part of a \$37,000.00 gift to The Independent College Funds of America, was presented to NCFRC Executive Director, Paul H. Kolb, Winston-Salem by S&H District Manager Joseph Harrison. The Sperry and Hutchinson Company, distributors of S&H Green Stamps, sponsors the S&H Foundation.

The NCFRC is a member of the Independent College Funds of America, an association of 39 state and regional private college organizations in the U.S. This is the sixth consecutive year of ICFA support by S&H.

Other independent North Carolina Colleges sharing in the grant are: Campbell Junior, Catawba, Chowan, Elon, Gardner-Webb Junior, Greensboro, Guilford, High Point, Lees-McRae Junior, Lenoir-Rhyne, Louis-

Dates Announced

Jaycee Folk Festival, Beauty Pageant To Be Separate Events

The annual Brevard Folk Festival and the "Miss Brevard" Beauty pageant, which have been held here in the past on the Fourth of July weekend, will be two separate events this year.

The big Folk Festival will be held this year on July 9th, and it will be a one-night affair.

The "Miss Brevard" pageant will be staged on August 27th.

Both events will be held in the Brevard senior high school auditorium.

Jaycee Chairman Bud Case says that several dance teams and bands have already entered the gala Folk festival.

Other groups will be welcomed, and they can enter by contacting Mr. Case at Lake Toxaway, 966-4760, or any Jaycee.

In addition to the "Miss Brevard" pageant on the 27th of August, several Beauty Queens from all over Western North

Carolina will be here, and guest performers will also appear.

The event will be climaxed by the crowning of the new queen by Miss Constance Gilstrap, the current queen who will represent Brevard at the 1966 "Miss North Carolina" contest on July 11th-16th at Greensboro.

The new queen will represent Brevard during the summer of '67.

Miss Gilstrap has completed her first year at Clemson since being crowned "Miss Brevard" last summer.

Commerce Body Hears Many Reports Tuesday

Directors of the Brevard Chamber of Commerce held a busy session at their regular monthly meeting in the library Tuesday night.

They joined other civic groups in the area who have adopted resolutions supporting the water resources plan formulated by the Tennessee Valley Authority and accepted by the Upper French Broad Economic Development Commission calling for the construction of 12 flood control dams in a five county area.

The plan is being opposed by certain Wildlife groups who feel that construction of the dams will destroy valuable trout fishing streams.

Don Blankinship reported for the advertising committee that a new brochure for Brevard and Transylvania was almost ready to be printed, and that a new large sign welcoming visitors to Brevard had been constructed near the entrance to Pisgah National Forest and the intersection of the Hendersonville highway.

Ben Patterson reported for the merchant's division that plans for a town wide Fourth of July Sidewalk sale to be held on June 30th and July 1st and 2nd were being made. He also

Weather

As might be expected at this season of the year, Brevard's temperatures are reflecting the coming summer season.

Temperatures during the past week averaged out at 81 for a high, with the low temperature showing a cool average of 57 degrees. High mark for the week was Monday afternoon, when the thermometer reached 85, with the low of 52 degrees occurring on Sunday and Monday mornings. Rain totalled 2.62 inches.

The weather bureau's five-day forecast said temperatures will average near the normal mark this week, with highs of 82 and lows about 58. It should be rather warm and humid with precipitation amounting to about an inch, occurring as showers and thundershowers.

	High	Low	Prec.
Wednesday	84	58	0.86
Thursday	80	61	1.19
Friday	83	62	0.57
Saturday	83	60	0.00
Sunday	82	52	0.00
Monday	85	52	0.00
Tuesday	73	53	0.00

Mass Meeting Concerning US 276 Set

The public is invited to a mass meeting in Robin Hood's barn at Sherwood Forest to learn facts "behind today's news" concerning Highway 276.

The meeting will be held on Friday, June 17th, at 8:00 p.m.

All citizens are invited by Arthur Dehon, chairman of prop-

Wayne Bradburn Will Be New Superintendent, Wilkes Schools

By - The Editor

C. Wayne Bradburn, superintendent of the Transylvania School System, has resigned to accept a similar position in Wilkes county.

His resignation is effective as of the 1st of July of this year, and the Transylvania Board of Education is now interviewing a number of applicants for a successor.

In his new position, Mr. Bradburn will be superintendent of the 22 schools in Wilkes county, including five high schools.

There are some 9,500 students enrolled in the system.

Mr. Bradburn says he has deep regrets over leaving Brevard and Transylvania, an area he describes as the best place

To Pave More Than 24 Miles Of Streets And Highways In County

Moore Says 17 Projects Will Be Completed

Contracts for paving 24.4 miles of roads and streets in Transylvania are scheduled to be approved by the State Highway Commission in July and August, Donald Lee Moore, chairman of the board of Commissioners said this morning. There are 17 different paving projects.

"I learned that engineers are working day and night to get the details ready for bidders in order that the work will be completed this fall," Chairman Moore continued.

"According to my conference with W. Curtis Russ, highway commissioner of the 14th Division, something like \$170,700 is involved just for paving, and the money is in hand for the projects."

The chairman said further:

"There have been so many rumors about road projects in Transylvania, I felt it best to go direct to the source and get the facts from the Commissioner, who has worked with our Board. I was delighted at the amount of work already planned, and how soon the contracts for the more than 24 miles of paving will be put to bids."

"Not only is the Commissioner anxious to get the 17 paving projects started in our county, but is sincerely interested in letting a contract for the link of the 4-lane and bridge across the railroad on US 64.

"The money is in hand—something like \$250,000—for this project, and will be put under contract just as soon as the rights-of-way can be secured. Then will follow the building of the 4-lane of US 64 on into Brevard, and also the new US 64 from the railroad bridge to Rosman. Right now the only thing keeping the project from going to contract is the securing of rights-of-way," Chairman Moore added.

"I learned from the commissioner that three county paving projects are due for contract — totaling 8.3 miles and costing \$35,000. They include 2.9 miles of state road 1502 US 64 to NC 280—16 feet wide. The second project is State Road 1528, 4.1 miles, from US 64 to the Henderson line and the third project, 1.3 miles, state road 1536 from 1528 to 1534.

The City officials of Brevard have approved nine paving projects, totaling 2.75 miles, and costing \$11,800.

Rosman officials have approved three projects, covering 1.37 miles, and costing \$11,800. They are roads, 1156,

THE PIEDMONT MEETS THE WEST—Jule McMichael, right, county attorney for Rockingham, and Lacy H. Thornburg, left, county attorney for Jackson, discussed political affairs at beautiful Sapphire Valley last weekend. Mr. Thornburg is seeking re-election to the House of Representatives in the November election, and Mr. McMichael was

opposed in the May Democratic primary for a House seat. He is also a former State Senator, and on Monday, he was named first vice president of the North Carolina Association of County attorneys at the Asheville meeting. If elected, Mr. Thornburg will represent Transylvania in the House. (Times Staff Photo)

The Transylvania Airport committee, consisting of Jack Bryant, Spencer Hammill, Jack Mitchell and Gil Coan, is busy investigating the possibility of establishing an airport in the county.

The committee was appointed by the Transylvania Board of County Commissioners, and it is the hope of the group to construct an airport in Transylvania to serve general aviation in the area.

Brevard is included in the current National Airport Plan for a new airport.

This plan provides, through the Federal Aviation Agency, 50% of the total cost of an airport.

The local committee has worked with FAA engineers in a study of Transylvania county on feasibility and site location for a new airport.

Results of the study show a need for such a facility with possible sites in Cathey's Creek area or in the Pisgah Forest area.

Cathey's Creek site is the primary one with good app-

WPNF Program Highlights

Greater Emphasis Placed On Broadcasting Local News

Every effort is made by the personnel of the Transylvania Times as well as radio station WPNF, in order to put "On The Air" the local news of Brevard and Transylvania county, as soon as is humanly possible.

Three local news broadcasts are featured each week by WPNF, at 7:30 a. m., 12 o'clock noon and at 6 p. m. each evening, with other local news stories inserted during the day as the occasion may warrant.

Officials of the Brevard Fire department recently inaugurat-

ed a new policy:

When a fire takes place, and local volunteer firemen answer an alarm, after the fire is extinguished, the department calls WPNF by telephone and reports the time of the fire, location and other pertinent details. These are then broadcast on evening news broadcasts, so that the public may be informed of what took place.

It is the intention of WPNF and the Transylvania Times to continue close cooperation so
