HARRY PATTON, chairman of the Transylvania Board of Elections, is pictured on the site where the new polling place for East Fork precinct will be constructed. This land was leased from Mr. and Mrs. Joe Letterman, and it is above the high water mark of the proposed TVA dam. To

reach the new site, located about six miles above Rosman, one drives to the end of the Walnut Hollow road, turns left to Crawford Mountain road and then to the top of the hill to a driveway on the right.

spark plugs and points, and to adjust carburetor. The instructor for this will be Jack Smathers.

All basic principles involved in cabinet making will be included in the course of Cabinet Making. Albert Williams will be the instructor.

Last fall Basic Welding was offered to those who desired it. For students who have completed this course and who desire to become more proficient in welding, there will be an Advanced Arc Welding class. Blaine Emory will be the instructor.

A minimum fee will be charged to cover consumable materials.

For those interested in any of these courses, persons may obtain further information from Randal J. Lyday at Brevard senior high school.

Enrollment will be limited in all classes. Assignments will be made on a "first come, first served" basis.

A group of low-income Macon County, North Carolina farmers, aided by Agricultural Extension Agents, the local community action agency, and the North Carolina Fund, have formed a cooperative that built a processing plant for local produce and improved farming methods resulting in increased incomes of up to \$2,000 per farmer.

On National FFA Week

By - GARY HAMLIN

Vocational agriculture students in Brevard high school are joining Future Farmers of America members throughout their nation in activities to focus attention on the importance of agriculture during National F.F.A. Week, February 18-25.

"Agriculture — Strength of America" is this year's F.F.A. Week Theme. The boys are undertaking a campaign to inform the general public about the importance of the agricultural industry to America, the growing need for farming, and of the numerous and wide variety of opportunities that exist in the broad field of agriculture for young men who have a background of farm experience and training.

"We have had such an abundance of food in America that people are taking agriculture for granted", said Randal J. Lyday, vocational agricultural teacher and F.F.A. advisor. "Actually farming is now and always has been our largest and most vital industry, and it is becoming increasingly important with our expanding population. In our area particularly, most of the businesses and most of the jobs, are basically dependent upon farms for their existence. Take away the farms and for all practical purposes you would destroy the entire community."

The Brevard FFA Chapter has 78 members. The chapter officers are Ansel Merrill, president, Charles Bryson, vice-president, Johnny Ball, sentinel, Gary Hamlin, reporter, James Cantrell, treasurer, and Mr. Randal Lyday, advisor.

The National Future Farmers Organization has approximately 450,000 members with 9,000 local chapters in the 50 states and Puerto Rico.

Future Farmers choose the week of George Washington's birthday each year for the observation of National FFA Week. Although usually recognized as a Revolutionary War General and our first Presi-

dent. Washington's first love was the farm. He was one of the first in the nation to practice contour planting, crop rotations, fertilization and other soil conservation and improvement methods.
