Total Bill In County Said To Be \$713,000

By - Staff Writer

For residents of Transylvania County, who are sending more of their young men and young women to college these days, the cost of education is rooming. It has betion is zooming. It has be-come a major financial expenditure in many families.

In some cases, in fact, where there are two or more children to send to college, it actually involves a bigger capital invest-ment than was made for the family home.

The bill that local parents will be shouldering this year, for college tuition alone, will amount to approximately \$713,000, it is estimated.

Facts and figures on college enrollments and costs have become available as the result of surveys and studies made by the Department of Health, Education and Welfare, the Institute of Life Insurance and

Nationally, they show, the number of college students has been rising sharply, going from 2,935,000 to 6,400,000 in the last six years.

In Transylvania County, the number has gone from approximately 230 in 1960 to an estimated total of 460 at the pres-

For the ones who are going to publicly supported colleges, the average cost per year for tuition and other fees is a little more than \$1,000 and, for those at private institutions, an average of \$2,100, according to government findings.

Thus, assuming that the 460 local students are equally divided among the publicly and privately operated colleges, the overall outlay for one year comes to \$713,000.

And this does not include other costs-for clothes, room and board, books, luggage, transportation and the like.

Including all these expenses, it might cost a family up to \$3,200 a year to keep a youngster in a private college and up to \$1,800 in a public college, according to the Family Economist, an insurance publication.

Which means that the total investment for a family with ree children at college for four years would range up to \$38,400 if they choose private colleges and up to \$21,600 at

The number of Transylvania county families whose incomes are sufficient to absorb this kind of econo shock is on the increase, the figures indicate.

Dean Harris Heads New "Action Committee" Of The United Fund

(Editor's Note: This is the third in a series of four articles on our local United Fund or-ganization naming the "Action Committee Chairmen" and their committee members.)

A new "Action Committee" set up to help with the 1968 Transylvania County United Fund drive is the Agency Re-lations Committee. The com-mittee is headed by Dr. J. Braxton Harris, Dean and Registrar at Resport College Registrar at Brevard College.

The purpose of this committee, according to Dr. Harris, is organization and the agencies in the community that benefit from its work. Its aim is to coordinate publicity and feed back information from the several agencies receiving aid to the Board of Directors of the Trans ylvania County United Fund.

In addition, the Agency Relations Committee is charg-ed with the responsibility of making the community aware of the services rendered it by the cooperating agenecies of the United Fund.

In addition to Dean Harirs, other members of the commit-tee are Sam Brewton, Ray Burgin, Jim Felty, Dr. Frank Mc-Guire and Jim Wells.

Dr. Harris is well known in

SATURDAY IS DDD IN TRANSYLVANIA

Charles W. Pickelsimer, Jr., Vice - President and General Manager of Citizens Telephone Company, reminds all subscribers that Saturday, September 2nd, at midnight, Direct Distance Dialing will become a reality for the citizens of Transylvania County.

Mr. Pickelsimer reminds everyone that this new service saves time and trouble for all station-to-station type calls. He also emphasized that person-to-person, credit card, collect, pay-station, or other calls requiring special handling, will still require assistance from the operator.

This is but another step forward by the Citizens Telephone Company in bringing the people of this county the best telephone service available anywhere.

Detailed instructions for making DDD calls will be included with all September bills.

Thank you,
