

Hamlin Becomes Senior Member **New Law Firm**

Lewis P. Hamlin, Sr., will withdraw from the firm of Hamlin, Ramsey and White effective January 1, 1968, to become the senior member under firm name of Hamlin, Potts and

Mr. Hamlin is a native of Transylvania county and has practiced law here for many years and is considered one of the leading lawyers of Western North Carolina.

He attended the public schools of Transylvania county and graduated from Cullowhee. He studied law at Wake Forest College.

He served two terms as Register of Deeds for Transylvania County and as County Attorney and Solicitor of the Recorder's Court

He represented Transylvania County in the General Assembly of North Carolina in 1929 and was Minority Leader in the Session when the Republi-cans had 36 members in the House of Representatives.

He helped organize and is a charter member of the Bre-vard Chamber of Commerce and served in the various ofices and was a member of the Soard of Directors from the ime of the organization up un-Turn to Page Four

Jaycees Seeking Much Expansion At Olin And First Baby In '68 To Receive **Many Prizes**

To single out the 10 most important stories in Transylvania this year, to all our readers' satisfaction, would be an impossible task; for people differ widely in their interests and thus in what they consider important. But there is a common denominator - one not necessarily of personal interest but of community interest and importancethose things which affect the community as a whole. These are the kind of headlines we have tried to select. We list them here, not necessarily in the order of importance: That is for the reader to decide.

At Du Pont Continued In '67

Elections, New School Leaders,

Floods, Etc., Were Top Stories

ABC ELECTION

Because it was an example of democracy in action; an example of the will of the majority prevailing in a controversial matter by democratic processes, we believe the ABC Election must be ranked as one of the top 10 news headlines of 1967. In this day of too much violence, peaceful settling of controversies without demonstration, without lasting ill feelings, is something we all can be proud of.

BOND ELECTION FOR TOWN HALL AND FIRE STATION

Another example of democratic self government was the bond election for construction of a new Town Hall and Fire Station. We can perhaps be more sure of this story's place in the top 10 than most of the others: the overwhelming 14 to 1 vote in favor and the total vote cast clearly indicated the lively public interest.

FLOODS IN TRANSYLVANIA COUNTY

This subject was unquestionably of vast interest to the farm community; and, since the farmers feed us all, it was of interest to us all; thus its place in the top 10 subjects.

DU PONT EXPANSION

Brevard and Transylvania county depend heavily upon their industry. Good employment means good incomes; good incomes mean business and good taxes to support the government and public services. The expansion of the Du Pont plant is synonomous with progress for the entire county. UNION ELECTION AT OLIN MATHIESON The election for Union representation at the Olin Mathieson plant was an example of democracy in industry, something peculiarly and proudly American. The Labor Relations Board called a hearing and decided an election, as to whether there would be Union representation at the Brevard plant, was in order. The election was held and Union representation was defeated. A large number of Brevard and Transylvania citizens were concerned and cast their votes; thus the story's wide community interest and importance.

The first baby born in Tran-

sylvania county in 1968 will receive many fine prizes with the compliments of several Brevard merchants.

The contest is conducted annually by The Transylvania Times and Radio Station WPNF in cooperation with several local firms.

The rules of the contest this year are carried in a page message in the fourth section on page seven.

There will be a special program on WPNF on January 2nd when it is hoped the announcement of the first baby can be made.

Prizes offered and their donors are:

Christmas Was Quiet And Cold, Round-Up Made

Christmas 1967 in Brevard established no records weatherwise or otherwise.

The weather was much in the news across the nation during the holidays, but only a trace of snow fell in Brevard last Friday night.

Christmas Day, like Christmas Eve, was cold throughout the daylight hours, however past Christmases have been much colder. There were many accidents in the state and nation over the long weekend, however there were only a few minor accidents in the town and county. None were serious. The Brevard volunteer fire department answered one alarm, but there were no major damages.

We are calling this feature to your attention because 1968 will be a year of many changes.

The weatherman cooperated beautifully with Brevard residents, who enjoyed a delightful Christmas day, at least from the standpoint of weather. Temperatures were moderate this past week, with a minimum of precipitation. Averages for the week were 59 and 38.

Forecast for the next five days calls for temperatures slightly below normal, with a possibility of snow during the middle of the week.

Temperatures and precipitation for the week are as follows:

High Low Prec. Wednesday ____ 67 46 0.02 Thursday _____ 60 54 0.17 Friday _____ 62 53 0.00 Saturday 63 0.08 45 16 0.00

BAD CHECK RING BROKEN UP

Law enforcement is of interest and concern to all of us. When the law is impartially enforced by our own and county enforcement authorities, we all have the right to be proud, for our Police and Sheriff's Departments represent us. The kind of efficient law enforcement in this news story is not just gratifying; it is mandatory if our community is to continue to grow and prosper.

UNITED FUND DRIVE SUCCESS

Hand-in-hand with civic freedoms, there is civic responsibility. This includes, high on its own list, responsibility toward our less fortunate fellow citizens. A town or county without compassion for its unfortunate would be a cold place, indeed, to live. Our United Fund Drive proved that Brevard and Transylvania county citizens have a heart. This is comforting knowledge for all of us.

PROGRESS IN THE BREVARD MUSIC CENTER

The Brevard Music Center is a source of pride for all of Brevard and Transylvania county; even for all the state. That it did so well last season, and confidently expects to continue enlarging and improving its important cultural functions, is a source of total community satisfaction.

EDUCATIONAL LEADERS CHANGE

A town and county's schools are its investment in the future. Without good schools, progress is in the future, without good schools, progress is impossible. Brevard has good schools; it had be-fore the changes in leadership and it has after the changes. Personal reasons for the changes are not important; it is important that the school leader-ship continues to be progressive. This ranks the story h, h in any listing of important headlines in 1967.

VFW RESOLUTION ON VIETNAM The subject of U.S. foreign policy, particu-36 4 Str. 1.

Brevard Man Listed Among War Casualties

WASHINGTON - The Pentagon Tuesday announced the deaths of four North Carolinians in Vietnam.

One of the victims was a Brevard soldier.

He was identified as:

Army Pfc. Lane A. Tilson, husband of Mrs. Darlene L. Tilson, Brevard.

Pfc. Tilson entered the service on July 18th, and he had been in Vietnam seven days when he was killed.

He was the third Transylvanian to be killed during the Vietnam war.

Prior to entering the service, he was employed by Os-borne Plumbing company. He attended Brevard high school.

Funeral services will be held at 2:00 o'clock Friday afternoon at the Buck Creek Baptist church in Macon county. He was a member of that church.

In addition to the wife, other survivors include the parents, Mr. and Mrs. Glenn A. Tilson, who reside on Duckworth avenue; five sis-ters and one brother.

Also hit by the higher rates will be local business firms that use other classes of mail
