Boy Scouts Of Troup 703 Now Taking Marksmanship Training

Boy Scout Troop 703, sponsored by the Brevard Davidson River Presbyterian church, has been receiving marksmanship training for the last three weeks under the direction of Committeeman John W. Eastes and James Brown.

The object of the training, according to Mr. Eastes, is to teach the scouts the fundamentals of marksmanship, using U. S. Army sighting techniques, the proper use of weapons and weapon safety.

Upon completion of the indoor phase of the work the scouts will have an opportunity to fire on an outdoor range.

The troop also recently had a campout at the Cross Tree Farm near Boylston, on January 27th and 28th.

The following Scouts under

the leadership of Scoutmaster Dick Gustafson made the trip: William Loftis, George Perkins, Brad Palmer, Marco White, Edwin Rice, David Hayes, Wayne Miller, Robert Johnson and John Gustafson.

Future plans include an overnight campout at Camp Daniel Boone on February 17th and 18th with special attention on hiking and mapping. In addition, plans are now being made for an overnight canoe trip and the regular summer camp at Camp Boone.

Scoutmaster Gustafson announced the enrollment of Steve and Mark Willis into the troop the past week and also has invited any boys age 11 who are interested in becoming Scouts to meet with him at the regular troop meeting on Thursday nights at the Presbyterian church or call him at 883-3870.

Balsam Grove News Reported

By J. R. Brown

BALSAM GROVE—The Shoal Creek church folks met at the regular time for Sunday school and preaching was at 11:00 by Rev. Bunion Kilpatrick. He is one of the oldest ministers of the county. He is 89 and reads without glasses.

The Balsam Grove community club is putting a new roof on the center which was badly needed.

Mrs. Pearlle McCall is doing some better with that broken arm that has given her so much trouble for over four months.

Uncle Elbert Owen is still a very sick man.

Tinsley Brown of Balsam Grove and L. V. McCall of Brevard went to Florida last week to see L. V.'s sister who is very sick and to visit other friends down there.

It didn't seem like Florida up here this morning. It was down to zero, the coldest temperature we have had this winter.

It sure is cold for the rabbit hunters but they say they are going to stay after them till the season goes out, hot or cold.
