

## Olin Makes \$200,000 Matching Gift To The "Fund For Your Life" Campaign

### Other Earlier Contributions Are Reported To Be Over \$56,000

A \$200,000 contribution on a matching basis to the "Fund For Your Life" hospital campaign was announced today by campaign officials.

The Ecusta Paper and Film Divisions of Olin have pledged this maximum amount as a corporate gift, provided the campaign achieves certain results by its closing date.

The terms under which the pledge has been communicated to the leaders of the "Fund For Your Life" campaign, provide that — up to a maximum of \$200,000 — Olin:

1. Will match one dollar for every dollar pledged by individual Olin employees; and
2. Will match one dollar for every two dollars pledged by individuals other than Olin employees, with the proviso that only the first \$1,000 of any one gift by an individual other than an Olin employee will be counted for purposes of matching by Olin.

Gifts from corporations, trusts or foundations will not be counted as individual gifts — Turn to Page Eight

Leaders of the "Fund For Your Life" campaign of the Transylvania Community hospital met Tuesday and heard encouraging reports from several sources.

Solicitations in the various divisions are beginning this week and next, and already the "Hospital Family" has reported that 44 pledges have been received from 46 employees.

The goal for this group was \$5,000, and pledges to date total \$6,489.

Harry C. Corbin, who is heading the drive in the schools, reported that \$8,400 had already come in.

These reports, along with a few advanced gifts, now total over \$56,000.

Jack C. Dense, campaign chairman who presided over Tuesday's meeting, told of the importance of prompt action by all of the solicitors.

Every dollar that is contributed to the campaign will be matched by more than three dollars in Federal and other funds.

Every business, every industry, every club and organization will be canvassed in the campaign. It is the hope of the committee that every Transylvanian will be given an opportunity to give.

Mr. Dense has this to say: "Since its founding, the Transylvania Community Hospital has endeavored to meet its obligation to administer to the health needs of our community. The growth of the county and the sophisticated advances of medical science and technology have rendered the present hospital totally inadequate. This inadequacy is evidenced by the fact that in the last two years many would-be patients were turned away for lack of hospital bed space. Others were sent to hospitals with more modern treatment and diagnostic facilities — hospitals that were far away from home and family and friends.

We urgently need a hospital close at hand that can provide us with the most modern life-saving potential available through medical science. For the health and safety of our family and friends we need this new hospital. This is our need."

ATTRACTING MUCH ATTENTION this week is the colorful banner across East Main street at the Bryant building which denotes the Headquarters of the \$2,050,000 "Fund For Your Life" campaign of

the Transylvania Community hospital. The headquarters are actually located on the ground floor of the Bryant building below the Duke Power Company offices. (Times Staff Photo)

### No Tax Increase

## Town Of Brevard Approves Record Budget Of \$453,000

A budget of \$453,000.00 has been approved for the Town of Brevard for the year beginning July 1, 1969 and ending June 30, 1970. This is the largest budget approved to date to cover the cost of Town operations and is indicative of the increasing cost of goods and services.

Once again it has been determined that no tax increase is necessary to meet the coming year's expenses.

This budget includes \$288,000.00 to meet the general expenses of the Town including fire and police protection street improvement and maintenance, trash and garbage collection and lesser services.

The operation and maintenance of the Town water and sewer system will require an additional \$108,126 and debt payments, \$56,814.00.

The budget was presented by the Town Manager, R. W. Buck, and contains nominal salary increases for most Town employees to offset the ever increasing cost of living.

Mr. Buck also stressed that during the coming year greater emphasis will necessarily be placed on providing routine services and in routine operations. Construction of new or replacement facilities such as water lines, sewer lines and drainage structures will receive less emphasis than during the past two years.

A greater portion of the budget will be devoted to repaving of streets than during past years. Mayor Raymond F. Bennett and the Aldermen unanimously concurred in the need for repaving as many of the streets as possible which are in very poor condition.

### In Recreational Field

## Chamber Of Commerce Directors Hear Of Needs

The need for a full-scale recreational program here in Transylvania county was cited to the directors of the Brevard Chamber of Commerce at their regular monthly meeting Tuesday night in the library.

"Guis" Siniard of the Chamber's recreation committee, explained that the trend today in many communities of comparable size to this area is to have complete recreational programs and facilities for use by persons of all age groups.

## Program Changes Are Made At WPNF, Variety Of Entertainment

Two program changes are noted this week on the WPNF schedule: Air Force "Country Music Time" Saturday mornings at 11:30 a. m., and a change in the Protestant Hour at 8:30 p. m., Sunday evenings.

Country music stars who will be heard on the new public service show for the Air Force include J. David Sloan, Bob Luman, Carl and Pearl Butler and Marion Worth. The show originates in Nashville.

The United Methodist Series of the Protestant Hour was concluded with last Sunday's broadcast.

Beginning Sunday, June 15th, the Presbyterian U. S. series will

order to properly go about organizing such a program, it would be necessary to first have a complete study made by a professional organization to determine the recreational needs of this area, and to spell out how to go about filling those needs.

Federal funds are available to help augment such a program, but the study must first be made in order to comply with regulations, the directors

### Weather

By FRED REITER

Temperatures during the past week averaged 81 and 52 at Brevard, with no rain during the period until Tuesday.

High temperature for the week was 92 degrees on Saturday, with a low of 39 last Wednesday morning.

Moderate - size hail fell on much of the area Monday afternoon. Hail was reported on the northern edge of the city of Brevard, also at Pisgah Forest and southeast of Brevard.

Long - range forecast for the area calls for temperatures to average below normal, with highs in the high 70s, and nighttime lows about the middle 50s.

Precipitation will total three quarters of an inch or more occurring as showers and thunder showers about Friday and Saturday.

Temperatures and precipitation for the past week:

	High	Low	Prec.
Wednesday	72	39	0.00
Thursday	77	52	Trace
Friday	83	48	0.00
Saturday	92	51	0.00
Sunday	80	57	0.00
Monday	86	58	Trace
Tuesday	65	59	1.05

Hail Monday afternoon

### According To Reliable Sources

## Wages Outpace Costs In Transylvania

By Staff Writer

How much can the average worker in Transylvania County purchase today with his weekly pay check?

How does this compare with the buying power of a week's work in his father's day?

In general, according to figures released by the Bureau of Labor Statistics even though the cost of living has zoomed since then, the working man is in a much better economic position now.

Without putting in as many hours on the job as was necessary in his father's time, he is able to live more luxuriously than was possible then. The increase in his income has more than made up for the increase in living costs.

Twenty years ago, for example, it took 37 hours of work to buy an electric

vacuum cleaner. Today it can be bought with less than 15 hours of work.

A pair of nylon stockings that required 40 minutes on the job at that time, can now be purchased after 19 minutes. Similarly with many other items.

The average working man in Transylvania county now earns enough in 18 minutes to buy a pound of bacon or a pound of coffee, which is about half the time he would have needed in 1959.

By putting in 29 minutes of work he is able to buy a pound of rock steak, best grade. He can get an automobile tire, size 7.50 by 15 with the proceeds of some 11 hours on the job.

In dollars and cents, these items are priced higher, but because hourly wages have

gone up at a faster clip, they amount to less in terms of working time.

In the general area, it is shown, income per household is 65 percent higher, on average, than it was 10 years ago. The cost of living, on the other hand, has risen only 20 percent in the period.

Just how an 8-hour day breaks down for the typical American worker, is shown in a Tax Foundation study.

It finds that 2 hours and 34 minutes of it goes to pay his taxes. Another hour goes for housing and household needs, 56 minutes for food, tobacco and alcoholic beverages, and 40 minutes for transportation.

The rest is for clothing, 25 minutes, medical, 21, recreation, 18, and all others, 1 hour and 46 minutes.

A NEW SEASON at Brevard Music Center is just about to get under way, and these Corpsmen from the Schenck Job Corps Conservation Center are doing their part to make things ready for the busy summer ahead. They are pictured above preparing the lawn of a newly constructed faculty residence called a Rondette. This is just one of many services that the Corpsmen have rendered to the Brevard Music Center in a spirit of cooperation that has brought expressions of appreciation and gratitude to them from Music center officials. Corpsmen from the Schenck Job Corp in Pisgah Forest are engaged in another community project in the town of Brevard and Transylvania County: fine grading, planting and mulching areas on the grounds of the Brevard Music Center.

Under the supervision of Don Credille and L. W. Hollingsworth, Gene DeBord's men have planted and beautified several areas, including a new faculty residence, which was just completed this spring. It is a dwelling called a Rondette, which will be known as the Sandor Teszler Cottage, in honor of the donor's father. The Rondette was a gift from Andrew Teszler, President of the Butte Knitting Mills of Spartanburg, South Carolina. A formal dedication of the cottage is planned for this coming July.

Another space to be planted by the Job Corpsmen is a new picnic grounds and parking lot for the Center's Whittington-Pfohl Auditorium, graded during the winter to accommodate the capacity audiences which frequently crowd the Center's parking facilities. Concert-goers are invited to use this area for picnics before the nightly or
