### Three Million To Be Spent On Improving US Highway 64 From Brevard To Rosman

Local temperatures during the past seven days averaged 63 and 27, with only a trace of rain, heralding the oncoming of winter a few weeks away.

The long-range forecast for the area calls for temperatures through Saturday to average near normal over most of the state. Highs should average in the fifties in the mountains, ranging to the mid and upper 60s on the coast. Turning cool Thursday and warming again about Saturday.

Precipitation will total a quarter to a half inch and will occur as scattered light showers Thursday and again about Saturday.

Weather data for the past week was as follows:

	High	Low	Prec.
Wednesday	48	30	Trace
Thursday	65	25	0.00
Friday	66	26	0.00
Saturday	70	25	0.00
Sunday	68	33	0.00
Monday	50	27	0.00
Tuesday	72	26	0.00

#### HEMC Will Hold "Open House" Lake Toxaway Sat.

A big "Open House" is planned Saturday at Lake Toxaway.

The occasion is the opening of the new office and warehouse of the Haywood Electric Membership corporation.

The hours will be from 10:00 a.m., until 4:00 p.m.

R. C. Sheffield, the general manager, cordially invites the public to attend the auspicious event.

Refreshments will be served all during the day.

"We are proud of our new facility at Lake Toxaway just as we are proud of the growth of Haywood Electric Membership corporation," he declared.

Throughout this issue of The Times are several stories and special messages on the "Open House" at Lake Toxaway.

JERRY T. WILLIS, vice president of the First Citizens Bank and Trust company here in Brevard, is pictured at the left presenting a check for \$6,000 to Rev. Robert A. Davis, president of Brevard College. This donation is to be used for the construction of the new Simms Student Center building. In making the

presentation, Mr. Willis stated: "First-Citizens Bank is happy to be a part of the relationship which exists between the College and the Town of Brevard, and we recognize that a prime motivating factor in this relationship is the interest and support of Brevard College in our community." ### Brevard Little Theatre Is Busy With Next Production

In two weeks Brevard Little Theatre will present its first production of the 1969-1970 season. The dates for the comedy, "Mary, Mary," are November 26-28, with curtain times being 8:15 p.m. Thursday through Saturday, and 3:15 matinee on Sunday afternoon.

Due to BLT's being in new quarters this year, it will be necessary for all theatre goers to reserve seats for each performance. Mrs. Richard H. Haney is the reservationist and may be contacted between 7:00 a.m. and noon any day between now and show time. Her phone number is 883-5548.

The new theatre - in - the alley is located behind the Times Building and may be better known to some as the old telephone exchange building. The entrance to the theatre is on the upper floor, with ample parking facilities in the vicinity. Due to the capacity of 120 persons per performance, it is suggested that theatre-goers call and reserve seats well in advance in order to be able to insure a seat. Persons holding season membership tickets have first priority; they may reserve seats anytime up to November 16th, after which time seats may be reserved by the public at large.

Season memberships are still available and may be obtained from numerous members of Brevard's Little Theatre or they may be purchased at the theatre the evenings of performances. The five dollars for adult or —Turn to Page Seven

#### Bond Issue Proposed

### School Needs Stressed In Talk By Corbin At Rotary Meeting

Harry Corbin, Superintendent of Schools in Transylvania county, spoke on pressing school needs in the county's system at the last meeting of the Brevard Rotary club.

He said that these could be solved only with the successful passage of a school bond issue, which would be held during 1970.

He also stressed the need for kindergartens, specialized teachers and guidance in all grades.

More teacher aids would be of great benefit to the system, Mr. Corbin declared.

He said that the Brevard

Junior high needed replacing and a new consolidated high school was a must.

Portions of the Rosman system must also be replaced.

High school enrollment is now 1,300, and projected enrollment is 1,500.

He also talked on the need of more local support in the system.

A question and answer period followed the informative talk.

Supt. Corbin was introduced by John K. Smart, and President Walter Holland presided over the meeting.

#### 50th Anniversary

### Puppet Show To Highlight Children's Book Week Here

Saturday morning, November 15th, at 9:30 a.m., Tom and Donna King, the SMCADA art consultants for Transylvania county, will present a puppet show at the Transylvania County Library.

The show will be given in honor of the 50th anniversary of Children's Book Week, No-

vember 16-22nd.

Mr. and Mrs. King will employ combination hand and rod puppets of their own making to present a different type of show than their past performances. The large puppets will perform without a back-

#### Urgent Plea Made

### UF Campaign Is Now 87.2% Of '70 Goal

At press time Wednesday, the Transylvania County United Fund had received \$43,183.89 or 87.2% of its \$49,554.26 goal for 1970. An analysis of these results indicated that virtually all contribution sources in Transylvania County had been contacted, and that there were very few final calls yet to be made.

The following statement was issued from United Fund Headquarters by Dr. Milton Massey, President, and Mike Kirby, Campaign Chairman:

"We would like to extend our sincere appreciation to everyone in the county who has contributed to the 1970 Campaign. Certainly, we are aware that other fund-raising drives made giving more difficult, and this increases the

admiration that we have for our fellow citizens in this effort.

"Please allow us to make one final, desperate plea on behalf of the worthy agencies of United Fund. It would be useless to attempt "why not" explanations to a sheltered workshop employee, accident or tragedy victim, the parents of a lost child, a poverty stricken person, or a lonely serviceman, etc. at the time their needs are greatest. They would understand only that the service is not available. Comments like: "I just don't have the money" — "Too many other people are asking for money also" — "I'm not interested" — or "Maybe I'll drop it in the mail sometime," would be utterly meaningless to them.

"So many services of United

Fund Agencies are designed for those who cannot help themselves, and the manner in which we give to United Fund is a direct measure of the responsibility we feel for those who are less fortunate.

This is a difficult year for United Fund. But, we can be within shouting distance of our goal if each reader who has not given will respond to this appeal for support.

"Please search your conscience deeply and mail your check or pledge today to: Transylvania County United Fund, P. O. Box 53, Brevard, N. C. 28712. If you have not been contacted and would like to talk with someone about United Fund, please call Dr. Massey's office or Mr. Kirby at 611a."

#### State Of An Emergency

### Knocked Down Power Pole Knocks Out Alert Systems

Accidents do have repercussions.

Take Monday night for instance.

About 11:10 Eddie Lee McMahan clipped a power pole down behind the Co-Ed theatre here in Brevard on Caldwell street.

That put the entire area in

the dark.

This also included the City Hall, and when the power went off, all police, rescue, fire and other alarm systems went out.

The policemen, the Rescue squad, the firemen were all called out to help with the emergency.

Duke Power crews went to

work immediately and restored the power in record time.

Many people had many apprehensive moments, but in about an hour everything was restored to normal.

Thank goodness!

However, the night's prob-

#### In Transylvania Schools

### Annual Flu Immunization Program Set For Next Week

The annual flu immunization program for Transylvania County Schools will be conducted on November 18, 19, and 20th, according to an announcement coming from Dr. John R. Folger, Transylvania County Health Director.

This year the Local Health

Department personnel will be using two pressurized jet guns, and assisted by immunization consultants from the State Board of Health.

For the past three years, the absentee rate for Transylvania County Schools during December, January, and Feb-

ruary, because of flu-like illnesses, has been considerably less than that of surrounding areas.

The prevention or modification of influenza in the school age population is a worthwhile Public Health goal as well as of direct benefit to the

#### Allocation Of \$300,000 Made For NC 281

The full State Highway Commission, in meeting last weekend at Nags Head, appropriated three million dollars for improvement work on US Highway 64 from Brevard to Rosman.

E. J. Whitmire, commissioner for Transylvania and four other Western North Carolina counties, said that work could begin immediately on the project.

In fact, as soon as the leaves on the trees have fallen, a flight study will be made of the existing highway.

At the present time, work is being completed on the four-lane section of this highway from the Brevard city limits to the new Lake Sega bridge. Completion date is December 1st of this year.

It is hoped that the entire project can be completed during the next three years.

Mr. Whitmire emphasizes that there is much paper work to be done on the improvement work of the rest of the highway to Rosman.

He said the Nags Head meeting was a successful one. The full commission meets three times each year: Once in the East . . . then in the West . . . then at Raleigh.

The commission at the Nags Head meeting also allocated \$300,000 for improvement work to NC Highway 281 from Lake Toxaway for a distance of five and one

#### Program Highlights

### WPNF Is Presenting News Features, Football Saturday

This week WPNF is presenting a series of recorded news feature interviews with members of, and personnel connected with, the country's second manned moon-landing mission.

Astronauts Charles Conrad, Richard F. Gordon and Alan L. Bean are the crewmembers who are heard.

Other backup personnel on the programs include: Gerald D. Griffin — Prime Apollo-12 Flight Director at the Manned Spacecraft Center in Houston and Capt. Chester M. Lee, Apollo-12 Mission Director at NASA Headquarters in Washington.

Football is featured again

this weekend on WPNF as the North Carolina Tar Heels entertain the Clemson Tigers at Chapel Hill. Gametime will be 1:30 p. m. with broadcast time 1:05 p. m. Currie will call the play-by-play in what should be an interesting game.

What started out as a disappointing year for the Tarheels has become much more interesting lately, and could turn into a winning year for the Heels.

#### Other Programs

The schedule for the Farm and Home hour is as follows: Thursday, Brevard vo-ag dept., Randal Lvdag; Friday, U. S.

#### Outstanding Student

### Ricky Daniels Is Transylvania's Nominee For Morehead Scholarship

Richard S. Daniels, son of Mr. and Mrs. Robert L. Daniels, has been chosen to represent Transylvania county in competition in Western North Carolina for a Morehead award.

The announcement comes from Dr. Carol Grahl, the local chairman.

Ricky, who is president of the Student Body at Brevard senior high school, will make an outstanding nominee, Dr. Grahl declares.

"This year's nominees were among the best qualified candidates we have had and represented so many facets of school life that our decision was very
