

AT RED CROSS ANNUAL MEETING— Shown above, left to right, are Fritz Merrell, who was re-elected Chapter Chairman; Robert Lentz, 2nd Vice-Chairman; Bruce Thurmond, Chapter Manager at Spartanburg, S. C., who presented Mr. Merrell an award; Leroy Landreth, who accepted a Certificate of Achievement for the East

Fork Baptist Church Youth Group for their donations to relief in Pakistan; and Captain Charles Galloway, who accepted a Certificate of Appreciation on behalf of the Brevard Rescue Squad. The meeting was held in the Lambeau Room at Berry's Restaurant.

Local Red Cross Chapter Holds Annual Meet, Merrell Re-Elected

The Transylvania Chapter of the American Red Cross held its annual meeting recently at a dinner meeting at Berry's Restaurant. Service pins and awards were presented, committee reports were heard and officers elected for the coming year.

At the meeting, members of the Chapter Board, guests and visitors heard Chapter President Fritz Merrell praise the dedication and unselfish service rendered to the community by the Board of Directors, the Executive Secretary and the many volunteers who have given time and talent through the "universal and worthwhile organization" of the Red Cross.

Said Mr. Merrell: "The Transylvania County Chapter of the American Red Cross is a service organization supported by the United Fund and operated for the people of Transylvania county."

"After five years as Chairman

of the Transylvania Chapter, I continue to be amazed and most grateful for the dedication, devotion and unselfish services rendered to our community by the members of the Board of Directors, by our Executive Secretary, and by the many volunteers who give so willingly of their time and talents through this universal and worthwhile organization.

"The successful operation of the Chapter depends on the services of our fine volunteers and the dedication and efficiency of Mrs. John D. Smith, our Executive Secretary. The two are inseparable. Without this amicable relationship, we would not have accomplished the many achievements of the past year.

"If you are not aware of the many activities of the American Red Cross, let me urge you to contact Mrs. Smith and find out about the opportunities for service offered by this organization. These oppor-

tunities include: bloodmobile operations, nurse's aide program, services to military families, disaster relief, first aid, swimming instruction, plus a host of others.

"Again, my sincere thanks to each and every one who has contributed to our success in past years. Let us approach the new year with the zeal and concern needed to make 1971 our finest year of accomplishment."

Mr. Merrell was again chosen as Chairman of the Transylvania Board of Directors.

Other directors elected or re-elected were: Paul Owenby, Jr., Vice-Chairman; Robert Lentz, 2nd Vice-Chairman; Jim Hicklin, Treasurer; and Mrs. Violet M. Smith, Executive Secretary.

Board Members elected or re-elected were: Ligon Ard, John W. Bailey, Mrs. John Brewer, Cal Carpenter, Gene DeBord, Glen Echols, Robert M. Marshall, Mrs. Mary Jane

Israel Rites Held Sunday

Homer Harrison Israel, age 81, of Israel Road, Route 2, Brevard, died early last Friday morning in the Mountain Sanitarium and hospital following a lengthy illness.

He was a native of Henderson county, but had resided in Transylvania county most of his life. He worked a number of years for the State Highway Commission; and had also been an employee of Olin until retiring in 1954. He was a member of the Mt. Moriah Calvert Baptist Church.

Mr. Israel is survived by 3 sons, Frank and Fred Israel, both of Brevard, and Ray Israel, of Penrose; a sister Mrs. G. C. Sales of Fletcher; 5 grandchildren; and 3 great grandchildren.

Funeral services were conducted Sunday afternoon in the Mt. Moriah Calvert Church, officiating minister was the Reverend Albert Bishop.

Burial followed in the Mt. Moriah Cemetery.

Frank Moody Funeral Home was in charge of arrangements.

Rev. Grady Whicker Resigns As Brevard College Dean

Allison Rites Held May 1st

Rev. Grady H. Whicker, Dean of Brevard College, recently announced his resignation, effective shortly after the end of this academic year. At Brevard since 1968, Dean Whicker has been a popular and effective administrator in his years of service here.

Dean Whicker will become Dean of the Oxford Orphanage, located 29 miles north of Durham, N. C. He will work closely with the staff of counselors, and lead them toward their responsibilities in the development of rapport with the children. The orphanage includes youth from age four through high school age, and enrolls 300 young people in a strong educational program.

Dean Whicker seeks to "help the kids become aware of their talents," and "to help them to become all they are capable of being." He sees a major need for helping the orphans feel that they are important in the eyes of others, and that somebody cares. To produce a home-like environment for these students and help them to overcome the emotional problems of being an orphan is Dean Whicker's goal.

Dean Whicker calls his new

job "just too good to turn down," as it will make good use of his love for working with children. He feels that it will offer him a better chance than ever to work intimately with young people, and to take advantage of his background and training in the field of counseling.

Dean Whicker admits he has

mixed feelings about leaving Brevard, and feels that Brevard is "on the way up." He sees a bright future for the College, and feels that future students will have a fine opportunity to take advantage of Brevard's outstanding faculty, staff, and overall program.

Claude Joseph Allison, age 69, of Prohart Street Extension, died in a local hospital May 1st, after a brief illness. He was a lifelong resident of Transylvania County and a retired plumber.

Surviving are the wife, Mrs. Ina Zachary Allison of the home; three daughters, Mrs. Nan Wood of Pisgah Forest, Mrs. Joanne Barnett of Brevard, and Mrs. Mary Gibbs of Pickens, S. C.; two sisters, Mrs. Arabelle Kilby of Brevard, and Mrs. Alice Shelton, of Chattanooga, Tenn.; 9 grandchildren; and a number of nieces and nephews.

Funeral services were conducted May 3rd, in the Chapel of Moore Funeral Home. Rev. Eugene Gentry officiated, and burial was in Pisgah Gardens.

Pallbearers were Wood Paxton, Verne Hudson, John Allison, Harvey Smith, Odell Gray and Eugene Allison.

Who receive a certificate of recognition at their school and their biography and achievements are recorded in a permanently bound volume of memberships.

Brevard Man Receives Student Distinguished Service Award

Mike Johnson, son of Mr. and Mrs. Robert L. Johnson of Brevard, has recently been honored by selection for membership in Who's Who Among Students in American Junior Colleges.

Earlier, in December of last year, young Johnson was awarded the Distinguished Service Award by the Student Government Association of the Florida Junior College at Jacksonville, Florida.

U. S. Navy for four years, was stationed at Jacksonville. As a part time activity he began studies at Jacksonville Junior College. He is now out of the Navy and a full time student.

Members of Who's Who are selected from thousands of students in over 700 colleges throughout the country. Only one-half of one per cent of the students are selected for this honor.

Students selected for Who's

Lionel Lewis is a health physicist.

He works for you.

His job is to make certain that our new nuclear-electric generating stations are safe—for our personnel, for the public, and for our environment.

And he's highly qualified to do the job. Only one out of six health physicists has risen to "certified" status. Lionel Lewis, who has been working with nuclear power for 17 years, has achieved that distinction.

As a member of Duke Power's staff, Lionel works closely with our engineers in the design, construction, and operation of our nuclear plants. He is involved with monitoring the radiation levels of the plant and components (such as the nuclear fuel assembly in the

photo above). He also makes other extensive studies including the natural radiation that already exists in the air, water, vegetation, earth and even wild animals near our plant sites.

The goal of our scientists: the most efficient operation with uncompromising total safety. As a result of their efforts, the radiation from our nuclear plants will be much less than from an ordinary TV set. And this is only a small fraction of the amount determined to be safe by the International Commission on Radiological Protection.

Duke Power's team of environmental scientists are making sure we stay good neighbors—to you and to Mother Nature.

PUBLIC NOTICE PROJECT 6.801822 TRANSYLVANIA COUNTY

Notice is hereby given that the North Carolina State Highway Commission will consider the approval of the location of US 64 from Rosman to Brevard ten days from the date of this notice. The relocation begins on US 64 approximately 1600' east of NC 215 thence in an easterly direction crossing the Homer Israel Road (SR 1329), US 64 at the Camp Kahdale Road (SR 1331), thence in the general vicinity of existing US 64 to a point on existing US 64 approximately two miles west of Brevard in Transylvania County. The location is the same as presented at the public hearing on September 10, 1970, in Rosman.

An aerial map setting forth the above is available for public review and copying at the District Office of the Highway Commission in Hendersonville, North Carolina.

An environmental impact study will be made on the proposed location. In the event the study dictates consideration of any revised alignment appropriate action will be taken.
