### Construction Bids Received, New Transylvania Hospital

construction constitutes filling the bids tabulation with the North Carolina Medical Care Commission, according to J. W. Bailey, Hospital Administrator.

The Commission will then survey and certify the tabulations and authorize construction contracts to be signed, sometime prior to the expiration of the conventional 90-day period from date of bids.

After contracts are signed, hospital construction should begin immediately.

Construction, which is expected to require about 18 months, will be the culmination of plans for the much-acceded new Transylvania Community Hospital which began with the usually successful "Fund For Your Life" campaign in 1969.

In this remarkably successful drive, generous individuals and industries of Transylvania County responded with donations and pledges in the sum of \$1 million. Matching funds have been allocated from the government and private endowments.

In a report to THE TIMES last week, Mr. Bailey noted that the local pledges, while generally on schedule, have fallen behind about 5 percent. He requested all who have outstanding pledges to meet their promised schedule because the money is

particularly needed at this time.

Mr. Bailey also reports that State Highway construction crews have made remarkable progress on the new hospital access road.

Highway crews installed the bridge over Lamb's Creek, between the four-lane U. S. Highway 64 east of Brevard and the hospital site, in one day — June 22. This was possible by use of a pre fabricated bridge structure. Following the bridge installation, the new access road was graveled the next day.

Hard surfacing will follow after packing and setting, according to Mr. Bailey.

Approximately 50 Scottish Rite Masons are expected to visit Brevard and attend the meeting and the buses will leave the Masonic Temple in Asheville promptly at 6:00 p.m.

Mr. Smith will be accompanied from Greenville, S. C., to Brevard by 10 prominent Masons from the Greenville area.

The local Scottish Rite Masons are urged to come and eat as soon after 7:00 o'clock as they can in order to clear the way for the visiting Masons.

The following will serve on the welcome committee: Jerry Jerome, 32nd degree KCCH, Frank Bridges, 32nd degree KCCH, G. H. Farley, 32nd degree KCCH, Mr. Gill Thomas and Mr. Henderson.
