Carr Builders Supply Sold To Florida Men

For the first time since 1912, Pisgah Forest will be without a Carr lumber business of some kind because Frank Carr has sold Carr Builders' Supply, Inc.

The last of the several lumber interests of the Carr family, which began with the founding of the Carr Lumber Company by Louis Carr when he bought the timber rights to 70,000 acres in what is now Pisgah National Forest, has now ended with the retirement of Frank Carr.

The new owner, Jack Mass and Son, now Brevard residents and formerly of Miami, Florida, will continue operation in the same building after renovation, new stocking and a new opening, which will take place in 30 to 60 days.

Mr. Mass is a Pennsylvania native who grew up in Florida. He was in the building supply business there for 25 years before coming to Brevard. Now retired, he plans for the building supply to be operated by his son, Chips Mass, who will be moved here from Miami soon.

Says Frank Carr, regarding the sale:

"I want to thank the many customers and the people who have worked for the Carr lumber interests. The backbone of all these activities has been our faithful customers and employees—their children and their grandchildren. We've been here that long."

Frank Carr, eldest of the 9 children of Louis Carr, began operating lumber businesses in Pisgah Forest in 1945. Prior to that, he had worked in his father's lumber mill there — for many years the

largest such operations in Western North Carolina.

At one time, the Carr Lumber Mill at Pisgah Forest sawed from 30 to 100,000 board feet a day. The lumber was cut from 70,000 acres of mountain land in what is now Pisgah Forest; land which belonged to George Vanderbilt from whom Louis Carr bought the timber rights for 30 years in 1912. The timber was reached by 75 miles of private railroad.

Frank Carr's first business was the Pisgah Builders Supply, which he sold in 1955. After the death of his father in 1958, he began the present Carr Builders Supply, Inc.,

which he has operated until this time.

Mr. Mass, who is married to Eastern North Carolina-born Jean Watts Mass, has been a visitor to North Carolina for many years. He plans to reside in his new home which is now building in Glen Cannon in partial retirement while his son Chips Mass operates the builders supply business.

Asked what he plans to do in retirement, the civic-active Frank Carr says:

"I've not really made up my mind. First, I plan to rest a month or two, then take a trip out to the Southwest.

CARD OF THANKS

The family of Betty Jean Cison Porter wishes to express deep appreciation and gratitude to the many friends whose presence, thoughts, prayers and acts of kindness and love did so much to help us bear the sorrow in the loss of our loved one on July 14, 1971.

You know I worked out in New Mexico for 16 years before starting my first business in Pisgah Forest. I want to visit and see old friends.

"I intend to keep my home in Brevard. I also plan to continue to be active on the Board of Directors of the Brevard Music Camp. I've worked with them for 25 years and seen them grow from a small beginning to the present 'Music Capital of the South.'"

BEST WISHES TO HIS SUCCESSOR — Frank Carr, left, wishes his successor, Jack Mass, right, the best of success after the sale of the Carr Builders' Supply of Pisgah Forest. Mr. Carr, son of Louis Carr, who began the lumber mill in Pisgah Forest in 1912, has himself operated

a lumber-connected business there since 1945. Mr. Mass, formerly of Miami, Florida, will operate the building supply business with his son, Chip Mass, who will also be moving to Brevard shortly.
