New Field House Completed

With the start of the 1971 grid-iron season, the football boys found themselves using the TIGER DEN for the first time.

The building is made of concrete blocks and is white in color. The letters TIGER DEN, on top of the building, are over the right entrance door.

The TIGER DEN has a varsity locker room and showers, a J. V. locker room and showers, a ball equipment room, a coach's office, a trainer's office and two rest rooms. The flooring is of desert marble, colored with orange and black tiger stripes. Upon entering the right outside door, you will see a beautiful tiger's head embedded in the flooring of the varsity dressing room. A whirlpool is located in the J. V. dressing room to aid injured players in getting back in top playing shape.

CHEERLEADERS cheer Tigers on to a Big Conference VICTORY!

Players Of The Week

Each week at the pep rally a "player of the week" is announced. This award goes to the boy who showed outstanding performance throughout the entire game. Players of the week for this year have been Sammy Cathey for the game with Tryon. Tim Thorpe received the honor for the East Yancey-Rosman game. Following the Asheville High "B" game, Jimmy E. McCall became our player of the week. In the big conference bout with Marshall, Weldon Whitmire received recognition.

The Tiger Rag staff on behalf of the student body would like to say congratulation Tigers!

APPENDIX A NOTICE OF HEARING DOCKET NO. P-100, SUB 27

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION In the Matter of Investigation of Non-recurring Charges for Installations, Changes, Moves and Reconnects by Telephone Companies Under the Jurisdiction of the North Carolina Utilities Commission.

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has instituted an investigation into the matter of non-recurring charges for installations, changes, moves and reconnections by telephone companies operating under its jurisdiction. Non-recurring service charges are now uniform for all of the companies under the jurisdiction of this Commission, which the Commission has recognized as desirable, just and reasonable.

Before making any changes in said charges the Commission is of the opinion, finds and concludes it should enter into an investigation for the purpose of determining whether or not the uniform tariffs now on file with this Commission are just and reasonable and nondiscriminatory to the general body of existing telephone rate payers. Accordingly, on September 30, 1971, in Docket No. P-100, Sub 27, the Commission has instituted an investigation into said service charges and set the matter for hearing on January 25, 1972, at 10:00 o'clock A. M., in the Commission Hearing Room, Ruffin Building, 1 West Morgan Street, Raleigh, North Carolina. The Commission's investigation is for the purpose of structuring service charges for all telephone companies under its jurisdiction on a just and reasonable basis which will be nondiscriminatory to the general body of existing telephone rate payers. The present charges range from \$5.00 for inside moves and changes of telephones to \$10.00 for having a telephone installed where instrumentalities are not in place. It is the intention of the Commission to hear testimony and receive evidence from interested parties on what are just and reasonable service charges.

All protestants and/or parties having an interest in said investigation may file their protest or petition to intervene in accordance with Rules R1-6, R1-17 and R1-19 of the Commission's Rules and Regulations. ISSUED BY ORDER OF THE COMMISSION. This the 30th day of September, 1971.

Gym Floor Refinished

This year through the hard work of Coach Howell, Mr. Warren and our representatives to the school board, the basketball teams and P. E. Classes have a new gym floor for games and scrimmages.

The floor has been stripped of old varnish, re-sanded and re-varnished, making it look brand new.

Let's help keep this floor in top condition for many years to come.
