HARVEY MILLER

### Weather Road Enemy

Studies show weather is the worst enemy of good highways. Soaking rains, frost, heat, and rapid temperature changes break up highways—even those where traffic is light!

Harvey Miller of the music faculty of Brevard College has, for the second consecutive year, had a choral piece accepted in the Contemporary Choral Festival of the University of South Florida in Tampa. His work, *Before Thee Father*, is one of fifteen chosen from numerous composers from the southeastern United States.

Mr. Miller's composition will be performed at the Festival by the seventy-five member Melbourne (Fla.) High School Chorus. Each year the Festival has a well-known composer to attend and act as a commentator. This year William Shuman, chairman of Julliard School of Music, will offer his comments and criticisms.

Mr. Miller plans to travel to Tampa to attend the Festival in late January.
