

Lions And Rotarians Hear Of Work In Junior Achievement

The outstanding work that is being done here in the Junior Achievement program was highlighted in programs at meetings of the Brevard Lions club and the Brevard Rotarians during the past week.

Speaking before the Lions were Glenn Echols, advisor, and JA members Harry Hill and Marie Hooper.

The Rotarians heard Gilbert Johnson, advisor, and Robert Melton and Miss Hooper.

Both clubs were responsive audiences.

Ninety-eight teenagers in Brevard are participating in the four companies of Junior Achievement, and Brevard is the smallest area, in population, in the country with a JA program of this size.

The companies and their sponsors include: DUO, sponsored by Du Pont; NEWCO, sponsored by Olin; PROCO, sponsored by Mitchell-Bissell and Olin; and VODCO, sponsored by RCA.

Each of the four companies has adult advisers who work with the participants, but the adults insist that all decisions are made by the Junior Achievers.

For the advisers, there is the dual gain of helping others while gaining invaluable experience for themselves.

The youthful speakers stated: "We not only get excellent training, but we learn all the principles of the free enterprise system".

Barton's Remodeling Company, which opened their office only last September 1st, at 5 S. Broad Street, wishes to announce that they are already expanding and will be moving to a new location on February 1st, at 105 East Main Street (Next to Western Auto).

The remodeling company is operated by Theodore R. Barton and his son Theodore W. Barton. The Ted's wish to express their gratitude to all their customers and hope others will come by to see them at their new location. Their motto is: "No job is too large or too small".

HOW CAN YOU MAKE A BETTER CUP OF COFFEE?

First, buy bean coffee...not pre-ground coffee. At A&P, we sell bean coffee. The coffee bean is nature's seal that holds the flavor. Once that seal is broken by grinding, flavor fades... NO MATTER HOW IT'S PACKAGED. The shorter the time between grinding the beans and brewing your coffee, the greater the flavor.

Second, have the beans ground to fit your coffeemaker. At A&P, we custom grind the beans in a choice of seven different grinds...not one or two. If you're using pre-ground coffee, switch. This week, have an A&P bean coffee custom-ground to fit your coffeemaker. You'll make a better cup of coffee.
