

### Vodco Company Of Junior Achievement Is Successful

Vodco, a Junior Achievement Company, is proud to announce that their program is going successfully under the supervision of Mr. Glenn Echols, Mr. Robert Allison and Mr. Paul Higginbotham, sponsored by RCA.

They earned "Company of the Month" for November by selling pen sets. The pen sets consist of a piece of finished walnut wood one of six types of miniature antique cars and an attractive black and gold pen. They sold for \$3.38 including tax.

The company's new product "name plates" are to be ordered in advance. They will consist of a choice of dark or light wood, with stained lettering for the light wood and white lettering for the dark wood. These can be ordered from any member of the Vodco company or can be phoned in on Monday nights between 7:00 - 9:00 p.m. at the J.A. building, phone 883-9882.

These are constructed under the experienced President, Harry Hill, and Vice President of Manufacturing, John Boggs.

The other officers who control the company's success are: Secretary, Anita Winchester; Treasurer, Karen Hutters; and Vice President of Sales, Lynda Hill.

The members of Vodco would also like to thank their pro-

The girl was very rich and the young man was poor but honest. She liked him, but that was all, and he knew it. One night he had been a little more tender than usual.

"You are very rich," he ventured.

"Yes," she replied, frankly. "I'm worth one million dollars."

"Will you marry me?" he asked.

"No."

"I thought you wouldn't."

"Then why did you ask me?"

"Oh, just to see how a man feels when he loses one million dollars."

The speaker was getting tired of being interrupted.

"We seem to have a great many fools here tonight," he said.

"Wouldn't it be advisable to hear one at a time?"

"Yes," said a voice. "Get on with your speech."

"How come you teach your dog all those tricks? I can't teach mine at all."

"You just have to know more than the dog."

Three men registered at a hotel and took a room for \$30. Since the room was worth only \$25, the clerk's conscience began to trouble him, so he called the bell-hop and gave him \$5 to return to the three guests. The bell-hop, however, had only half a conscience, and returned only \$3 . . . pocketing \$2 for himself.

Now since the guests paid \$27 for the room, with the \$3 the bell-hop returned from their \$30, and since the bell-hop kept \$2 (making a total now of \$29) what happened to the extra dollar?
