

Kids... that's what PTA is all about. It began 75 years ago in February, 1897, when founders Alice McLellan Birney and Phoebe Apperson Hearst recognized the need for improving the conditions affecting children and youth. Since that time, the National PTA has been instrumental in activities ranging from the establishment of hot lunch programs to lobbying for the passage of the recently enacted Drug Abuse Education Act. PTA believes that if a single child is lost, a part of the nation is also lost. As in 1897, PTA continues to help parents, teachers and students provide a better life for children growing up in modern America.

These rules are regulations were felt to be reasonable and necessary to protect and advance public health in the county.

ty, states that "Before any person shall be issued a permit to install or superintend the installation of plumbing in accordance with the regulations of the Transylvania County Board of Health, he shall produce satisfactory evidence that he holds a state qualifying license in accordance with Chapter 7, Article 2, of the General Statutes of North Carolina."

Tax Information Booklet Available At Post Offices

A booklet that gives information on how to fill out Federal tax returns will be sold at both the Brevard and Pisgah Forest Offices Postmaster Charlie Patton announces today.

"Your Federal Income Tax" was written by the Internal Revenue Service and contains many examples to illustrate how the tax law applies to actual situations. A special feature of the booklet is the sample filled-in return, Form 1040 keyed to pages where explanations can be found for each entry on the return.

The 160-page booklet is now on sale and costs 75 cents a copy.

"By selling this booklet at postal facilities in Brevard and Pisgah Forest, we are offering a convenient service to our customers," Postmaster Patton said.

"We are participating in a nationwide program to make the tax booklet available to the public in 15,000 postal facilities," he concluded.

It's The New Law

By - J. C. ROWE
Chief, Brevard Police

Editor's note: The 1970 North Carolina General Assembly made 84 changes in the state Criminal Statutes—wrote some new laws and changed old ones by addition or deletions. Since these laws affect the general public, Brevard's Chief of Police, J. C. Rowe, has collected the changes and THE TIMES is publishing them over the next several months as a public information service. The laws are here published as they appear in the General Statutes; no effort has been made to explain or interpret them. This is a function of the legal profession and the courts.

Let's talk about budgets!

Budgeting is tough these days.

It seems that every time you turn around the cost of something is going up.

The economists tell us it's to be expected. Maybe so, but it sure makes running a home difficult.

We wish we could tell you that A&P has the answer to all your difficulties, but we can't...no store can.

We can tell you this: There is one guaranteed way to cut your total bill without sacrificing quality; buy A&P's own brands.

Hold it...don't scoff...we're serious.

We don't have our own private national brands just to have low prices.

If it isn't a quality product, it can't carry the A&P Seal.

Take A&P Brand Canned or Frozen Vegetables for example.

They're GRADE "A"...you can't buy better.

If you buy A&P Brands, we guarantee you'll reduce your total food bill. We also guarantee every A&P product you buy...unconditionally.
