

Take A Look Inside

A MICKEY PARK HOME

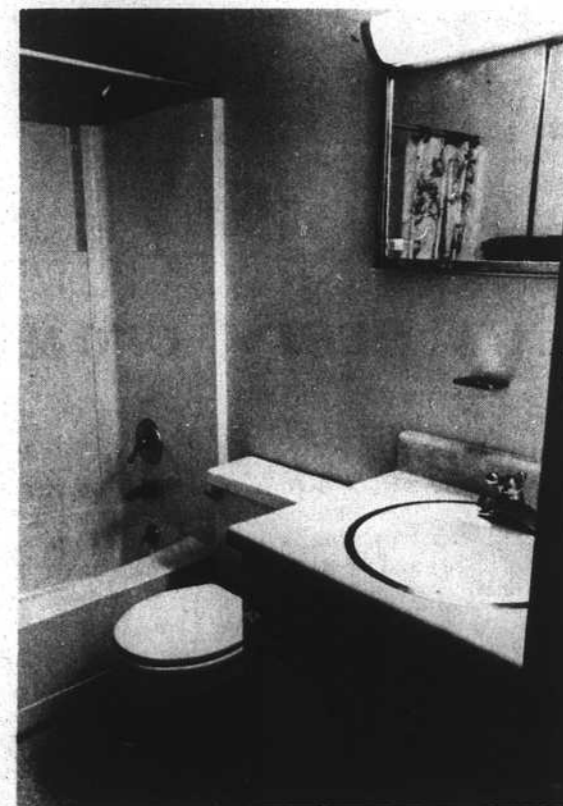

Chances are you already know that Mickey Park Homes were carefully planned and built for working people with small but steady incomes. But maybe you didn't know about the outstanding quality and comfort of Mickey Park Homes.

Carpeted floors and electric heat make for cozy winter living. Kitchens feature big, stainless steel double sinks and lots of cabinet space. The spacious bedrooms have plenty of closet space. And there's a special nook for your washer and dryer.

You've seen the pictures. Now come out and see the model home. It's open one to six p.m., seven days a week. Come out and take a look. Let us show you these beautiful homes and explain how monthly payments can be tailored to the working man's income.

For further information, call 883-8810 between one and six p.m. Better still, come on out to the model home. Seeing is believing.
