## Commissioners To Adopt New Budget Monday Night

The County Commission will hold its regular monthly meeting at 7:30 p. m. on Monday, July 9th, in the courtroom. The most important item to come before the Commissioners at this meeting will be the formal adoption of the 1973 - 74 budget. As previously stated, copies of this budget are available in the Commission office and in the Register of Deed's office.

This budget, of necessity, provides raises for nearly every employee in the county. The Commissioners felt, though, that they should try to set the example of fiscal control and have, therefore, not provided any raise at all in their compensation. Each commissioner will receive exactly the same salary as set by the previous county commissioners in July 1972.

Another item of interest will be the Erosion Control Ordinance proposed for the county. The Commissioners will again consider the adoption of this ordinance. Along with this ordinance will be a resolution empowering the County Manager to act as head of the Department of Inspections until such time as a person can be employed to fill this vital post.

The members of the newly created Senior Citizens Council are expected to be appointed. It is hoped that this Council will come up with many suggestions and proposals to aid

On Friday, June 29th, County Commission Chairman Bill Ives, along with Chairman of the Planning Board, Bill Hutters, Chairman of the Water Resources Board, Carr Purser, and Resources Board members, Elmer Johnson and Newton Picklesimer, met with Glen Wall, local flood relations staff member of the Tennessee Valley Authority.

Transylvania County and the Tennessee Valley Authority plan to begin immediately to work together on a plan to identify the flooding problems of the French Broad River and to begin a study of measures to minimize or control flood damage.

## Leonard Bauer Retires At Olin Corp. After 41 Years

M. Leonard Bauer, export sales manager for Olin Corporation's Ecusta Paper Division for a quarter of a century, retired June 30th after more than 41 years of service.

He worked with cigarette paper and related products throughout his career. This began in 1932 on his 24th birthday when he went to work in New York City for an uncle, the late Harry H. Straus, who later was to establish the Ecusta Paper Corporation at Pisgah Forest and to serve as its first president.

### Out Early

## Fourth Of July Will Be A Big Holiday In Transylvania

In order that readers of Transylvania Times might get their newspaper before the Fourth of July observance, this week's newspaper is being published on Tuesday.

Like most of the stores and offices in the town and county, The Times will be closed on Wednesday. However, persons with timely news can call Radio WPNF at 883-3511.

Highlighting the Fourth in the county will be the annual Offa picnic at Camp Straus, which will get underway at 10:00 o'clock Wednesday morning.

This event is usually attended by thousands of persons.

The day is expected to be a big holiday throughout the county and the Pisgah National Forest will be filled to overflowing as thousands come here from the lowlands to escape the heat.

The Brevard Post Office will be closed all day Wednesday, July 4th. There will be no window service and no city or rural delivery service except that Special Delivery service and lock box service will be provided.

The North Carolina Highway Patrol urges all motorists to drive with extreme caution. This holiday claims more injuries and deaths on the streets and highways than any other holiday period.

### Program Highlights

## Radio Station WPNF Now Celebrating 23rd Birthday

Radio Station WPNF is celebrating its 23rd birthday this week.

During the past 23 years WPNF has meant a great deal to the educational, civic, religious, cultural, social, agricultural and economical life of Transylvania county.

It has become an indispensable institution of public service.

In addition to this valuable public service, WPNF's outstanding programming provides

## Du Pont's Thrift Plan Is Improved, Benefits Cited

Substantial improvements in the Du Pont Company's Thrift Plan, a savings incentive program for employees, have been approved by the Company's Board of Directors, according to J. C. Dense, Brevard Plant Manager.

The proposed changes will become effective for all eligible employees after obtaining a favorable ruling from the Internal Revenue Service and any necessary clearances with other regulatory authorities, but not earlier than September 1, 1973. The Thrift Plan was adopted in September, 1955.

The amended Thrift Plan will enable all eligible Brevard Plant employees to save up to six percent of their monthly pay with a Company contribution.

### Six New Ones Acquired

## Sheriff's Department Now Using County-Owned Cars

July 1st was the starting date of county-owned cars in the Sheriff's Department. The Board of Commissioners used funds in the previous sheriff's budget and interest earned by investment of surplus general fund monies during the past six months to acquire the six new cars for the Sheriff's Department.

Until this month, each deputy owned his own car and was

paid \$200 per month for its upkeep, gasoline cost, insurance and replacement. The Commissioners feel that the county will be better served with the Department in county-owned cars.

A picture will be in next week's paper showing the all white cars. These are all 1972 highway patrol cars that have been repainted the uniform color for Transylvania County.

The Sheriff's Department consists of the following personnel: Sheriff Milford Hubbard, Chief Deputy Charles Pettit, Investigator Hubert Brown, Deputy and Process Server Jerry English, Secretary and Office Deputy Barbara Stewart, and the following patrolling deputies: James G. McCall, Arthur Anders, James Stroup; in addition, the Sheriff's Department now has two new deputies, Laughter and Keith Fisher.

Sheriff Hubbard wishes to announce that the two new deputies will enable the county to be divided into two zones. These zones will be from the Cathey's Creek bridge to the upper end of the county and from the bridge to the Henderson County line. This obviously provides twice the patrolling protection that was available prior to July 1st.
