

FROM THE EDITOR'S CORNER

By EDITOR JOHN ANDERSON

Brevard was well represented in a recent issue of "Money", a leading magazine for the insurance industry of the nation.

A lengthy article, entitled "Who Needs Straight Life Insurance," was carried.

The magazine had asked five experts in the field to serve as a panel and discuss the question.

Brevard's Frank S. J. McIntosh was a member of the panel.

About Frank, the magazine said:

"Life insurance consultant, operator of the Insurance Research Service, Brevard, North Carolina, and Administrator of the National Life Brokers Association."

Frank was a sharp member of the panel, and we would love to have seen it on TV.

The article prompted another Brevard native to write us a letter.

Pete Breese, owner of Breese Insurance Agency, El Paso, Texas, wrote and suggested that we give due recognition to Frank's accomplishments.

Pete said:

"The panel was quite a distinguished group.

"On top of everything else, it is the first time in my memory that a citizen of Brevard has been given such prominence in a magazine of national circulation."

We had hoped to hear Dr. Ben Ormand when he preached recently at the Presbyterian church.

Doctor Ren has a publication in South Carolina, and he feels like we do. Each one should include a little humor.

So from time to time, we swap stories.

Today, we're borrowing a

couple of religious stories from the Baptist Biblical Recorder that we hope he can use. And we trust you'll get a chuckle out of them too.

"As I have forgotten my notes this morning," the minister began his sermon, "I will rely on the Lord for guidance. But tonight I come better prepared."

The Sunday School teacher asked one little girl if she knew the story of Adam and Eve. "First God created Adam," she said, "then He looked at him and said, 'I think I can do better.' So, He created girls."

You might say summer has officially arrived in Transylvania.

Wednesday, there's the big Olin Fourth of July picnic, and Friday night the Brevard Music Center begins the 1973 season.

Camps in the county have opened with capacity enrollments, and it appears that the best tourist season ever is underway.

Last weekend Glen Cannon Country club had a record number of visitors, and we're delighted that the course is in excellent condition. You should hear golfers from South Carolina rave about what a beautiful course we have.

As we were writing about the fun of summertime, school officials sent over the new schedule.

We hate to mention it, but boys and girls, you're in for a very short summer.

Pupil assignment day is August 22nd, which isn't very far away, and classes begin on the 23rd.

From Tar Heel Realtor...

When I was a student, I was quite.

I didn't protest, I didn't riot. I wasn't unwashed, I wasn't obscene. I made no demands on prexy or dean. I sat in no sit-in, I heckled no speaker. I broke not a window; few students were meeker. I'm forced to admit with some hesitation. All I got out of school was an education!

Borrowed... Hippies present two problems: law and odor.

It's the little things in life that upset people—such as two-foot putts.

Then there was the guest speaker who began: "Now before I start I want to say something."

You're an old-timer if you can remember when you could tell a youngster the facts of life without getting into a debate.

Some men believe in dreams until they marry them.

Joke of the week...

"I wouldn't say my husband drinks a lot," the wife said, "but he's the only guy in the world who doesn't see anything unusual about the Tower of Pisa."

And we also like...

An old friend once said to Winston Churchill, "Do you know, Sir Winston, I have never told you about my grandchildren."

Sir Winston nodded his head and said: "I realize it, and I cannot tell you how grateful I am."

Local Leaders Meet With TVA Official On New Plans

will contact many local organizations and individuals to try to outline the problems of the French Broad and its tributaries. There are many alternative ways to minimize flood damage, and there will be much public discussion about the alternatives

which are best for Transylvania County and the property owners who will be effected by the occasional rampages of the River.

Mr. Wall pointed out to the members present that TVA does not mean dams. TVA will work with the county in any direction that will

benefit its citizens. If a dam should be recommended, TVA will be glad to help in its design and possibly in its construction, and they will also lend their assistance in identifying the flood problems and help with solutions both through use of its staff and financially, if Congress approves the funding.

sufficient, with vegetable gardens, a bakery, a fire fighting unit and necessary utilities inside the high barbed wire fence. Guards manned towers, and sentry dogs were on constant patrol. Prisoners were moved frequently, and the camp eventually became a depot for 15 satellite camps spread over a wide area.

Prisoners were permitted to prepare their own food according to their own recipes. Supplies were adequate, although some of the items were unfamiliar to the POW cooks.

THE PRISON hospital was kept busy, because many of the men had contracted malaria before they were captured.

Each man was allowed the equivalent of 10 cents a day for luxuries, and those willing to work could earn up to 90 cents more. Because of an extreme labor shortage in the area, some prisoners were allowed to work outside the camp. Many did farm labor and some with skills worked in light industry.

The POW camp was so deep in enemy territory, escape would have been difficult. Few knew enough of the strange, hostile land and language to attempt an escape, and many worked with no military supervision at all.

ONLY ONCE was the camp escape alarm sounded and the special bloodhound teams called into action. A truck returned from a farm job 18 miles distant with one prisoner missing! Delay in sounding the alarm and approaching darkness made the search of such a large area a chancy thing at best.

Yet the escapee was back in his bunk within hours. Left by the truck, he had

walked 18 miles back to camp and was readmitted by the guard at the main gate.

Security was relaxed even more after that. Education classes were added to the POW recreation program which already included twice-a-week movies and a 5,000-book library which regularly issued 600 books a week.

PRISONERS WERE given dictionaries to help them with the newspapers and periodicals supplied by religious groups in the area. Fifty per cent of the POWs completed at least one special course, and 28 earned college credits through correspondence classes.

In a matter of months after hostilities ended, all prisoners had been repatriated and the camp was closed.

AND THAT'S all there is to this story which was provided to me by Mrs. H. J. Hendrick of 222 Highfield Dr. Oh, there might be a few pertinent details missing, like...

Time: February 1943 to September 1945. Place: The flat, fertile farmlands of south central Nebraska, U.S.A. The main camp was at Atlanta, Neb.

Personnel: 10,000 captured German soldiers.

Deaths: two, both of natural causes. Authenticated cases of torture or mistreatment: none.

CONTRAST THAT data (compiled by Glenn Thompson of Holdrege, Neb., for the Omaha World Herald) with all the horrible tales of torture and mistreatment brought back to our community recently from Vietnam.

Then write and tell me how much you enjoyed the latest Jane Fonda movie.

Because Of Pollution

Trash Dumps At Rosman And Lake Toxaway Being Closed

The Department of Water and Air Resources asked the County Commissioners to close the trash dump at Rosman as of July 1st, because of the repeated burning and consequent air pollution that occurred.

In line with this request, the Commissioners have contracted with Harold Houck to provide "green boxes" (common name for dumpster trash containers) in the upper

end of the county. These dumpsters will replace the Rosman dump and the dump at Lake Toxaway.

The Commissioners will be observing this experimental service to see if it should be operated county-wide. They are also considering providing mini-dumpsters (these are 40 yard roll-off containers) or perhaps a combination of the two systems.

The Commissioners will be anxious to know the reaction

to the service of the public and also will be watching to see if the areas are kept clean or become unsightly.

Mrs. Hutchinson Buried Sunday

Mrs. Carrine Hutchinson, 85, of Brevard, died Wednesday after a period of declining health.

A native of Transylvania County, she spent most of her lifetime in Brevard and was employed as a cook in various Brevard restaurants and hotels. Surviving are a daughter, Miss Vernetto Hutchinson of the home; a granddaughter, Mrs. Jesse Smith of Asheville; and a number of nieces and nephews.

Services were held Sunday at Bethel "A" Baptist Church, The Revs. F. H. Goldsmith, Fredrick Gordon, and C. E. Rinstin officiated. Burial was in Cooper's Cemetery. Deacons of Bethel and Bethel "A" were pallbearers.

Glazener Cemetery Reunion Sunday

The Glazener Cemetery Reunion will be held Sunday, July 8th, at noon.

There will be a short business session and talk at 12:00 and lunch at 1:00 p.m. Everyone is invited to come.

Brevard Music Center Opens Season Friday

Gounod. The second half of the Saturday evening program will feature a semi-staged performance of Gilbert and Sullivan's delightful "Trial By Jury" with all roles filled by the staff of the Center and students from the Opera Workshop under the general direction of John Richards McCrae.

Sunday at 3:30, the Brevard Music Center Orchestra, under the direction of Mr. Janiec, will again appear in concert, this time with violinist Daniel Heifetz appearing as guest artist. The Sunday program will be dedicated to the memory of Paul C. Thomas, a longtime friend, supporter and trustee of the Center.

Top name guest artists have always been a mainstay

of the Center, and this season is no exception. Pianists Van Cliburn and Peeter Nero lead a list that includes Robert Shaw, Yarbrough and Cowman, Benjamin Middaugh, and Jeannine Altmeyer.

Opera performances to be presented during the summer season include "Hansel and Gretel," "Tales of Hoffman," "Carmen," and "Merry Widow." The Opera Workshop at the Center will be under the general direction of John Richards McCrae.

One of the musical highlights of the season will be the production of Richard Rodgers' "Oklahoma!" on August 3rd.

For concert or ticket information contact the Brevard Music Center in Brevard, North Carolina.

A native of Middletown, Conn., he attended Hartford Public High School and New York University.

He and Mrs. Bauer, the former Marcia Wexler of New Britain, Conn., have one daughter, Dr. Carolyn Bauer Robinson, a psychiatrist, who is head of the Department of Education at George Washington Medical School at Bethesda, Md.; and two grandchildren.

The Bauers live at 85 E. Euclid Parkway in Asheville.

DID YOU KNOW?

Of all the teenagers in the world, the Americans (23 million of them) are the most powerful. Reason: they have a fantastic purchasing power of \$15 billion per year on their own and a direct influence in spending an additional \$35 billion of family funds.

- 1—Teenage boys—only 12 per cent of the male population, buy more than 40 per cent of all male sportswear.
- 2—Teenage girls—11 per cent of the female population, buy 20 per cent of all women's apparel.
- 3—Teenage girls account for 30 per cent of all cosmetic purchases, 25 per cent of all greeting cards, 50 per cent of all record albums.
- 4—About 13 million teenagers play at least one musical instrument, 16 million own at least one camera, 19 million read one to five books (not textbooks) a month.
- 5—Teenagers own 1 million TV sets, 100 million record players, 20 million radios, and one of every ten automobiles.

Who spends the rest — the adults — of course.

Mr. Merchant: If you want to reach the Teenagers in Transylvania, advertise each evening during WPNF's Record Party. That's from 7:05 until 10:00 o'clock each night over
