United Fund Campaign Will Open With Breakfast For Workers, 2nd

Goal This Year Is \$62,159.79, Small Increase

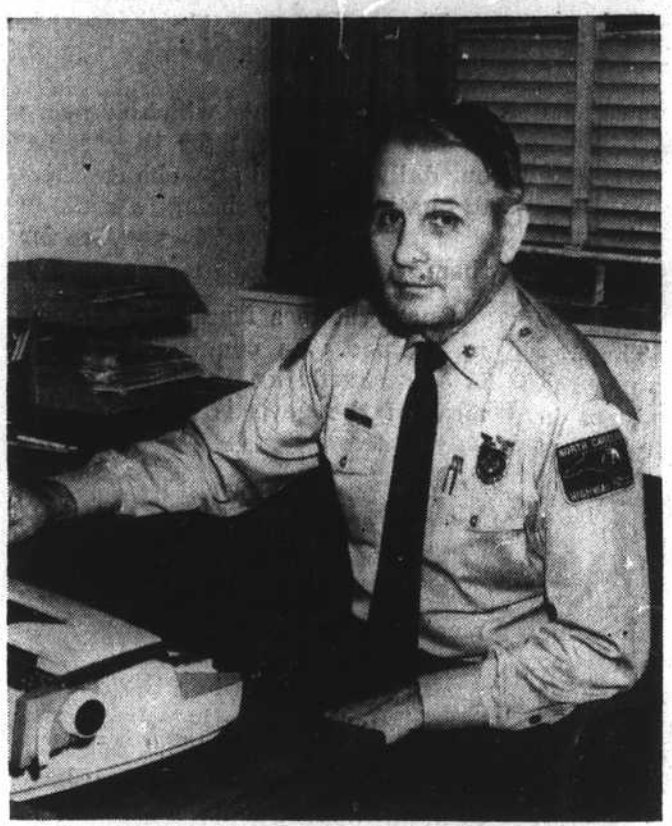

The "Kick-off" breakfast for the Transylvania County United Fund will be held Tuesday, October 2nd at 7:30 a. m. at Berry's.

A good program is planned for the occasion, and Fund Chairman Ray Miller indicates that a careful time limit is being set so that persons attending may get on to their work for the day. Public spirited citizens who attend will be the guests of the First - Citizens and the First Union National Banks of Brevard.

The United Fund goal for 1974 is \$62,159.79, which represents a five percent increase over last year's budget of \$59,076.89.

In view of the inflationary costs of the day, a five percent increase hardly covers the increased costs for maintaining the same level of services offered this year. With ever increasing needs, service agencies are called upon to offer expanded services.

Recreational Potential For County Revealed In Survey

A report on the potential for outdoor recreation in Transylvania County has recently been compiled by the Soil Conservation Service.

According to Roger W. Montague, District Conservationist with SCS, the report covers 11 different kinds of outdoor recreational developments.

The appraisal was made by members of various federal, state and local agencies and groups who are familiar with Transylvania County.

The new report shows a generally high potential for development of recreational enterprises in the county. Enterprises appraised as having a high potential for future development include vacation cabins, cottages and homesites; camping grounds; picnic and field sports areas; fishing waters, both warm water and cold water; hunting areas; scenic areas; riding stables.

Other areas of recreation where development potential can be seen are golf courses, shooting preserves, natural and historic areas and water sports.

Winter sports were not considered in the appraisal because of the very restricted areas with a high enough elevation to have a suitable climate.

The bound report includes individual maps showing the major tourist routes in the county, natural and historical —Turn to Page Three

Registration Underway For Election In City

Registration is underway for the City Election, which will be held here on November 6th.

The books will be open daily, except Saturday and Sunday, from 9:00 a.m. until 5:00 p.m., through October 8th.

Mrs. Marian Schlunz is the Registrar for Precinct No. 1 at the Municipal Building, and Mrs. Jerry Paxton is the Registrar for Precinct No. 2 at the American Legion Building.

Citizens, who are not registered to vote in the City Election on November 6th, are urged to register at the Municipal Building in the Council Room during this period of registration.

Brevard voters will elect a Mayor and two members of the Board of Aldermen in the Election.

Candidates may file for office with Mrs. Opal C. Hahn, the Executive Secretary to the Board of Elections of Brevard, in her office at the Municipal Building until 12:00 noon Friday, October 12th, excluding Saturdays and Sundays.

A filing fee of \$20 has been established by the Board of Aldermen for each candidate.

Mildred E. Kilpatrick is Chairman of the City Board of Elections.

Aldermen W. W. Duckworth and Dwight Moffitt come up for re-election in the November 6th Election.

As of press time Wednesday, no one had filed either in the Mayor's race or for the Board of Aldermen. —Turn to Page Three

Election Board Office To Open All Next Week

In order that persons who are not registered for the November 6th Election, may do so, the Board of Elections office in the Court House will remain open all week, Monday through Saturday.

According to Glenn Burrell, Chairman of the Board, the books for registration will close on October 8th.

Persons, who are in doubt about their registration, should check with the office next week, October 1st - 6th.

Tickets On Sale At Door For Big Fish Supper

A big fish supper with all the trimmings will be held in the Masonic temple on East Main street on Friday, Sept. 28th from 4:30 to 8:00 o'clock.

The price per plate will be \$1.50 for adults, and children under the age of 12 can eat for 75 cents.

Hotline Begins Operations On October 4th

Transylvania's Hotline will begin operations here October fourth.

Hot line is an emergency telephone service for anyone who needs help.

"We are not geared solely to any one group, or any one kind of problem," one Hotline staff member emphasized. "We are here for anybody of any age in any kind of difficulty. Too often people in trouble don't know where to turn for practical help or information, or even for comfort and encouragement."

Hotline also stresses that it is a completely independent organization: "We have no affiliations with social agencies, churches, Federal or state programs."

People calling Hotline need not reveal their names, and all calls will be handled confidentially.

Trained volunteers will man the telephones weekends around the clock from 6:00 p. m. every Thursday until midnight every Sunday, beginning October 4th. (Later, Hotline hopes to expand and remain available seven days a week.)

The number to call if you have a problem is 883-3737.

Commissioners Discuss Many Matters At Meeting

The Board of County Commissioners discussed many facets of the Ambulance Service at their meeting Tuesday evening. The most important issue concerned stationing ambulances at locations other than the service building. This would particularly mean football games and other athletic events.

After some discussion, the Commissioners voted not to station the ambulances at any recreational activity. There were several reasons for this conclusion. The most important one concerns the lack of personnel. Right now, there are two attendants on duty and if the ambulance is called out, two more men are called in for standby service. If an ambulance were stationed away from its home base this would require paying two additional men and it is felt that the number of injuries is so small that the expense would not be justified.

Another item of obvious interest to the audience was a discussion of a proposed landfill site. The Commissioners announced that they had abandoned —Turn to Page Three

The breakdown is as follows: Brevard - \$63,210.70 Rosman - \$4,746.79. Last year local grants were: Brevard \$60,906.42, and Rosman \$4,603.17.

The amount to be distributed in the state this year will be \$29.2 millions, Secretary of Transportation Bruce Lantz announces, which is some two millions more than the \$27 millions which were distributed last year.

State law provides that one cent of the state's nine cents per gallon gasoline tax be distributed to state municipalities on a basis of population and street mileage within their boundaries which is not a part of the state system, and which they must build and maintain.

Charlotte, the state's largest city, will receive the largest single check, one for \$2,887,428 and the amounts scale downward to Falkland, which will get \$1,290.

Progressive Report On County Road Work Made

Jack Mitchell, Secondary Roads Councilman for this district, has reported on several items of work underway or shortly to be started in Transylvania County.

Mr. Mitchell is working closely with the newly appointed Secondary Roads Council for Transylvania County, whose members are Quentin Cantrell, Chairman, Jackie Hall and Ralph Waldrop, members. These men are currently reviewing Transylvania County's secondary roads and establishing paving priorities.

Underway at the moment is the paving of the Williamson Creek Road and as soon as this is finished, the crew will move to the Walnut Hollow Road

and complete the paving authorized on that road.

The bridge on Wilson Road at Pisgah Forest is to be replanked and resurfaced. Work on this will begin very soon.

The residents of Pisgah Forest will be very happy to learn that after years of suffering, the drainage ditch will be installed. Work will begin sometime in October and completion is expected two or three weeks after initiation of the work. The County Commission has pushed very hard to see that this project was funded.
